Panel review was requested of the final results of the Injury determination made by the United States International Trade Commission, respecting Hard Red Spring Wheat from Canada. This determination was published in the **Federal Register**, (68 FR 60707) on October 23, 2003. The NAFTA Secretariat has assigned Case Number USA–CDA–2003–1904–06 to this request.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement (“Agreement”) establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* (“Rules”). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686).

A first Request for Panel Review was filed with the United States Section of the NAFTA Secretariat, pursuant to Article 1904 of the Agreement, on November 24, 2003, requesting panel review of the final determination described above.

The Rules provide that:

(a) A Party or interested person may challenge the final determination in whole or in part by filing a Complaint in accordance with Rule 39 within 30 days after the filing of the first Request for Panel Review (the deadline for filing a Complaint is December 24, 2003);

(b) A Party, investigating authority or interested person that does not file a Complaint but that intends to appear in support of any reviewable portion of the final determination may participate in the panel review by filing a Notice of Appearance in accordance with Rule 40

within 45 days after the filing of the first Request for Panel Review (the deadline for filing a Notice of Appearance is January 8, 2004); and

(c) the panel review shall be limited to the allegations of error of fact or law, including the jurisdiction of the investigating authority, that are set out in the Complaints filed in the panel review and the procedural and substantive defenses raised in the panel review.

Dated: December 1, 2003.

Draft Strategic Plan for Fisheries Research (2004)

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability; request for comments.

SUMMARY: NMFS announces the availability of and seeks public comment on the draft NMFS Strategic Plan for Fisheries Research (2004). The Magnuson-Stevens Fishery Conservation and Management Act (MSFCMA) requires the Secretary of Commerce to develop, triennially, a strategic plan for fisheries research for the subsequent years. Any written comments on the draft plan will be considered by NMFS in the development of the final NMFS Strategic Plan for Fisheries Research (2004).

DATES: Comments on the draft NMFS Strategic Plan for Fisheries Research (2004) will be accepted on or before January 7, 2004.

ADDRESSES: Comments on and requests for copies of the draft NMFS Strategic Plan for Fisheries Research (2004) should be directed to Mark Chandler, Research, Analysis, and Coordination Division, Office of Science and Technology, NMFS, NOAA, 1315 East-West Highway, Silver Spring, MD 20910. PHONE: (301) 713–2363. FAX: (301) 713–1875.

Electronic Access: The draft NMFS Strategic Plan for Fisheries Research (2004) may be reviewed in its entirety

on the World Wide Web at <http://www.st.nmfs.gov/st2/index.html>

FOR FURTHER INFORMATION CONTACT: Mark Chandler at 301-713-2363 ext. 152, e-mail: Mark.Chandler@noaa.gov

SUPPLEMENTARY INFORMATION: Section 404 of the MSFCMA requires the Secretary of Commerce to publish in the **Federal Register** a strategic plan for fisheries research for the 5 years immediately following its publication. The MSFCMA requires that the plan address four major areas of research: (1) Research to support fishery conservation and management; (2) conservation engineering research; (3) research on the fisheries; and (4) information management research. The MSFCMA specifies that the plan shall contain a limited number of priority objectives for each of these research areas; indicate goals and timetables; provide a role for commercial fishermen in such research; provide for collection and dissemination of complete and accurate information concerning fishing activities; and be developed in cooperation with the Councils and affected states.

This draft plan is based upon and entirely consistent with the overarching NOAA Fisheries Strategic Plan (NFSP) recently released in July 2003. The objectives under each goal in the draft NMFS Strategic Plan for Fisheries Research (2004) correspond to strategies in the NFSP.

The scope of the NMFS Strategic Plan for Fisheries Research (2004) is solely fisheries research to support the MSFCMA. It does not include the regulatory and enforcement components of the NMFS mission. NMFS currently conducts a comprehensive program of fisheries research and involves industry and others interested in fisheries in planning and implementing its objectives.

NMFS intends that the final version of the NMFS Strategic Plan for Fisheries Research (2004) will take advantage of information and recommendations from all interested parties. Therefore, comments and suggestions on this draft NMFS Strategic Plan for Fisheries Research are hereby solicited from the public, other concerned government agencies, the scientific community, industry, and any other person.

Dated: November 25, 2003.
