

Phlx Rule 862, which would preclude broker-dealers from voting on equity compensation plans without explicit instructions from the beneficial owner, is consistent with the standard under current NYSE and NASD rules.

The Commission believes that the Exchange's proposal, which is similar to the NYSE and Nasdaq's shareholder approval rules,²⁰ sets a consistent, minimum standard for shareholder approval of equity compensation plans. The Commission believes that the Exchange's proposal should help to ensure that companies will not make listing decisions simply to avoid shareholder approval requirements for equity compensation plans and should provide shareholders with greater protection from the potential dilutive effect of equity compensation plans. Based on the above, the Commission finds that the Exchange's proposal should help to protect investors, is in the public interest, and does not unfairly discriminate among issuers, consistent with Section 6(b)(5) of the Act.²¹ The Commission therefore finds the Exchange's proposal to be consistent with the Act and the rules and regulations thereunder.

V. Accelerated Approval of the Exchange's Proposal

The Commission finds good cause for approving the Exchange's proposal prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**. The Commission notes that the Exchange's proposal is similar to the NYSE and Nasdaq's proposals requiring shareholder approval of equity compensation plans. Both the NYSE and Nasdaq's proposals were published for comment in the **Federal Register** and recently approved by the Commission.²² The Commission believes that it already considered and addressed the issues that may be raised by the Exchange's proposal in its approval of the NYSE and Nasdaq's proposals.²³

The Commission believes that accelerated approval of the Exchange's proposal is essential to allow for immediate harmonization of, and consistency in, the shareholder approval requirements for equity compensation plans among the markets. This will prevent issuers from making listing decisions based on differences in self-regulatory organization shareholder approval requirements and should provide equal investor protection to shareholders on the dilutive effects of plans irrespective of where the security trades. The Commission further believes that making the Exchange's new shareholder approval rules effective upon Commission approval will immediately impose the same requirements on the Exchange's issuers as those imposed upon NYSE, Nasdaq, and Amex issuers. Based on the above, the Commission finds good cause, consistent with Sections 6(b)(5) and 19(b)(2) of the Act,²⁴ to approve the Exchange's proposal on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²⁵ that the proposed rule change (SR-Phlx-2003-67) is hereby approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.²⁶

Jill M. Peterson,

Assistant Secretary.
