

of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before February 2, 2004.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Federal Energy Regulatory Commission

[Docket No. CP04-17-000]

CenterPoint Energy Gas Transmission Company; Notice of Request Under Blanket Authorization

November 24, 2003.

Take notice that on November 14, 2003, CenterPoint Energy Gas Transmission Company (CEGT), 1111 Louisiana Street, Houston, Texas 77002-5231, filed in Docket No. CP04-17-000, a request pursuant to §§ 157.205 and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.216) for authorization to abandon certain facilities and to continue to operate certain other facilities in Webster Parish in the State of Louisiana, under CEGT's blanket certificate issued in Docket Nos. CP82-384-000 and CP82-384-001 pursuant to section 7(C) of the Natural Gas Act, all as more fully described in the request.

The request is on file with the Commission and is available for public inspection at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or for TTY, contact (202) 502-8659.

CEGT proposes to abandon, by sale and transfer, certain above-ground facilities that are currently a part of

various CEGT delivery point facilities in the State of Louisiana as described more fully in the request. CEGT further proposes to sell and transfer these facilities to CenterPoint Energy Arkla (Arkla), a distribution division of CenterPoint Energy, Incorporated, at the estimated net book value of \$123,345.98. CEGT states that no services would be abandoned as a result of the proposed sale and transfer. The request states that Arkla would own and operate these facilities as part of its distribution system.

CEGT avers that a review of its certificates, initiated in conjunction with the proposed abandonment, has raised the possibility that certain of CEGT's facilities may require certificate authorization. CEGT, therefore, also seeks Commission authorization for the continued operation of certain existing facilities known as Line FM-47 and the Sibley-Dubberly town border meter station in Webster Parish, Louisiana.

Any person or the Commission's Staff may, within 45 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and, pursuant to § 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. *See*, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

Any questions regarding this application should be directed to Lawrence O. Thomas, Director-Rates & Regulatory, CenterPoint Energy Gas Transmission Company, P.O. Box 21734, Shreveport, Louisiana 71151, or call (318) 429-2804.

Comment Date: January 8, 2004.

Secretary.
