For details on the calculation of the antidumping duty weighted-average margin for Zhejiang, *see* the Analysis Memorandum for the Preliminary Results of the First Administrative Review of the Antidumping Duty Order on Honey from the People's Republic of China, dated December 10, 2003. A public version of this memorandum is on file in the CRU.

Assessment Rates

Pursuant to section 351.212(b), the Department calculates an assessment rate for each importer of the subject merchandise. Upon issuance of the final results of this review, if any importer-specific assessment rates calculated in the final results are above *de minimis* (i.e., at or above 0.50 percent), the Department will issue appraisal instructions directly to CBP to assess antidumping duties on appropriate entries by applying the assessment rate to the entered value of the merchandise. For assessment purposes, we calculated importer-specific assessment rates for the subject merchandise by aggregating the dumping duties due for all U.S. sales to each importer and dividing the amount by the total quantity of the sales to that importer. If these preliminary results are adopted in our final results of review, we will direct CBP to assess the resulting rate against the total quantity for the subject merchandise on each of Zhejiang's importer's/customer's entries during the POR.

Cash-Deposit Requirements

The following cash-deposit rates will be effective upon publication of the final results of this review for all shipments of honey from the PRC entered, or withdrawn from warehouse, for consumption on or after publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for subject merchandise exported by Zhejiang, the cash-deposit rate will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated or reviewed companies not listed above that have separate rates, the cash-deposit rate will continue to be the company-specific rate published for the most recent period

(except for Kunshan, Henan, and High Hope, whose cash-deposit rates have changed in this review to the PRC-wide entity rate as noted below); (3) the cash-deposit rate for all other PRC exporters (including Kunshan, Henan, and High Hope) will be the "PRC-wide" rate established in the final results of this review; and (4) the cash deposit rate for all other non-PRC exporters will be the rate applicable to the PRC exporter that supplied that exporter.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Schedule for Final Results of Review

The Department will disclose calculations performed in connection with the preliminary results of this review within five days of the date of publication of this notice in accordance with section 351.224(b) of the Department's regulations. Any interested party may request a hearing within 30 days of publication of this notice in accordance with section 351.310(c) of the Department's regulations. Any hearing would normally be held 37 days after the publication of this notice, or the first workday thereafter, at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230. Individuals who wish to request a hearing must submit a written request within 30 days of the publication of this notice in the **Federal Register** to the Assistant Secretary for Import Administration, U.S. Department of Commerce, Room 1870, 14th Street and Constitution Avenue, NW, Washington, DC 20230. Requests for a public hearing should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) to the extent practicable, an identification of the arguments to be raised at the hearing.

Unless otherwise notified by the Department, interested parties may submit case briefs within 30 days of the date of publication of this notice in accordance with section 351.309(c)(ii) of the Department's regulations. As part of the case brief, parties are encouraged to provide a summary of the arguments not to exceed five pages and a table of statutes, regulations, and cases cited. Rebuttal briefs, which must be limited

to issues raised in the case briefs, must be filed within five days after the case brief is filed. If a hearing is held, an interested party may make an affirmative presentation only on arguments included in that party's case brief and may make a rebuttal presentation only on arguments included in that party's rebuttal brief. Parties should confirm by telephone the time, date, and place of the hearing within 48 hours before the scheduled time. The Department will issue the final results of this review, which will include the results of its analysis of issues raised in the briefs, not later than 120 days after the date of publication of this notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under section 351.402(f) of the Department's regulations to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during these review periods. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties. This administrative review and this notice are published in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act.

Dated: December 10, 2003.

James J. Jochum,

Assistant Secretary for Import Administration.

Low Enriched Uranium from France: Extension of the Time Limit for the Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: December 16, 2003.

FOR FURTHER INFORMATION CONTACT: Vicki Schepker or Carol Henninger at (202) 482-1756 or (202) 482-3003, respectively; Office of AD/CVD Enforcement 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

TIME LIMITS:

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department of Commerce (the Department) to complete the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order/finding for which a review is requested and the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days after the last day of the anniversary month of an order/finding for which a review is requested, and for the final results to 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of publication of the preliminary results.

