

for the dental and vision needs of migrant children, recommended that dental and vision needs be addressed as an additional priority. The commenter also recommended recognition and support of programs addressing cultural self-identification and self-esteem for migrant children.

Discussion: Dental and vision screenings, as well as activities that promote self-esteem of migrant students, are allowable services under the MEP Basic State Formula grant program to the extent that such services address needs that result from the migratory lifestyle and are educationally-related (*i.e.*, are needed to permit migrant children to function effectively in school). However, while these issues are important for migrant children, the Department does not believe that they reflect the same high level of national significance as do the seven absolute priorities established for the incentive grant competition.

Changes: None.

Reporting Requirements

Comment: One commenter asked whether a grantee must submit a final summary evaluation report at the end of the second year, or whether instead it could submit a developmental evaluation for the second year, continue its work on consortium activities (with the use of other funds) for a third year, and then submit a final summary evaluation report at the end of third year. The commenter noted that the second option would allow a longer window of time to achieve the measurable goals of the consortium.

Discussion: The Department is soliciting applications for consortia that will complete described activities in no more than two years. These applications must include objectives and measurable outcomes to be completed within the maximum two-year performance period. Participating SEAs or other entities in a consortium may continue to support and evaluate the effectiveness of consortium activities that they choose to carry out after the second year. However, participating SEAs must still provide a final report, under § 75.590 of EDGAR, that addresses their success in completing the activities and achieving the objectives and outcomes that were established in their approved consortium applications for completion within the maximum two-year performance period.

Changes: None.

Comment: None.

Discussion: In reviewing the notice, the Department noted a need to clarify the grantee reporting requirements.

Changes: The reporting requirements have been revised to clarify that:

(1) The first-year performance report and the final second-year evaluation report required under § 75.118 and § 75.590 of EDGAR concern the completion of activities of the approved consortium, rather than the use of the awarded incentive grant funds, and

(2) SEAs do not need to submit a performance report on the use of the incentive grant funds. Instead, because an SEA may use incentive grant funds for any activity authorized under the MEP, the effectiveness of the incentive grants will be

measured through those performance reports required by the Department for the MEP Basic State Formula grant. However, an SEA receiving an incentive grant must submit the financial reports relating to incentive grant funds required under § 76.720 and § 80.41 of EDGAR.

Use of Consortium Incentive Grant Funds

Comment: None.

Discussion: In reviewing the notice, the Department noted that, because the incentive grants may be used for any activities authorized under the MEP, the supplement-not-supplant provision found in sections 1120A(b) and 1304(c)(2) of the ESEA should be made applicable to the consortium incentive grants.

Changes: The final requirements clarify that the supplement-not-supplant provision of sections 1120A(b) and 1304(c)(2) apply to the use of these incentive grant funds.

Amount and Duration of Incentive Grants

Comment: None.

Discussion: In reviewing the notice, the Department noted the need to explain more clearly the funding formula that it will use to calculate the incentive grant award amounts.

Changes: We have revised the final requirements to clarify the language explaining the funding formula.
