

Management Programs, PPQ, APHIS, 4700 River Road Unit 134, Riverdale, MD 20737-1231; (301) 734-8899. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 734-7477.

#### SUPPLEMENTARY INFORMATION:

*Title:* Citrus Canker; Commercial Citrus Tree Replacement Program.

*OMB Number:* 0579-0163.

*Type of Request:* Extension of approval of an information collection.

*Abstract:* The Plant Protection Act (7 U.S.C. 7701-7772) authorizes the Secretary of Agriculture, either independently or in cooperation with States, to carry out operations or measures to detect, eradicate, suppress, control, prevent, or retard the spread of plant pests, such as citrus canker, that are new to or not widely distributed within the United States.

Citrus canker is a plant disease that affects plant and plant parts, including fresh fruit of citrus and citrus relatives (*Family Rutaceae*). Citrus canker can cause defoliation and other serious damage to the leaves and twigs of susceptible plants. It can also cause lesions on the fruit of infected plants that render the fruit unmarketable and cause infected fruit to drop from the trees before reaching maturity. The aggressive A (*Asiatic*) strain of citrus canker can infect susceptible plants rapidly and lead to extensive economic losses in commercial citrus-producing areas.

Regulations to prevent the interstate spread of citrus canker are contained in 7 CFR 301.75 through 301.75-16. Under § 301.75-15, owners of commercial citrus groves in Florida who have had citrus trees destroyed because of citrus canker may be eligible to receive funds to replace the trees. Owners must complete a form to apply for the funds.

We are asking OMB to approve our use of this information collection activity for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

*Estimate of burden:* The public reporting burden for this collection of information is estimated to average 0.35 hours per response.

*Respondents:* Eligible commercial citrus growers in Florida.

*Estimated annual number of respondents:* 20.

*Estimated annual number of responses per respondent:* 1.

*Estimated annual number of responses:* 20.

*Estimated total annual burden on respondents:* 7 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 1st day of December, 2003.

### Animal and Plant Health Inspection Service

[Docket No. 03-097-1]

#### Notice of Request for Extension of Approval of an Information Collection

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Extension of approval of an information collection; comment request.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection in support of regulations for the importation of artificially dwarfed plants.

**DATES:** We will consider all comments that we receive on or before February 3, 2004.

**ADDRESSES:** You may submit comments by postal mail/commercial delivery or

by e-mail. If you use postal mail/commercial delivery, please send four copies of your comment (an original and three copies) to: Docket No. 03-097-1, Regulatory Analysis and Development, PPD, APHIS, Station 3C71, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. 03-097-1. If you use e-mail, address your comment to [regulations@aphis.usda.gov](mailto:regulations@aphis.usda.gov). Your comment must be contained in the body of your message; do not send attached files. Please include your name and address in your message and "Docket No. 03-097-1" on the subject line.

You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

APHIS documents published in the **Federal Register**, and related information, including the names of organizations and individuals who have commented on APHIS dockets, are available on the Internet at <http://www.aphis.usda.gov/ppd/rad/webrepor.html>.

**FOR FURTHER INFORMATION CONTACT:** For information regarding regulations for the importation of artificially dwarfed plants, contact Mr. Alan S. Green, Assistant Director, Quarantine Policy, Analysis and Support, PPQ, APHIS, 4700 River Road Unit 60, Riverdale, MD 20737-1236; (301) 734-8311. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 734-7477.

#### SUPPLEMENTARY INFORMATION:

*Title:* Importation of Artificially Dwarfed Plants.

*OMB Number:* 0579-0176.

*Type of Request:* Extension of approval of an information collection.

*Abstract:* The Plant Protection Act (7 U.S.C. 7701-7772) authorizes the Secretary of Agriculture to prohibit or restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States.

The regulations contained in "Subpart—Nursery Stock, Plants, Roots, Bulbs, Seeds, and Other Plant Products" (7 CFR 319.37 through 319.37-14) prohibit or restrict the importation of

living plants, plant parts, and seeds for propagation.

Among other things, the regulations require artificially dwarfed plants imported into the United States to be accompanied by a phytosanitary certificate issued by the government of the country of origin. This certificate must contain declarations that certain conditions were met in the country of origin to protect against the infestation of the plants by longhorned beetles and other plant pests.

We are asking OMB to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, *e.g.*, permitting electronic submission of responses.

*Estimate of burden:* The public reporting burden for this collection of information is estimated to average 0.25 hours per response.

*Respondents:* Plant health officials of exporting countries.

*Estimated annual number of respondents :* 20.

*Estimated annual number of responses per respondent:* 5.

*Estimated annual number of responses:* 100.

*Estimated total annual burden on respondents:* 25 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 1st day of December, 2003.

### Animal and Plant Health Inspection Service

[Docket No. 03-111-1]

#### Double-Crested Cormorant Management in the United States; Record of Decision

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Notice.

**SUMMARY:** This notice advises the public of the Animal and Plant Health Inspection Service's record of decision for the Double-Crested Cormorant Management in the United States final environmental impact statement.

**ADDRESSES:** Copies of the record of decision and the final environmental impact statement on which the record of decision is based are available for public inspection at USDA, room 1141, South Building, 14th Street and Independence Avenue SW., Washington, DC, between 8 a.m. and 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

The record of decision may be viewed on the Wildlife Services Web site at <http://www.aphis.usda.gov/ws/pubs.html>. The final environmental impact statement may also be viewed on the Internet at <http://migratorybirds.fws.gov/issues/cormorant/cormorant.html>.

Copies of the record of decision and the final environmental impact statement may be obtained from the person listed under **FOR FURTHER INFORMATION CONTACT**.

**FOR FURTHER INFORMATION CONTACT:** Mr. David S. Reinhold, Environmental Coordinator, Operational Support Staff, WS, APHIS, 4700 River Road Unit 87, Riverdale, MD 20737-1235; (301) 734-7921.

**SUPPLEMENTARY INFORMATION:** This notice advises the public that the Animal and Plant Health Inspection Service (APHIS) has prepared a record of decision based on the Double-Crested Cormorant Management in the United States final environmental impact statement (EIS) prepared by the U.S. Fish and Wildlife Service (USFWS).

APHIS was a cooperating agency in the preparation of the EIS. The USFWS published the notice of availability for the final EIS in the **Federal Register** on August 11, 2003 (68 FR 47603) and published its Record of Decision on October 8, 2003 (68 FR 58022). APHIS has independently reviewed the EIS and has concluded its comments and suggestions have been satisfied. APHIS has now prepared a record of decision on the adopted EIS and is making it available to the public. This record of decision has been prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500-1508), (3) USDA regulations implementing NEPA (7 CFR part 1), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).

Done in Washington, DC, this 2nd day of December 2003.

### Animal and Plant Health Inspection Service

[Docket No. 03-112-1]

#### Vaccination of Wild Bison; Availability of an Environmental Assessment and Finding of No Significant Impact

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Notice of availability and request for comments.

**SUMMARY:** We are advising the public that an environmental assessment and finding of no significant impact have been prepared by the Animal and Plant Health Inspection Service relative to subcutaneous vaccination of wild, free-ranging bison in the Greater Yellowstone Area with Strain RB51 vaccine to help prevent the spread of brucellosis. The environmental assessment documents our review and analysis of environmental impacts associated with the vaccination and provides a basis for our conclusion that vaccination of the bison will not have a significant impact on the quality of the human environment. We are making the environmental assessment and finding of no significant impact available to the public for review and comment.
