

other charges among members. The Commission believes that the procedures established by the proposal are designed to provide a fair and impartial process for resolving trading crowd space disputes among CBOE members. According to the CBOE, the recent increase in trading volume and size of trading crowds for certain index options has created a lack of trading spots in certain trading pits.⁷ The proposal permits any CBOE member to request the CBOE's assistance in resolving an index option trading crowd space dispute.⁸ The proposal is designed to encourage mediated resolutions by requiring the parties to a trading crowd space dispute to cooperate with the Chairman of the FPC in his efforts to mediate before they may request a hearing. In addition, the Hearing Fee, which escalates under certain circumstances set forth in CBOE Rule 24.21(e), should further encourage parties to resolve trading crowd space disputes through mediation rather than through the hearing process.

If a dispute is not resolved through mediation, a CBOE member may request a hearing. The Commission believes that the proposal establishes procedures for selecting impartial Hearing Panels and that the written guidelines in CBOE Rule 24.21(j) should provide the Hearing Panels with guidance in rendering decisions. In addition, the Commission notes that any party may appeal the decision of a Hearing Panel under Chapter XIX of the CBOE's rules.

III. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁹ that the proposed rule change (SR-CBOE-2003-36) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁰

Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-48871; File No. SR-CHX-2003-38]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by the Chicago Stock Exchange, Incorporated To Extend a Pilot Rule Interpretation Relating to Trading of Nasdaq/NM Securities in Subpenny Increments

December 3, 2003.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 1, 2003, the Chicago Stock Exchange, Incorporated ("CHX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal pursuant to Section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(6)⁴ thereunder, which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend through June 30, 2004, the pilot rule interpretation relating to the trading of Nasdaq/NM securities in subpenny increments. The pilot is due to expire on December 1, 2003. The CHX does not propose to make any substantive or typographical changes to the pilot; the only change is an extension of the pilot's expiration date through June 30, 2004. The text of the proposal is available at the Commission and at the CHX.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CHX included statements concerning the purpose of and basis for its proposal and discussed any comments it received regarding the proposal. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth

in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On April 6, 2001, the Commission approved, on a pilot basis through July 9, 2001, a pilot rule interpretation (CHX Article XXX, Rule 2, Interpretation and Policy .06 "Trading in Nasdaq/NM Securities in Subpenny Increments")⁵ that requires a CHX specialist (including a market maker who holds customer limit orders) to better the price of a customer limit order in his book which is priced at the national best bid or offer ("NBBO") by at least one penny if the specialist determines to trade with an incoming market or marketable limit order. The pilot has been extended several times and is now due to expire on December 1, 2003.⁶ The CHX now proposes to extend the pilot through June 30, 2004. The CHX proposes no other changes to the pilot, other than extending it through June 30, 2004.

2. Statutory Basis

The CHX believes the proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b).⁷ In particular, the CHX believes the proposal is consistent with Section 6(b)(5) of the Act⁸ in that it is designed to promote just and equitable principles of trade, to remove impediments to, and to perfect the mechanism of, a free and open market and a national market system, and, in general, to protect investors and the public interest.

⁴ 17 CFR 240.19b-4(f)(6). The Commission waived the 5-day pre-filing notice requirement.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- (i) Significantly affect the protection of investors or the public interest;
- (ii) Impose any significant burden on competition; and
- (iii) Become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Acceleration of the operative date will allow the pilot to continue uninterrupted through June 30, 2004, and allow the Commission to further study the trading of Nasdaq/NM securities in subpenny increments. For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹¹

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposal is consistent with the Act. Persons making written submissions should file six

copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Comments may also be submitted electronically at the following e-mail address: rule-comments@sec.gov. All comment letters should refer to SR-CHX-2003-38. This file number should be included on the subject line if e-mail is used. To help us process and review comments more efficiently, comments should be sent in hardcopy or by e-mail but not by both methods. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the CHX. All submissions should refer to file number SR-CHX-2003-38 and should be submitted by January 2, 2004.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹²

[Release No. 34-48878; File No. SR-NASD-2003-173]

Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change by the National Association of Securities Dealers, Inc. Relating to the Nasdaq Closing Cross

December 4, 2003.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 25, 2003, the National Association of Securities Dealers, Inc. ("NASD"), through its subsidiary, The Nasdaq Stock Market, Inc. ("Nasdaq"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items

have been prepared by Nasdaq. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Substance of the Proposed Rule Change

Nasdaq's proposed rule change would establish the Nasdaq Closing Cross for certain Nasdaq National Market securities. There would be three components of the Nasdaq Closing Cross: (1) The creation of On Close and Imbalance Only order types ("Nasdaq Closing Orders") (2) the dissemination of an order imbalance indicator via electronic means; and (3) closing cross processing in SuperMontage at 4:00:00 that would execute the maximum number of shares at a single, representative price that would be the Nasdaq Official Closing Price. The text of the proposed rule change is set forth below. Proposed new language is in *italics*.

Rule 4709 Nasdaq Closing Cross

(a) Definitions. For the purposes of this rule the term:

(1) "Imbalance" shall mean the number of shares of buy or sell MOC or LOC orders that cannot be matched with other MOC or LOC or IO order shares at any given time.

(2) "Imbalance Only Order" or "IO" shall mean an order to buy or sell at a specified price or better that may be executed only during the Nasdaq Closing Cross and only against an Imbalance. IO orders can be entered between 9:30:01 a.m. and 3:59:59 p.m., but they cannot be cancelled or modified after 3:50:00 except to increase the number of shares or to increase (decrease) the buy (sell) limit price. IO sell (buy) orders will only execute at or above (below) the 4:00:00 SuperMontage offer (bid). All IO orders must be available for automatic execution.

(3) "Limit On Close Order" or "LOC" shall mean an order to buy or sell at a specified price or better that is to be executed only during the Nasdaq Closing Cross. LOC orders can be entered, cancelled, and corrected between 9:30:01 a.m. and 3:50:00 p.m. and will execute only at the price determined by the Nasdaq Closing Cross. All LOC orders must be available for automatic execution.

(4) "Market on Close Order" shall mean an order to buy or sell at the market that is to be executed only during the Nasdaq Closing Cross. MOC orders can be entered, cancelled, and corrected between 9:30:01 a.m. and 3:50:00 p.m. and will execute only at the
