

“significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 97

Air Traffic Control, Airports, Incorporation by reference, and Navigation (Air).

Issued in Washington, DC, on November 7, 2003.

James J. Ballough,  
Director, Flight Standards Service.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me, part 97 of the Federal Aviation Regulations (14 CFR part 97) is amended by establishing, amending, suspending, or revoking Standard Instrument Approach Procedures, effective at 0901 UTC on the dates specified, as follows:

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

1. The authority citation for part 97 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40106, 40113, 40114, 40120, 44502, 44514, 44701, 44719, 44721–44722.

2. Part 97 is amended to read as follows:

§§ 97.23, 97.25, 97.27, 97.29, 97.31, 97.33, and 97.35 [Amended]

By amending: § 97.23 VOR, VOR/DME, VOR or TACAN, and VOR/DME or TACAN; § 97.25 LOC, LOC/DME, LDA, LDA/DME, SDF, SDF/DME; § 97.27 NDB, NDB/DME; § 97.29 ILS/DME, ISMLS, MLS/DME, MLS/RNAV; § 97.31 RADAR SIAPs; § 97.33 RNAV SIAPs; and § 97.35 COPTER SIAPs, Identified as follows:

\* \* \* Effective Upon Publication

FDC Date	State	City	Airport	FDC No.	Subject
10/16/03 .....	DC	Washington .....	Ronald Reagan Washington National	3/0019	VOR/DME or GPS RWY 15 Amdt 1B. This replaces FDC 3/ 9310 dated 9/24/03 in TL03– 23.

RIN 0648–AR71

NOAA Information Collection Requirements; Update and Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule; technical amendment; republication.

SUMMARY: On October 28, 2003, NMFS published a final rule, technical amendment, to update and correct Office of Management and Budget (OMB) control numbers and related regulatory citations for NMFS information collection requirements. The published document contained only a portion of the table contained in the regulatory text, which was updated and corrected in this final rule. On November 4, 2003, the Office of the Federal Register issued a correction to the regulation by publishing the remaining portions of the table. However, to ensure that the public is aware of the modifications made to the

Code of Federal Regulations through this final rule, NMFS is republishing the final rule, technical amendment in its entirety. NMFS is also including editorial corrections to the final rule, technical amendment in this republication. Therefore, this final rule, technical amendment updates and corrects the NOAA inventory of control numbers so that the inventory reflects the valid OMB control number with its associated regulatory citation for each NMFS information collection requirement. Under the Paperwork Reduction Act (PRA), agencies are required to display a current control number assigned by the Director of OMB for each agency information requirement. The intent of this action is to update and correct the NOAA inventory of control numbers so that the inventory reflects the valid OMB control number with its associated regulatory citation for each NMFS information collection requirement.

DATES: This regulation is effective on October 28, 2003.

FOR FURTHER INFORMATION CONTACT: Catherine Belli, Fishery Management Specialist, (301) 713–2341.

SUPPLEMENTARY INFORMATION: On October 28, 2003 (68 FR 61339), NMFS published a final rule; technical amendment in the Federal Register updating and correcting portions of 15 CFR Part 902. However, only a portion of the table contained in the regulation was published in the October 28th Federal Register document. On November 4, 2003 (68 FR 62501), the

Office of the Federal Register published the remaining portions of the table in a correction notification. However, because this final rule, technical amendment was published in two documents, NMFS is reprinting the text of the final rule in its entirety to avoid any confusion and to ensure the public is aware of the regulatory changes to 15 CFR Part 902.

Pursuant to the Paperwork Reduction Act, Part 902 of title 15 CFR displays control numbers assigned to NMFS information collection requirements by OMB. This part fulfills the requirements of section 3506(c)(1)(B)(i) of the PRA, which requires that agencies display a current control number, assigned by the Director of OMB, for each agency information collection requirement. Portions of 15 CFR 902.1(b) reflect expired or incorrect OMB control numbers. In some cases, the regulations cited have previously been removed from the CFR and, therefore, there are no approved OMB control numbers for those regulations. In addition, the OMB control numbers for some requirements have changed but the obsolete numbers are still reflected in the inventory. Also, when new collection-of-information requirements were previously approved, the final rule implementing the collection-of-information requirement did not update 15 CFR Part 902.

