BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Partial Consent Decree Under the Clean Water Act

Under 28 CFR 50.7, notice is hereby given that on December 3, 2003, a proposed Consent Decree on Combined Sewer Overflows, Wastewater Treatment Plants and Implementation of Capacity Assurance Program Plan ("proposed Final Consent Decree") in *United States and State of Ohio v. Board of County Commissioners of Hamilton County and the City of Cincinnati*, Civil Action Nos. C-1-02-107 and C-1-02-108, was lodged with the United States District Court for the Southern District of Ohio. On February 15, 2003, the United States previously lodged a proposed Interim Partial Consent Decree on Sanitary Sewer Overflows ("proposed IPCD"). Notice of the proposed IPCD was previously published in the **Federal Register**, and public comments were received on the proposed IPCD from February 28-March 28, 2002. 67 F.R. 9320-21 (Feb. 28, 2002).

On February 15, 2003, concurrently with the lodging of the proposed IPCD, the United States and State of Ohio filed separate complaints seeking injunctive relief from defendants for unauthorized discharges from their sanitary sewer system, located in Hamilton County, Ohio. These unauthorized discharges are also known as sanitary sewer overflows, or SSOs, and are violations of the Clean Water Act. On December 3, 2003, concurrently with the lodging of the proposed Final Consent Decree, the United States, State of Ohio, and Ohio River Valley Water Sanitation Commission ("ORSANCO") filed a Joint

Amended Complaint seeking injunctive relief and civil penalties from defendants for violations of the Clean Water Act as well as State and ORSANCO laws and regulations relating to SSOs, combined sewer overflows (CSOs), and defendants' wastewater treatment plants ("WWTPs"). In addition, the United States seeks injunctive relief pursuant to Section 504 of the Clean Water Act, 33 U.S.C. 1364, for an imminent and substantial endangerment resulting from backups of sewage into basements.

The proposed IPCD and the proposed Final Decree, taken together, require the defendants to: Implement an interim and then permanent remedy for SSO 700; to implement certain specified capital improvement projects for certain SSOs and CSOs; to perform modeling and analysis of their sanitary sewer system; to propose a comprehensive Capacity Assurance Program Plan ("CAPP") to address their remaining SSOs and to provide adequate future system capacity; to develop and implement a Long Term Control Plan Update ("LTCPU") to greatly reduce CSOs and bypassing at WWTPs and bring them into compliance with the law; to implement the CAPP and LTCPU, once they are approved by the plaintiffs; to implement a comprehensive sewage "basement backup" program, including interim prevention (e.g., installing backflow prevention devices in houses to prevent sewage in basement), long-term prevention (implementing any additional remedial measures beyond those required by the CAPP or LTCPU to provide adequate sewer capacity to prevent basement backups in the future), cleanup for houses that have had backups, and reimbursement for losses to real or personal property caused by the backups; to perform several Supplemental Environmental Projects, which must cost a minimum of \$5.3 million; and to pay a civil penalty of \$1.2 million.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the proposed Final Consent Decree and/or the proposed IPCD. (Commenters who have previously submitted comments on the proposed IPCD need not reiterate their comments, and these will be re-reviewed and re-considered by the United States in light of the proposed Final Consent Decree.) Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, P.O. Box 7611, U.S. Department of Justice, Washington, D.C. 20044-7611, and should refer to *United*

States and State of Ohio v. Board of County Commissioners of Hamilton County and the City of Cincinnati, D.J. Ref. 90-5-1-6-341A.

The Final Consent Decree and/or the IPCD may be examined at the Office of the United States Attorney for the Southern District of Ohio, 221 E. 4th Street, Atrium II, Suite 400, Cincinnati, Ohio 45202, and at U.S. EPA Region V, 77 West Jackson Blvd, Chicago, IL 60604-3590. A copy of the Final Consent Decree and/or IPCD may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611. During the public comment period, the Final Consent Decree and/or IPCD may also be examined on the following Department of Justice Web site, <http://www.usdoj.gov/enrd/open.html>. A copy of the Final Consent Decree and/or IPCD may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611 or by faxing or e-mailing a request to Tonia Fleetwood (tonia.fleetwood@usdoj.gov), fax no. (202) 514-0097, phone confirmation number (202) 514-1547. In requesting a copy of either or both proposed consent decrees, please enclose a check payable to the U.S. Treasury for reproduction costs (at 25 cents per page) as follows:
IPCD, inclusive of Exhibits: \$209.00;
IPCD, exclusive of Exhibits: \$18.75;
Final Consent Decree, inclusive of Exhibits: \$47.00;
Final Consent Decree, exclusive of Exhibits: \$27.25.

