[Docket No. AO-F&V-927-A1; FV04-927-1 PR]

Winter Pears Grown in Oregon and Washington; Hearing on Proposed Amendment of Marketing Agreement and Order No. 927

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice of hearing on proposed rulemaking.

SUMMARY: Notice is hereby given of a public hearing to receive evidence on proposed amendments to Marketing Agreement and Order No. 927, which regulates the handling of winter pears grown in Oregon and Washington. The amendments are jointly proposed by the Winter Pear Control Committee and the Northwest Fresh Bartlett Marketing Committee, which are responsible for local administration of orders 927 and 931, respectively. Marketing Agreement and Order No. 931 regulates the handling of fresh Bartlett pears grown in Oregon and Washington. The amendments would combine the winter pear and fresh Bartlett orders into a single program under marketing order 927, and would add authority to assess pears for processing. The Committees also proposed a number of conforming changes. All of the proposals are intended to streamline industry organization and improve the administration, operation, and functioning of the program.

DATES: The hearing dates are:

1. April 13 and 14, 2004, 9 a.m. to 4 p.m., Yakima, Washington.
2. April 16, 2004, 9 a.m. to 4 p.m., Portland, Oregon.

ADDRESSES: The hearing locations are:

1. Doubletree Hotel, 1507 N. 1ST Street, Yakima, Washington, (509) 248-7850.

Small businesses may request information on this proceeding by contacting Jay Guerber, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, 1400 Independence Avenue, SW., Stop 0237, Washington, DC 20250-0237; telephone: (202) 720-2491, fax: (202) 720-8938.

SUPPLEMENTARY INFORMATION: This administrative action is instituted pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), hereinafter referred to as the "Act." This action is governed by the provisions of sections 556 and 557 of title 5 of the United States Code and, therefore, is excluded from the requirements of Executive Order 12866.

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) seeks to ensure that within the statutory authority of a program, the regulatory and informational requirements are tailored to the size and nature of small businesses. Interested persons are invited to present evidence at the hearing on the possible regulatory and informational impacts of the proposals on small businesses.

The amendments proposed herein have been reviewed under Executive Order 12988, Civil Justice Reform. They are not intended to have retroactive effect. If adopted, the proposed amendments would not preempt any State or local laws, regulations, or policies, unless they present an irreconcilable conflict with the proposals.

The Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 608c(15)(A) of the Act, any handler subject to an order may file with USDA a petition stating that the order, any provision of the order, or any obligation imposed in connection with the order is not in accordance with law and request a modification of the order or to be exempted therefrom. A handler is afforded the opportunity for a hearing on the petition. The Act provides that the district court of the United States in

any district in which the handler is an inhabitant, or has his or her principal place of business, has jurisdiction to review the USDA's ruling on the petition, provided an action is filed not later than 20 days after the date of the entry of the ruling.

At a joint meeting of the Winter Pear Control Committee and the Northwest Fresh Bartlett Pear Marketing Committee on November 13, 2003, both Committees voted unanimously to recommend amendments to Marketing Order 927. The amendments are intended to streamline industry organization by placing both Marketing Order 927, regulating the handling of winter pears, and Marketing Order 931, regulating the handling of Bartlett pears, under one program: Marketing Order 927. The amendments would also add pears for processing to the order, and update various provisions of the order.

The Committees' request for a hearing was submitted to USDA on November 19, 2003. The hearing is called pursuant to the provisions of the Act and the applicable rules of practice and procedure governing the formulation of marketing agreements and orders (7 CFR part 900).

The Committees' proposed amendments to Marketing Order No. 927 (order) are summarized below.

1. Expand the definition of "pears" to include all varieties of pears classified as summer/fall pears (rather than limiting that class to Bartletts); to add Concorde, Packham, and Taylor's Gold pears to the current list of winter pear varieties; and to add a third category of pears which would include varieties not classified as summer/fall or winter pears. This amendment would extend program coverage to all pears grown in Oregon and Washington.

2. Revise the definition of "size" to include language currently used within the industry.

3. Extend the order's coverage to pears for processing by revising the definition of "handle," and adding definitions of "processor" and "process."

4. Establish districts for pears for processing. This amendment would divide the order's production area into two districts for pears for processing: One being the State of Oregon and the other being the State of Washington.