Therefore, through this final rule, technical amendment, the inventory of OMB approved control numbers is corrected and updated to reflect the currently valid control numbers. All of

the collection-of-information requirements displayed in § 902.1(b) have previously been submitted to OMB for approval during implementation of regulations appearing in the individual parts of title 50. Therefore, this final rule, technical amendment does not involve any new reporting or recordkeeping requirements.

Under NOAA Administrative Order 205-11, 7.01, dated December 17, 1990, the Under Secretary for Oceans and Atmosphere has delegated authority to sign material for publication in the **Federal Register** to the Assistant Administrator for Fisheries, NOAA (AA).

### Classification

Pursuant to 5 U.S.C. 553 (b)(B), the AA waives prior notice and opportunity for public comment because this action is a rule of agency organization, procedure or practice. Because this rule makes only minor, non-substantive changes and does not change operating practices in any fishery, it is unnecessary to provide for prior notice and opportunity for public comment. Because this final rule, technical amendment does not constitute a substantive rule, pursuant to 5 U.S.C. 553(d), this final rule is not subject to the 30-day delay in effectiveness. This final rule, technical amendment makes no substantive changes to existing regulations, but rather updates OMB control numbers associated with NMFS information collections, all of which OMB has previously approved during implementation of regulations appearing in the individual parts of title 50 of the Code of Federal Regulations.

Because prior notice and opportunity for public comment are not required pursuant to 5 U.S.C. 553 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are inapplicable. Therefore, a regulatory flexibility analysis is not required and has not been prepared.

This rule is exempt from review under Executive Order 12866.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA, unless that collection of information displays a currently valid OMB control number.

### List of Subjects in 15 CFR Part 902

Reporting and recordkeeping requirements.

Dated: November 10, 2003.

**Rebecca Lent,**

*Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.*

■ For the reasons stated in the preamble, 15 CFR chapter IX is amended as follows:

### 15 CFR Chapter IX

### PART 902—NOAA INFORMATION COLLECTION REQUIREMENTS UNDER THE PAPERWORK REDUCTION ACT: OMB CONTROL NUMBERS

■ 1. The authority citation for part 902 continues to read as follows:

**Authority:** 44 U.S.C. 3501 *et seq.*

■ 2. In § 902.1, the table in paragraph (b) under 50 CFR is amended by:

■ a. removing the following CFR parts or sections in the left hand column and their related current OMB control number(s) in the corresponding positions in the right hand column, for: 50 CFR 216.24(d), 216.24(e), 216.114, 216.155, 222.201(c) and (d), 222.202, 222.204 (f) and (g), 229.7, 663.6, 679.4, 679.4(b)(5)(vi), 679.4(k)(6)(iii), 679.4(k)(6)(iv), 679.4(k)(7)(iii), 679.5, 679.5(n)(2)(iii), 679.24, 679.28, 679.28(f)(3)(i), 679.28(f)(3)(ii), 679.28(f)(3)(iii), 679.28(f)(4), (f)(5), and (f)(6), and 679.32;

■ b. Adding the CFR part or sections in numerical order in the left hand column and its related OMB control number(s) in the corresponding right hand column in numerical order: 50 CFR 216.26, 223.203(b), 229.4, 260.15, 260.36, 260.37, 260.96, 260.97, 300.107, 600.745, 679.4(b), (f), (h), and (i), 679.4(d) and (e), 679.4(k), 679.4(l), 679.5(a), 679.5(b), (c), (d), (g), (h), (i), (j), (k), and (m), 679.5(e), (f), and (o), 679.5(l)(1), (l)(2), (l)(3), (l)(4), and (l)(5), 679.5(l)(7), 679.5(n), 679.5(p), 679.24(a), 679.24(e), 679.28(b) and (d), 679.32(c), 679.32(d), 679.32(f), 679.45, 679.61(c) and (f), 679.61(d) and (e), 679.62(b)(3) and (c) and 679.63(a)(2); and,

■ c. Revising the control number entries in the right hand column for the following parts or section identified in the left hand column: 50 CFR 229.5, 300.34, 300.35, 300.108(a), 300.108(c), 300.125, 622.4, 622.18, 635.5(c), 640.6, 648.8, 648.9, 648.10, 648.58, 648.80, 648.84, 654.6, 660.16, 660.24, 660.25, 660.305, 660.322, 679.4(g), 679.40, 679.43, and 679.50 to read as follows:

