

by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Shirley Kramer, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: GSA: Mr. Brian K. Polly, Assistant Commissioner, General Services Administration, Office of Property Disposal, 18th and F Streets, NW., Washington, DC 20405; (202) 501-0052; (These are not toll-free numbers).

### Bureau of Land Management

**[AZ040-03-7122-EX-5513; AZA-29640 & AZA-31133]**

### Notice of Availability of Final Environmental Impact Statement (FEIS) for the Dos Pobres/San Juan Project, Graham County, AZ

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Availability (NOA) of Final Environmental Impact Statement (FEIS).

**SUMMARY:** The Bureau of Land Management (BLM), Safford Field Office, Arizona, has prepared an FEIS analyzing the impacts on the human environment of a mining plan of operation proposed by the Phelps Dodge Mining Company, a division of the Phelps Dodge Corporation. The Dos Pobres/San Juan Project is located approximately 8 miles north of Safford, Arizona. The FEIS (1) assesses the environmental impacts of the project as described in the three mining plan alternatives (Proposed Action, Partial Backfill, and No Action) and two land exchange alternatives (Land Exchange and No Land Exchange); (2) determines if there are direct, indirect and cumulative impacts; and (3) identifies mitigative measures. The FEIS was prepared to comply with the Council on Environmental Quality's regulations (40 CFR part 1500-1508) for implementing the National Environmental Policy Act of 1969, 43 U.S.C. 1701, the Federal Land Exchange Facilitation Act of 1988, 43 U.S.C. 1716 and 1740, and BLM regulations governing land exchanges (43 CFR parts 2090 and 2200) and mining plans of operation (43 CFR parts 3715 and 3809).

**DATES:** The Record of Decision for this project will not be issued prior to 60-days following the Environmental Protection Agency (EPA) publication of its NOA of the Final Environmental Impact Statement for the Dos Pobres/San Juan Project, Graham County, AZ.

**ADDRESSES:** A limited number of copies of the FEIS are available and copies may also be reviewed at the Bureau of Land Management, Safford Field Office, 711 14th Avenue, Safford, Arizona 85546 or the Bureau of Land Management,

Arizona State Office, 222 North Central Avenue, Phoenix, Arizona 85004.

### FOR FURTHER INFORMATION CONTACT:

Scott Evans, Project Manager, at BLM Safford Field Office, telephone number (928) 348-4414; or Tina Lee, Project Manager, at SWCA, Inc., telephone number (520) 325-9194.

**SUPPLEMENTARY INFORMATION:** The proposed Dos Pobres/San Juan Project is an integrated copper mining project using conventional open pit mining and solution extraction/electro winning technologies to meet a continuing demand for copper. The BLM's preferred alternative is the Land Exchange alternative (Alternative 2.2.2) in which Phelps Dodge acquires title to the selected lands and BLM acquires title to the offered private lands.

Chapter 7 of the FEIS summarizes public comments on the draft environmental impact statement (DEIS) and BLM responses to the comments.

The U.S. Army Corps of Engineers (COE), a cooperating agency on the Dos Pobres/San Juan Project EIS, has jurisdiction over the Project through its Clean Water Act permitting authority and will select as its preferred alternative the least environmentally damaging, practicable alternative from the Mining Plan Alternatives Set.

The EPA, also a cooperating agency, delegated authority for section 402 compliance to the Arizona Department of Environmental Quality (ADEQ) in December 2002; therefore ADEQ will be issuing the AZPDES permit for this project.
