The Work Incentive Grant Program provides grant funds to entities administering Workforce Investment Act Title I programs to augment the One-Stop delivery system to facilitate programmatic access and enhanced, streamlined service delivery for jobseekers with disabilities, including psychiatric and other hidden disabilities.

Authority: Key provisions relating to the One-Stop delivery system and this Solicitation for Grant Applications are at sections 121, 134(c), and 189(c) of the Workforce Investment Act [29 U.S.C. 2841, 2864(c), 2939(c)]; the Wagner-Peyser Act [29 U.S.C. 49f(d) and (e)]; and Department of Labor Appropriations Act, 2003 [Pub. L. 108-7]. Key regulations governing Workforce Investment Act programs are at 20 CFR parts 652 and 660-671 [65 FR 49294 (August 11, 2000)].

I. Funding Opportunity Description

1. *Overview of the One Stop Career Center System:* Section 121 of the Workforce Investment Act (WIA) authorizes programs to serve the employment and training needs of Americans through the One-Stop Career Center system. This system was established through the 1998 passage of WIA as the key element in comprehensive reform of existing Federal job training programs, with amendments impacting service delivery under the adult, dislocated and youth programs, as well as the Wagner-Peyser Act, Adult Education and Literacy Act, and the Rehabilitation Act. Additional Federal programs are identified as required partners in the One-Stop Career Center system with the goal of giving all Americans access to comprehensive services, information and resources that can help them achieve their career goals. The intention of the One-Stop Career Center system is to establish a network of programs and providers in co-located and integrated settings that are accessible for individuals and businesses in each of the approximately 600 workforce investment areas established throughout the nation. WIA established state and local Workforce Investment Boards focused on strategic planning, policy development, and oversight of the workforce investment system, and

accorded significant authority to the nation's Governors and local chief elected officials to implement innovative and comprehensive delivery systems. The vision, goals and objectives for workforce development under the WIA decentralized system are described in the state strategic plan required under section 112 of the legislation. This state strategic workforce investment plan—and the operational experience gained by all the partners to date in implementing the WIA-instituted reforms—help identify the important “unmet needs” of employers and opportunities to expand access to One-Stop Career Centers for employers and all population segments within the local labor market.

2. *ETA's Division of Disability and Workforce Programs (DDWP):* DDWP develops and implements disability policy and program initiatives related to the workforce system, including cross-agency collaborations to address structural barriers to employment. Since the implementation of the WIA, ETA has directed funds and resources to improve workforce services for persons with disabilities, including those with psychiatric and other hidden disabilities. DDWP's major initiatives to embrace the population of jobseekers with disabilities are:

- *Increasing* the value and use of the One-Stop Career Center system through the Work Incentive Grants, by providing comprehensive informational and assistance services on multiple programs for which jobseekers with disabilities are eligible. Eighty-eight grants have been awarded in three rounds since October 2000 to state and/or local workforce investment boards, and to public and nonprofit organizations working closely with these entities. The fourth round for this initiative is the subject of this SGA. The One-Stop Toolkit Web site at <http://www.onestoptoolkit.org> includes numerous training materials, strategies and products developed by grantees to assist their workforce investment systems in serving the disability community. Reviewing these materials will help you avoid proposing activities that duplicate products already available on the Toolkit.

- *Enhancing* comprehensive services and work incentive information for Social Security Administration (SSA) beneficiaries and other jobseekers with disabilities through an ETA/SSA jointly funded Disability Program Navigator Initiative in 14 states in which SSA is establishing employment support initiatives. Information on this initiative, and on SSA's Ticket to Work and Work Incentive Improvement Act