5. Dissolve the current Winter Pear Control Committee and establish two new administrative committees: The

Fresh Pear Committee and the Processing Pear Committee (Committees). This proposal also includes adding a public member and public alternate member seat to both of the newly established Committees and removing Section 927.36, Public advisors. The Committees would jointly administer Marketing Order 927.

Related changes would be made to order provisions governing nomination and selection of members and their alternates, terms of office, eligibility for membership, and quorum and voting requirements, to reflect the proposed dual committee structure.

6. Authorize changes in the number of Committee members and alternates, and allow reapportionment of committee membership among districts and groups (*i.e.*, growers, handlers, and processors). Such changes would require a Committee recommendation and approval by the Department.

7. Provide that an assessment rate be established for each category of pears, including: summer/fall pears, winter pears, and all other pears. In addition, rates of assessment could be different for fresh pears and pears for processing in each category, and could include supplemental rates on individual varieties.

8. Authorize container marking requirements for fresh pears.

9. Remove the order provision allowing grower exemptions from regulation. This is a tool no longer used by the industry and, thus, is considered obsolete.

10. Amend § 927.70, Reports, to ensure confidentiality in the handling and reporting of information provided to the Committees, and to require handlers to maintain records for at least two years.

11. Allow elimination of inspection requirements (when handling regulations are in effect) if alternative methods to ensure compliance are available.

12. Eliminate the current exemptions for pears for processing and for pears shipped to storage warehouses.

13. Provide that separate continuance referenda be held every 6 years for fresh pears and processing pears.

14. Add authority for the committees to conduct post-harvest research, in addition to production research and promotion (including paid advertising).

15. Update several order provisions to make them more current.

16. Revise order provisions to reflect the two-committee structure being recommended for administration of the program.

These proposals have not received the approval of the Department. The Winter

Pear Control Committee and Northwest Fresh Bartlett Marketing Committee believe that the proposed changes would improve the administration, operation, and functioning of the programs in effect for pears grown in Oregon and Washington.

AMS also proposes to allow such changes to the order as may be necessary to conform to any amendment that may result from the hearing.

The public hearing is held for the purpose of: (i) Receiving evidence about the economic and marketing conditions which relate to the proposed amendments of the order; (ii) determining whether there is a need for the proposed amendments to the order; and (iii) determining whether the proposed amendments or appropriate modifications thereof will tend to effectuate the declared policy of the Act.

Testimony is invited at the hearing on all the proposals and recommendations contained in this notice, as well as any appropriate modifications or alternatives.

All persons wishing to submit written material as evidence at the hearing should be prepared to submit four copies of such material at the hearing and should have prepared testimony available for presentation at the hearing.

From the time the notice of hearing is issued and until the issuance of a final decision in this proceeding, USDA employees involved in the decisional process are prohibited from discussing the merits of the hearing issues on an *ex parte* basis with any person having an interest in the proceeding. The prohibition applies to employees in the following organizational units: Office of the Secretary of Agriculture; Office of the Administrator, AMS; Office of the General Counsel, except any designated employee of the General Counsel assigned to represent the Committee in this proceeding; and the Fruit and Vegetable Programs, AMS.

Procedural matters are not subject to the above prohibition and may be discussed at any time.

* * * * *

(c) The Secretary, upon recommendation of the Fresh Pear Committee or the Processed Pear Committee may reapportion members among districts, may change the number of members and alternates, and may change the composition by changing the ratio of members, including their

alternates. In recommending any such changes, the following shall be considered:

(1) Shifts in pear acreage within districts and within the production area during recent years;

(2) The importance of new pear production in its relation to existing districts;

(3) The equitable relationship between membership and districts;

(4) Economies to result for growers in promoting efficient administration due to redistricting or reapportionment of members within districts; and

(5) Other relevant factors.

Proposal No. 7

Revise § 927.41 to read as follows:

§ 927.41 Assessments.

(a) Assessments will be levied only upon handlers who first handle pears. Each handler shall pay assessments on all pears handled by such handler as the pro rata share of the expenses which the Secretary finds are reasonable and likely to be incurred by the Fresh Pear Committee or the Processed Pear Committee during a fiscal period. The payment of assessments for the maintenance and functioning of the Fresh Pear Committee or the Processed Pear Committee may be required under this part throughout the period such assessments are payable irrespective of whether particular provisions thereof are suspended or become inoperative.

