

purpose of this computer match are as follows:

1. SSA will use records from a system of records identified as 60-0103, entitled "Supplemental Security Income Record and Special Veterans Benefits, SSA/OEEAS," last published in the **Federal Register** at 66 FR 11079, February 21, 2001.

2. DMDC will use records from a system of records identified as S322.10 DMDC, entitled "Defense Manpower Data Center Data Base," last published in the **Federal Register** at 67 FR 78781, December 26, 2002.

E. Description of Computer Matching Program: SSA, as the source agency, will provide DMDC with an electronic file which contains the data elements. Upon receipt of the electronic file, DMDC, as the recipient agency, will perform a computer match using all nine digits of the SSN of the SSI/SVB file against a DMDC database which contains the data elements. The DMDC database consists of extracts of personnel and pay records of retired members of the uniformed services or their survivors. The "hits" or matches will be furnished to SSA. SSA is responsible for verifying and determining that the data on the DMDC electronic reply file are consistent with the SSA source file and resolving any discrepancies or inconsistencies on an individual basis. SSA will also be responsible for making final determinations as to eligibility for/entitlement to, or amount of payments/benefits, their continuation or needed adjustments, or any recovery of overpayments as a result of the match.

1. The electronic file provided by SSA will contain approximately 6.5 million records extracted from the SSR/SVB.

2. The electronic DMDC database contains records on approximately 2.3 million retired uniformed service members or their survivors.

F. Inclusive Dates of the Matching Program: This computer matching program is subject to public comment and review by Congress and the Office of Management and Budget. If the mandatory 30 day period for comment has expired and no comments are received and if no objections are raised by either Congress or the Office of Management and Budget within 40 days of being notified of the proposed match, the computer matching program becomes effective and the respective agencies may begin the exchange at a mutually agreeable time on a quarterly basis, shifting to a monthly basis, provided DoD consents, when and if the computer system work can be completed to effectuate the increased frequency. By agreement between SSA

and DMDC, the matching program will be in effect for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the other by written request to terminate or modify the agreement.

Defense Logistics Agency

Privacy Act of 1974; Computer Matching Program

AGENCY: Defense Manpower Data Center Defense Logistics Agency, DOD.

ACTION: Notice of a computer matching program.

SUMMARY: Subsection (e)(12) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a) requires agencies to publish advance notice of any proposed or revised computer matching program by the matching agency under the Privacy Act, is hereby giving construction notice in lieu of direct notice to the record subjects of a computer matching program between the Department of the Treasury and DoD that their records are being matched by computer. The record subjects are delinquent debtors of the Bureau of the Public Debt, Department of the Treasury, who are current or former Federal employees receiving any Federal salary or benefit payments and who are indebted or delinquent in their repayment of debts to the United States Government under certain programs administered by the Public Debt.

DATES: This proposed action will become effective May 24, 2004 and matching may commence unless changes to the matching program are required due to public comments or by Congressional or by Office of Management and Budget objections. Any public comment must be received before the effective date.

ADDRESSES: Any interested party may submit written comments to the Director, Defense Privacy Office, 1941 Jefferson Davis Highway, Suite 920, Arlington, VA 22202-4502.

FOR FURTHER INFORMATION CONTACT: Mr. Vahan Moushegian, Jr. at (703) 607-2943.

SUPPLEMENTARY INFORMATION: Pursuant to subsection (o) of the Privacy Act of 1974, as amended (5 U.S.C. 552a), the Department of the Treasury and the Defense Manpower Data Center (DMDC) have concluded an agreement to conduct a computer matching program. The purpose of the match is to exchange personal data between the agencies for debt collection. The match will yield the identity and location of the debtors within the Federal Government so that the Bureau can pursue recoupment of the debt by voluntary payment or by administrative or salary offset procedures. Computer matching appeared to be the most efficient and effective manner to accomplish this task with the least amount of intrusion of personal privacy of the individuals concerned. It was therefore concluded and agreed upon that computer matching would be the best and least obtrusive manner and choice for accomplishing this requirement.

A copy of the computer matching agreement between the Department of the Treasury and DMDC is available to the public upon request. Requests should be submitted to the address caption above or to the Debt Collection Officer, Bureau of Public Debt, Hintgen Building, Room 114, PO Box 1328, Parkersburg, WV 26106-1328.

Set forth below is the notice of the establishment of the computer matching program required by paragraph 6.c. of the Office of Management and Budget Guidelines on computer matching published on June 19, 1989, at 54 FR 25818.

The matching agreement, as required by 5 U.S.C. 552a(r) of the Privacy Act, and an advance copy of this notice was submitted on March 16, 2004, to the House Committee on Government Reform, the Senate Committee on Governmental Affairs, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget pursuant to paragraph 4d of Appendix I to OMB Circular No. A-130, 'Federal Agency Responsibilities for Maintaining Records about Individuals,' dated February 8, 1996 (February 20, 1996, 61 FR 6427).

Dated: March 18, 2004.

The Bureau will use this information to initiate independent collection of those debts under the provisions of the Debt Collection Act of 1982, as amended, when voluntary payment is not forthcoming. These collection efforts will include requests by Public Debt of the military service/employing agency in the case of military personnel (either active, reserve, or retired) and current non-postal civilian employees, and to the Office of Personnel Management in the case of retired non-postal civilian employees to apply administrative and/or salary offset procedures until such time as the obligation is paid in full.

The legal authority for conducting the matching program is contained in the Debt Collection Act of 1982 (Pub. L. 97-365), as amended by the Debt Collection Improvement Act of 1996 (Pub. 2. DOD will use personal data from the record system identified as S322.11 DMDC, entitled "Federal Creditor Agency Debt Collection Database," last published in the **Federal Register** at 64 FR 42101, August 3, 1999.

E. Description of Computer Matching Program

The Bureau of Public Debt, as the source agency, will provide DMDC with an electronic file which contains the names of delinquent debtors in programs the Bureau administers. Upon receipt of the electronic file of debtor accounts, DMDC will perform a computer match using all nine digits of

the SSN of the Bureau's file against a DMDC computer database. The DMDC database, established under an interagency agreement between DOD, OPM, OMB and the Treasury Department consists of employment records of non-postal Federal employees and military members, both active and retired. The 'hits' or matches will be furnished to the Bureau. The Bureau is responsible for verifying and determining that the data on the DMDC reply tape file are consistent with the Bureau's source file and for resolving any discrepancies or inconsistencies on an individual basis. The Bureau will also be responsible for making final determinations as to positive identification, amount of indebtedness and recovery efforts as a result of the match.

The electronic file provided by the Bureau of Public Debt will contain data elements of the debtor's name, SSN, internal account numbers and the total amount owed for each debtor on approximately 4000 delinquent debtors. The electronic file provided by DMDC will contain an individual's name, SSN, military service or employing agency and current work or home address.

The DMDC computer database file contains approximately 5.78 million records of active duty and retired military members, including Reserve and Guard, and approximately 2.03 million records of active and retired non-postal Federal civilian employees.

F. Inclusive Dates of the Matching Program

This computer matching program is subject to review by the Office of Management and Budget and Congress. If the mandatory 30 day period for public comment has expired and if no objections are raised by either Congress or the Office of Management and Budget within 40 days of being notified of the proposed match, the computer matching program becomes effective and the respective agencies may begin the exchange of data at a mutually agreeable time on an annual basis. By agreement between the Department of the Treasury and DoD, the matching program will be in effect and continue for 18 months with an option to extend for 12 additional months unless one of the parties to the agreement advises the other by written request to terminate or modify the agreement.