Background

Eurodif S.A. (Eurodif), a French producer of subject merchandise, and its affiliated parties Compagnie Générale Des Matières Nucléaires (COGEMA) and COGEMA, Inc. (collectively, COGEMA/Eurodif), requested an administrative review of the antidumping order on low enriched uranium from France on February 3, 2003. United States Enrichment Corporation and USEC, Inc. (the petitioner), a domestic producer of subject merchandise, requested a review on February 28, 2003. On March 25, 2003, the Department published a notice of initiation of the administrative review, covering the period July 13, 2001, through January 31, 2003, (*Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 68 FR 14394). On October 27, 2003, the Department published a notice extending the time limit for the preliminary results, (*Extension of the Time Limit for the Preliminary Results of Antidumping Duty Administrative Review*, 68 FR 61184). The preliminary results are currently due no later than December 18, 2003. On November 18,

2003, the petitioner filed comments for the Department's consideration prior to the preliminary results. On December 1, 2003, COGEMA/Eurodif responded to those comments.

Extension of Time Limit for Preliminary Results of Review

We determine that it is not practicable to complete the preliminary results of this review within the revised time limit due to the complex issues that have been raised. Examples of issues that must be considered include the proper treatment of commingled merchandise, the appropriateness of granting a constructed export price (CEP) offset, and the application of the major input rule. Therefore, the Department is extending the time limit for completion of the preliminary results until no later than January 20, 2004. We intend to issue the final results no later than 120 days after publication of the preliminary results notice.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: December 9, 2003.

Holly A. Kuga,

Acting Deputy Assistant Secretary for AD/CVD Enforcement II.

Stainless Steel Butt-Weld Pipe Fittings From Korea; Notice of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results Antidumping Duty Administrative Review.

SUMMARY: On September 29, 2003, the Department of Commerce (the Department) published the preliminary results and partial rescission of antidumping duty administrative review on stainless steel butt-weld pipe fittings from Korea. The review, as initiated, covered three manufacturers/exporters, Sam Sung Stainless Commerce & Ind. Co., Ltd. (Sam Sung), Sungkwang Bend Co., Ltd. (Sungkwang), and TK Corporation. However, along with the preliminary results we rescinded the review with respect to Sungkwang and TK Corporation because the only party that requested a review of these two companies withdrew the request in a

timely manner. Therefore these final results of review cover only Sam Sung. The period of review is February 1, 2002 through January 31, 2003. We gave interested parties an opportunity to comment on our preliminary results. We received no comments. Furthermore, the Department made no changes in its analysis following publication of the preliminary results. Therefore, the final results of review are unchanged from those presented in the preliminary results of review.

EFFECTIVE DATE: December 16, 2003.

FOR FURTHER INFORMATION CONTACT: Fred Baker or Robert James, Enforcement Group III, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-2924 and (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 29, 2003 the Department published its preliminary results and partial rescission of antidumping duty administrative review of stainless steel butt-weld pipe fittings from Korea. See *Stainless Steel Butt-Weld Pipe Fittings from Korea; Notice of Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review*, 68 FR 55935 (September 29, 2003) (*Preliminary Results*). In that notice we rescinded the review with respect to SungKwang and TK Corporation because the only party that requested the review of these companies withdrew the request in a timely manner. We also assigned Sam Sung an adverse facts available rate because it withheld information the Department requested by refusing to respond to the Department's antidumping questionnaire. We gave interested parties an opportunity to comment on our preliminary results. No parties submitted comments. We have now completed the administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Tariff Act).

Period of Review

The period of review (POR) is February 1, 2002 through January 31, 2003.

Scope of the Review

The products subject to this review are certain welded stainless steel butt-weld pipe fittings (pipe fittings), whether finished or unfinished, under 14 inches in inside diameter.

Pipe fittings are used to connect pipe sections in piping systems where