(b)(1) Based upon a recommendation of the Fresh Pear Committee or other available data, the Secretary shall fix three base rates of assessment for pears that handlers shall pay on pears handled for the fresh market during each fiscal period. Such base rates shall include one rate of assessment for any or all varieties or subvarieties of pears classified as summer/fall; one rate of assessment for any or all varieties or subvarieties of pears classified as winter; and one rate of assessment for any or all varieties or subvarieties of pears classified as other. Upon recommendation of the Fresh Pear Committee or other available data, the Secretary may also fix supplemental rates of assessment on individual varieties or subvarieties categorized within the above-defined assessment classifications to secure sufficient funds to provide for projects authorized under § 927.47. At any time during the fiscal period when it is determined on the basis of a Fresh Pear Committee recommendation or other information that different rates are necessary for fresh pears or for any varieties or subvarieties, the Secretary may modify those rates of assessment and such new

rates shall apply to any or all varieties or subvarieties that are shipped during the fiscal period for fresh market.

(2) Based upon a recommendation of the Processed Pear Committee or other available data, the Secretary shall fix three base rates of assessment for pears that handlers shall pay on pears handled for processing during each fiscal period. Such base rates shall include one rate of assessment for any or all varieties or subvarieties of pears classified as summer/fall; one rate of assessment for any or all varieties or subvarieties of pears classified as winter; and one rate of assessment for any or all varieties or subvarieties of pears classified as other. Upon recommendation of the Processed Pear Committee or other available data, the Secretary may also fix supplemental rates of assessment on individual varieties or subvarieties categorized within the above-defined assessment classifications to secure sufficient funds to provide for projects authorized under § 927.47. At any time during the fiscal period when it is determined on the basis of a Processed Pear Committee recommendation or other information that different rates are necessary for pears for processing or for any varieties or subvarieties, the Secretary may modify those rates of assessment and such new rates shall apply to any or all varieties or subvarieties of pears that are shipped during the fiscal period for processing.

(c) Based on the recommendation of the Fresh Pear Committee, the Processed Pear Committee or other available data, the Secretary may establish additional base rates of assessments, or change or modify the base rate classifications defined in paragraphs (a) and (b) of this section.

(d) The Fresh Pear Committee or the Processed Pear Committee may impose a late payment charge on any handler who fails to pay any assessment within the time prescribed. In the event the handler thereafter fails to pay the amount outstanding, including the late payment charge, within the prescribed time, the Fresh Pear Committee or the Processed Pear Committee may impose an additional charge in the form of interest on such outstanding amount. The Fresh Pear Committee or the Processed Pear Committee, with the approval of the Secretary, shall prescribe the amount of such late payment charge and rate of interest.

(e) In order to provide funds to carry out the functions of the Fresh Pear Committee or the Processed Pear Committee prior to commencement of shipments in any season, handlers may make advance payments of assessments,

which advance payments shall be credited to such handlers and the assessments of such handlers shall be adjusted so that such assessments are based upon the quantity of each variety or subvariety of pears handled by such handlers during such season. Further, payment discounts may be authorized by the Fresh Pear Committee or the Processed Pear Committee upon the approval of the Secretary to handlers making such advance assessment payments.

Proposal No. 8

Revise § 927.51 to read as follows:

§ 927.51 Issuance of regulations; and modification, suspension, or termination thereof.

(a) Whenever the Secretary finds, from the recommendations and information submitted by the Fresh Pear Committee, or from other available information, that regulation, in the manner specified in this section, of the shipment of pears would tend to effectuate the declared policy of the act, he or she shall so limit the shipment of pears during a specified period or periods. Such regulation may:

(1) Limit the total quantity of any grade, size, quality, or combinations thereof, of any variety or subvariety of pears grown in any district and may prescribe different requirements applicable to shipments to different export markets;

(2) Limit, during any period or periods, the shipment of any particular grade, size, quality, or any combination thereof, of any variety or subvariety, of pears grown in any district or districts of the production area; and

(3) Provide a method, through rules and regulation issued pursuant to this part, for fixing markings on the container or containers, which may be used in the packaging or handling of pears, including appropriate logo or other container markings to identify the contents thereof.

(b) Whenever the Secretary finds, from the recommendations and information submitted by the Fresh Pear Committee, or from other available information, that a regulation should be modified, suspended, or terminated with respect to any or all shipments of pears grown in any district in order to effectuate the declared policy of the act, he or she shall so modify, suspend, or terminate such regulation. If the Secretary finds, from the recommendations and information submitted by the Fresh Pear Committee, or from other available information, that a regulation obstructs or does not tend to effectuate the declared policy of the

act, he or she shall suspend or terminate such regulation. On the same basis and in like manner, the Secretary may terminate any such modification or suspension.

