Notice of Proposed Priority and Clarification of Eligible Local Activities

AGENCY: Office of Elementary and Secondary Education, Department of Education.

SUMMARY: The Secretary proposes to add a competitive preference priority to the Improving Literacy Through School Libraries Program to reflect the importance of mastering reading skills in grades K-3. Background

The Improving Literacy Through School Libraries Program (LSL), authorized by Title I, Part B, Subpart 4, section 1251 of the Elementary and Secondary Education Act of 1965, (ESEA), as amended by the No Child Left Behind Act of 2001, is a discretionary grant program. Through LSL, the Department provides grants to eligible local educational agencies to improve student literacy skills and academic achievement by providing students with increased access to up-to-date school library materials; a well-equipped, technologically advanced school library media center; and well-trained, professionally certified school library media specialists.

Priority

Proposed Competitive Preference Priority for K-3 Projects

This proposed competitive preference priority would support projects that propose primarily to serve grades K-3. The Department would add five points to an applicant's score if its application meets the priority. This proposed priority is based on the design of a proposed project rather than the enrollment of the school(s) to be served. Therefore, applicants with either K-6, K-8, or K-12 enrollments would be eligible to receive the competitive preference priority if their proposed project primarily serves grades K-3. For purposes of this priority, the term

"primarily" means that more than 50 percent of the applicant's proposed budget will be used for grades K-3. The Secretary believes that targeting students in grades K-3 will maximize the impact of LSL on improving student reading achievement.

Proposed Clarification of Eligible Local Activities

The Secretary proposes to allow grantees to conduct professional development activities for school library media specialists that further the purposes of the program, not only as related to preschool education, but also related to education benefiting children in grades K-3. This is consistent with our interpretation of the statute and legislative history. The Secretary believes that allowing professional development for school library media specialists benefiting children from preschool through grade 3 can help link projects under this program with efforts such as those funded under the Early Reading First program authorized by section 1221 *et seq.* of ESEA that benefit teachers of pre-school children, and under the Reading First program authorized by section 1201 *et seq.* of ESEA that benefit teachers of K-3 children. Professional development for school library media specialists that serve children from preschool through grade 3 will assist these specialists and help them better meet the needs of students and fellow educators.

We will announce the final priority and clarification of eligible local activities in the **Federal Register**. We will determine the final priority and eligible activities after considering written responses to this notice and other information available to the Department. This notice does not preclude us from proposing or funding additional priorities, subject to meeting applicable rulemaking requirements.

Note: This notice does *not* solicit applications. In any year in which we choose to use this proposed priority and expanded activities, we invite applications through a notice in the **Federal Register**.

Executive Order 12866

This notice of proposed priority and clarification of eligible local activities for professional development has been reviewed in accordance with Executive Order 12866. Under the terms of the order, we have assessed the potential costs and benefits of this regulatory action.

In assessing the potential costs and benefits—both quantitative and qualitative—of this notice of proposed priority and clarification of eligible local activities, we have determined that the benefits of the proposed priority and clarification of eligible local activities justify the costs.