**§ 902.1 OMB control numbers assigned pursuant to the Paperwork Reduction Act.**

BILLING CODE 3510-22-S

**DEPARTMENT OF HOMELAND SECURITY****Coast Guard****33 CFR Part 165****[CGD09-03-214]****RIN 1625-AA11****Regulated Navigation Area; Des Plaines River, Joliet, IL****AGENCY:** Coast Guard, DHS.**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is revising the effective period for a regulated navigation area (RNA) on the Des Plaines River in Joliet, Illinois. This action is necessary to ensure vessel and public safety due to several serious allisions with this bridge structure. This rule is intended to restrict vessel traffic in a portion of the Des Plaines River near Joliet, Illinois.

**DATES:** Effective November 15, 2003. Section 165.T09-214 expires March 1, 2004.

**ADDRESSES:** Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket are part of docket [CGD09-02-214] and are available for inspection or copying at Coast Guard Marine Safety Office (MSO) Chicago, 215 W. 83rd St., Suite D, Burr Ridge, Illinois 60521 between 8 a.m. and 3:30 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** MST2 Kenneth Brockhouse, U.S. Coast Guard Marine Safety Office Chicago, at (630) 986-2175.

**SUPPLEMENTARY INFORMATION:****Regulatory Information**

On May 21, 2003, we published a temporary final rule (TFR) entitled "Regulated Navigation Area; Des Plaines River, Joliet, Illinois" in the **Federal Register** (68 FR 27727). We received 25 letters commenting on that TFR which we have summarized in the *Discussion of Comments* section. We plan on addressing those comments in the notice of proposed rulemaking (NPRM). The only adjustment being made to the temporary § 165.T09-214 created by the May 21, 2003 TFR is the effective period. No public meeting was requested and none was held.

We are extending the effective period of the temporary final rule so that we can complete rulemaking CGD09-03-285 Regulated Navigation Area, Joliet, Illinois, to permanently establish restrictions on southbound tows

transiting the Des Plaines River through Joliet, Illinois. Past allisions with the Jefferson Street Bridge highlight safety concerns when certain tows transiting this area. Extending the effective period until March 1, 2004 should provide sufficient time to complete the rulemaking. Since the temporary rule was to expire November 15, 2003, we are reinstating and revising it effective November 15, 2003.

We did not publish a notice of proposed rulemaking (NPRM) for this rule and it is being made effective less than 30 days after publication in the **Federal Register**. When we promulgated the May 21, 2003 TFR, we were still ascertaining what steps were required in response to an allision just prior to that date. We received numerous comments in response to our temporary final rule as to what future actions were desirable.

Since public response to this temporary final rule was anticipated, we are currently finalizing an NPRM to be published shortly. That rulemaking will follow normal notice and comment procedures, and a final rule should be published before March 1, 2004.

Continuing the temporary final rule in effect while permanent rulemaking is in progress will help ensure the safety of this bridge structure. On May 2, 2003, a tow allided with the pier of the Jefferson Street Bridge which resulted in substantial damage to the bridge structure. As a result, it is estimated that the bridge will be inoperable for 4 to 6 months while repairs are made. The Captain of the Port Chicago believes that immediate action is necessary to help prevent any future allisions with the pier. Further, additional allisions might result in total structural failure, closure of the river for a period of time as a result of an allision, and the possible loss of life as a result of another allision. Prior to this accident, another tow had allided with the bridge, which resulted in a closure of over 6 months. These allisions are not only dangerous to the safety of navigation, but also to persons who are on the bridge as tows transit underneath. Therefore, under 5 U.S.C. 553(b)(B) and (d)(3) good cause exists for why an NPRM is not required and why this rule will be made effective fewer than 30 days after publication in the **Federal Register**.

**Background and Purpose**

On May 2, 2003, a southbound tow allided with the pier of the Jefferson Street bridge. This allision resulted in significant structural damage to the bridge pier. Southbound tows with a 3 by 5 configuration, transiting under the Cass Street Bridge and then the Jefferson Street Bridge, only have 100 feet of