Proposal No. 9

Remove § 927.54.

Proposal No. 10

Revise § 927.70 to read as follows:

§ 927.70 Reports.

(a) Upon the request of the Fresh Pear Committee and the Processed Pear Committee, and subject to the approval of the Secretary, each handler shall furnish to the aforesaid committee, respectively, in such manner and at such times as it prescribes, such information as will enable it to perform its duties under this subpart.

(b) All such reports shall be held under appropriate protective classification and custody by the Fresh Pear Committee and/or the Processed Pear Committee, or duly appointed employees thereof, so that the information contained therein which may adversely affect the competitive position of any handler in relation to other handlers will not be disclosed. Compilations of general reports from data submitted by handlers are authorized subject to the prohibition of disclosure of individual handlers' identities or operations.

(c) Each handler shall maintain for at least two succeeding years such records of the pears received and of pears disposed of, by such handler as may be necessary to verify reports pursuant to this section.

Proposal No. 11

Amend § 927.60 by revising paragraph (a) and adding a new paragraph (c) to read as follows:

§ 927.60 Inspection and certification.

(a) Except as hereinafter provided, no handler shall ship any pears not theretofore inspected, and a certificate issued with respect thereto, by a duly authorized representative of the Federal-State Inspection Service: *Provided*, That such inspection and certification of shipments of pears may be performed by such other inspection service as the Fresh Pear Committee, with the approval of the Secretary, may designate. Promptly after shipment of any pears, the handler shall submit, or cause to be submitted, to the Fresh Pear Committee a copy of the inspection certificate issued on such shipment.

* * * * *

(c) The Fresh Pear Committee may, with the approval of the Secretary,

prescribe rules and regulations modifying or eliminating the requirement for inspection and certification of shipments if alternative methods are available for ensuring such shipments comply with regulations in effect.

Proposal No. 12

Revise § 927.65 to read as follows:

§ 927.65 Exemption from regulation.

(a) Nothing contained in this subpart shall limit or authorize the limitation of shipment of pears for consumption by charitable institutions or distribution by relief agencies, nor shall any assessment be computed on pears so shipped. The Fresh Pear Committee or the Processed Pear Committee may, with the approval of the Secretary, prescribe regulations to prevent pears shipped for either of such purposes from entering commercial fresh-fruit channels of trade contrary to the provisions of this subpart.

(b) The Fresh Pear Committee or the Processed Pear Committee may, with the approval of the Secretary, prescribe rules and regulations whereby quantities of pears or types of pear shipments may be exempted from any or all provisions of this subpart.

Proposal No. 13

Amend § 927.78 by revising paragraphs (b), (c), and (d) to read as follows:

§ 927.78 Termination.

* * * * *

(b) The Secretary shall terminate or suspend the operation of any or all of the provisions of this subpart whenever he or she finds that such operation obstructs or does not tend to effectuate the declared policy of the act.

(c) The Secretary shall terminate the provisions of this subpart applicable to fresh pears for market or pears for processing at the end of any fiscal period whenever the Secretary finds, by referendum or otherwise, that such termination is favored by a majority of growers of fresh pears for market or pears for processing, respectively: *Provided*, That such majority has during such period produced more than 50 percent of the volume of fresh pears for market or pears for processing, respectively, in the production area. Such termination shall be effective only if announced on or before the last day of the then current fiscal period.

(d) The Secretary shall conduct a referendum within every six-year period beginning on the date this section becomes effective, to ascertain whether continuance of the provisions of this subpart applicable to fresh pears for

market or pears for processing are favored by producers of pears for the fresh market and pears for processing, respectively. The Secretary may terminate the provisions of this subpart at the end of any fiscal period in which the Secretary has found that continuance of this subpart is not favored by producers who, during a representative period determined by the Secretary, have been engaged in the production of fresh pears for market or pears for processing in the production area: *Provided*, That termination of the order shall be effective only if announced on or before the last day of the then current fiscal period.

Such projects may provide for any form of marketing promotion, including paid advertising. The expense of such projects shall be paid from funds collected pursuant to §§ 927.41 and 927.45. Expenditures for a particular variety or subvariety of pears shall approximate the amount of assessments and voluntary contributions collected for that variety or subvariety of pears.
