

members could not demonstrate Snohomish ancestry. Only 59 percent of STI's 836 members, descending from about 38 or 39 different family lines at the time of the PF, had documented descent from the historical Snohomish tribe.

The PF found that the STI provided an official membership list, separately certified by the group's governing body, as required by 83.7(e)(2). For the FD, the petitioner submitted a membership list, dated March 12, 1999, that identified 1,390 members and was virtually identical with the membership list used for the PF except for the addition of new members. The petitioner's governing body certified the updated membership list by resolution as required under criterion 83.7(e)(2). After auditing the petitioner's membership files and correcting the discrepancies in the 1999 membership list, the current adjusted STI membership totaled 1,113.

Based on new information submitted by the petitioner and the Tulalip Tribes of the Tulalip Reservation, or located by the Department, and other evidence in the record, the Department re-evaluated the STI family lines for evidence of descent from the historical Snohomish tribe. Twenty of the STI family lines, identified as descending from the historical Snohomish tribe in the PF, remain unchanged. Two family lines not previously determined to demonstrate Snohomish ancestry now have been sufficiently documented to show descent from the historical Snohomish tribe, and two "new" family lines, originally considered as part of pre-existing STI family lines, also were found to demonstrate Snohomish descent.

Based on the analysis described above, the evidence for this finding shows that 69 percent of the STI membership (763 of 1,113 members) have documented descent from the historical Snohomish tribe. The petitioner has not demonstrated that the remaining 31 percent of its membership (350 of 1,113 members) are of Snohomish descent or are descended from other Indian tribes that had amalgamated with the petitioner's Snohomish ancestors at some point in history to form a separate and distinct entity. The evidence does not demonstrate that the petitioner as a whole descends from the historical Snohomish tribe. Therefore this FD concludes that the petitioner does not meet criterion 83.7(e).

Criterion 83.7(f): This FD affirms the conclusion of the PF that the petitioner is not principally composed of members of another acknowledged North American Indian tribe. Since the PF, the

petitioner obtained enrollment statements from most of its members, who declared that they did not have membership in any other federally acknowledged tribe. Examination of the membership lists of federally recognized tribes in the area did not reveal any names of STI members.

Criterion 83.7(g): This FD affirms the conclusion of the PF that neither the petitioner nor its members are the subject of congressional legislation that has expressly terminated or forbidden the Federal relationship.

Under Section 83.10(m), the AS-IA is required to decline to acknowledge that a petitioner is an Indian tribe if it fails to satisfy any one of the criteria in Section 83.7. The petitioner did not submit evidence sufficient to meet criteria 83.7(a), (b), (c), and (e), and, therefore, does not satisfy the requirements for acknowledgment.

This determination is final and will become effective 90 days from publication of this notice, unless a request for reconsideration is filed pursuant to section 83.11. The petitioner or any interested party may file a request for reconsideration of this determination with the Interior Board of Indian Appeals (section 83.11(a)(1)). The petitioner's or interested party's request must be received no later than March 9, 2004 of the AS-IA's determination in the **Federal Register** (section 83.11(a)(2)).

Indian Gaming

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of an amendment to a tribal-State gaming compact taking effect between the Little Traverse Bay Bands of Odawa Indians and the State of Michigan.

SUMMARY: Under section 11 of the Indian Gaming Regulatory Act of 1988 (IGRA), Public Law 100-497, 25 U.S.C 2710, the Secretary of the Interior shall publish, in the **Federal Register**, notice of the approved tribal-State compacts for the purpose of engaging in Class III gaming activities on Indian lands. The Assistant Secretary—Indian Affairs, Department of the Interior, through her

delegated authority, has deemed approved the amendment to the Class III gaming compact between the Little Traverse Bay Bands of Odawa Indians and the State of Michigan. By the terms of IGRA, the amendment is considered approved, but only to the extent that the amendment is consistent with the provisions of IGRA. The amendment authorizes the addition of a second gaming site in addition to the current site in Petoskey, Michigan. It also creates a 10 county geographical exclusivity area. In exchange for the geographical exclusivity, the tribe agrees to pay between 10 and 12 percent of net win from class III electronic games at the tribe's second site, depending on the amount of actual revenues. The payment to the State ceases if the scope of non-Indian gaming is expanded within the State or if a federally recognized tribe opens a class III gaming facility within the 10 county areas. In addition the payment is reduced if a newly recognized tribe opens a class III facility within the 10 county areas.