William D. Brighton,

Assistant Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

BILLING CODE 4410-31-M

NUCLEAR REGULATORY COMMISSION

Call for Nominations

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is advertising for nominations for the position of

Interventional Cardiology Physician on the Advisory Committee on the Medical Uses of Isotopes (ACMUI).

DATES: Nominations are due on or before March 8, 2004.

ADDRESSES: Submit four copies of the nominee's resume to the Office of Human Resources, Attn: Ms. Joyce Riner, Mail Stop T2D32, U.S. Nuclear Regulatory Commission, Washington, DC 20555.

FOR FURTHER INFORMATION CONTACT:

Angela R. Williamson, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Telephone (301) 415-5030; e-mail: arw@nrc.gov.

SUPPLEMENTARY INFORMATION: The ACMUI advises NRC on policy and technical issues regarding the regulation of the medical use of byproduct material. Responsibilities include providing comments on changes to NRC rules, regulations, and guidance documents; evaluating certain non-routine uses of byproduct material; providing technical assistance in licensing, inspection, and enforcement cases; providing consulting services when necessary; and bringing key issues to the attention of NRC for appropriate action. ACMUI members possess the medical and technical skills needed to address evolving issues. The current membership is comprised of the following professionals: (a) Nuclear medicine physician; (b) nuclear cardiologist; (c) medical physicist in nuclear medicine, unsealed byproduct material; (d) therapy physicist; (e) radiation safety officer; (f) nuclear pharmacist; (g) two radiation oncologists; (h) patients' rights advocate; (i) Food and Drug Administration representative; (j) State government representative; and (k) health care administrator. NRC is inviting nominations for an interventional cardiologist physician to the ACMUI. Nominees should be interventional cardiologist physicians with experience in intravascular brachytherapy use of radiation sources. Committee members serve a 3-year term, with possible reappointment to an additional 3-year term. Nominees must be U.S. citizens and be able to devote approximately 80 hours per year to committee business. Members who are not Federal employees are compensated for their service. In addition, members are reimbursed travel expenses (including per diem, in lieu of subsistence); and are also reimbursed secretarial and correspondence expenses. Members who are full-time Federal employees are reimbursed travel expenses only. Nominees will undergo

a security background check and will be required to complete financial disclosure statements, to avoid conflict-of-interest issues.

Dated: December 3, 2003.

Andrew L. Bates,

Advisory Committee Management Officer.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No: (Redacted), License No: (Redacted), EA (Redacted)]

In the Matter of a Power Reactor Licensee Who Transports Spent Nuclear Fuel; Order Modifying License (Effective Immediately)

I

The Licensee identified in Attachment 1 to this Order has been issued a specific license by the U.S. Nuclear Regulatory Commission (NRC or Commission) authorizing the possession of spent nuclear fuel and a general license authorizing the transportation of spent nuclear fuel [in a transportation package approved by the Commission] in accordance with the Atomic Energy Act of 1954, as amended, and 10 CFR parts 50 and 71. This Order is being issued to all such licensees who transport spent nuclear fuel. Commission regulations for the shipment of spent nuclear fuel at 10 CFR 73.37(a) require these licensees to maintain a physical protection system that meets the requirements contained in 10 CFR 73.37(b), (c), (d), and (e).

II

On September 11, 2001, terrorists simultaneously attacked targets in New York, NY, and Washington, DC, utilizing large commercial aircraft as weapons. In response to the attacks and intelligence information subsequently obtained, the Commission issued a number of Safeguards and Threat Advisories to its licensees in order to strengthen licensees' capabilities and readiness to respond to a potential attack on a nuclear facility or regulated activity. The Commission has also communicated with other Federal, State and local government agencies and industry representatives to discuss and evaluate the current threat environment in order to assess the adequacy of security measures at licensed facilities. In addition, the Commission has been conducting a comprehensive review of its safeguards and security programs and requirements.
