(b) For cases undertaken pursuant to § 1604.4(c) (2) through (4), a recipient's written policies may permit a full-time attorney to use limited amounts of the recipient's resources for permissible outside practice if necessary to carry out the attorney's professional responsibilities, as long as the recipient's resources, whether funded with Corporation or private funds are not used for any activities for which the use of such funds is prohibited.

§ 1604.7 Court appointments.

(a) A recipient's written policies may permit a full-time attorney to accept a court appointment if the director of the recipient or the director's designee determines that:

(1) Such an appointment is consistent with the recipient's primary responsibility to provide legal assistance to eligible clients in civil matters;

(2) The appointment is made and the attorney will receive compensation for the court appointment under the same terms and conditions as are applied generally to attorneys practicing in the court where the appointment is made; and

(3) Subject to the applicable law and rules of professional responsibility, the attorney agrees to remit to the recipient any compensation received.

(b) A recipient's written policies may permit a full-time attorney to use program resources to undertake representation pursuant to a court appointment.

(c) A recipient's written policies may permit a full-time attorney to identify the recipient as his or her employer when engaged in representation pursuant to a court appointment.

(d) If, under the applicable State or local court rules or practices or rules of professional responsibility, legal services attorneys are mandated to provide pro bono legal assistance in addition to the attorneys' work on behalf of the recipient's clients, the recipient's written policies shall treat such legal assistance in the same manner as court appointments under paragraphs (a)(1), (a)(3), (b) and (c) of this section, provided that the policies may only permit mandatory pro bono activities that are not otherwise

prohibited by the LSC Act, applicable appropriations laws, or LSC regulation.

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 021212307-3037-02; I.D. 111803B]

Fisheries of the Exclusive Economic Zone off Alaska; Recision and Reallocation of Pacific Cod in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Reallocation.

SUMMARY: NMFS is rescinding a previous action reallocating Pacific cod and is reallocating the projected unused amount of Pacific cod from vessels using trawl and jig gear to catcher/processor vessels using hook-and-line gear and vessels using pot gear in the Bering Sea and Aleutian Islands management area (BSAI). These actions are necessary to allow the 2003 total allowable catch (TAC) of Pacific cod to be harvested in accordance with regulations at 50 CFR part 679.

DATES: Effective November 26, 2003, until 2400 hours, A.l.t., December 31, 2003.

FOR FURTHER INFORMATION CONTACT: Andrew N. Smoker, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the

BSAI exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

On October 3, 2003, NMFS reallocated the projected unused amount of Pacific cod from vessels using trawl, jig, and pot gear to vessels using hook-and-line gear in the BSAI (68 FR 59748, October 3, 2003), reducing the amount available to pot gear by 500 metric tons. As of November 6, 2003, NMFS has determined that vessels using pot gear will be able to harvest the total amount originally apportioned to them by the final 2003 harvest specifications for groundfish in the BSAI (68 FR 9907, March 3, 2003), and the amount available to pot gear pursuant to § 679.20(a)(7)(i)(C)(2). NMFS also reallocated 200 mt to catcher vessels using hook-and-line gear in the BSAI. Effort by catcher vessels using hook-and-line gear has not materialized, nor is it expected to by the end of the fishing year. Therefore, NMFS is rescinding the previous action and reallocating the projected unused amount of Pacific cod as follows.

The 2003 BSAI Pacific cod TAC was established by the final 2003 harvest specifications for groundfish in the BSAI (68 FR 9907, March 3, 2003) as 191,938 metric tons. Pursuant to § 679.20(a)(7)(i)(A), 3,893 mt was allocated to vessels using jig gear, 97,388 mt to vessels using hook-and-line or pot gear directed fishing allowance, and 90,211 mt to vessels using trawl gear. The share of the Pacific cod TAC allocated to trawl gear was further allocated 50 percent to catcher vessels and 50 percent to catcher/processor vessels (§ 679.20(a)(7)(i)(B)). The share of the Pacific cod TAC allocated to hook-and-line or pot gear was further allocated 80 percent to catcher/processor vessels using hook-and-line gear; 0.3 percent to catcher vessels using hook-and-line gear; 18.3 percent to vessels using pot gear; and 1.4 percent to catcher vessels less than 60 ft LOA that use either hook-and-line or pot gear (§ 679.20(a)(7)(i)).

As of November 6, 2003, the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that trawl catcher/processors will not be able to harvest 11,500 mt and trawl catcher vessels will not be able to harvest 6,000 mt of Pacific

cod allocated to those vessels under 679.20(a)(7)(i)(B). Therefore, in accordance with § 679.20(a)(7)(ii), NMFS apportions 17,500 mt of Pacific cod from trawl gear to catcher/processor vessels using hook-and-line gear and vessels using pot gear.

The Regional Administrator has determined that vessels using jig gear will not harvest 3,600 mt of their Pacific cod allocation by the end of the year. Therefore, in accordance with § 679.20(a)(7)(ii), NMFS is reallocating the unused amount of 3,600 mt of Pacific cod allocated to vessels using jig gear to catcher/processor vessels using hook-and-line gear and vessels using pot gear.

In accordance with § 679.20(a)(7)(i)(C)(2), the combined reallocation of unused Pacific cod from jig gear and trawl gear, 21,100 mt is apportioned so that catcher/processor vessels using hook-and-line gear will receive 95 percent and vessels using pot gear will receive 5 percent of the reallocation.

The harvest specifications for Pacific cod included in the harvest specifications for groundfish in the BSAI (68 FR 9907, March 3, 2003) are revised as follows: 293 mt to vessels using jig gear, 97,956 mt to catcher processor vessels using hook-and-line gear, 18,877 mt to vessels using pot gear, 33,605 mt to trawl catcher/processors, and 39,105 mt to trawl catcher vessels.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is contrary to the public interest. This requirement is contrary to the public interest as it would delay the implementation of these measures in a timely fashion in order to allow full utilization of the Pacific cod TAC, and therefore reduce the public's ability to use and enjoy the fishery resource.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is taken under 50 CFR 679.20 and is exempt from OMB review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*
