

Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center Web site at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than February 6, 2004.

A. Federal Reserve Bank of Minneapolis (Jacqueline G. Nicholas, Community Affairs Officer) 90 Hennepin Avenue, Minneapolis, Minnesota 55480-0291:

1. *Central Banking Services, Inc.*, St. Cloud, Minnesota; to become a bank holding company by acquiring 100 percent of the voting shares of St. Joseph Bancshares, Inc., St. Joseph, Minnesota, and thereby indirectly acquire First State Bank of St. Joseph, St. Joseph, Minnesota.

Board of Governors of the Federal Reserve System, January 8, 2004.

Margaret McCloskey Shanks,

Assistant Secretary of the Board.

BILLING CODE 6210-01-S

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-04-22]

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 498-1210.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Send comments to Seleda Perryman, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-E11, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Project: Indicators of the Performance of Local and State Education Agencies in HIV-prevention and Coordinated School Health Program Activities for Adolescent and School Health Programs—New—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC). This proposed project is an annual Web-based questionnaire to assess programmatic activities among local, State and territorial education agencies (LEA, SEA and TEA) funded by CDC, National Center for Chronic Disease Prevention and Health Promotion, Division of Adolescent and School Health.

Currently, CDC does not fund a standardized annual reporting process

that assesses HIV-prevention activities or coordinated school health program (CSHP) activities among LEAs, SEAs and TEAs within the National Center of Chronic Disease Prevention and Health Promotion. Data gathered from this questionnaire will: (1) Provide standardized information about how HIV-prevention and Coordinated School Health Program (CSHP) funds are used by LEAs, SEAs and TEAs; (2) assess the extent to which programmatic adjustments are indicated; (3) provide descriptive and process information about program activities; and (4) provide greater accountability for use of public funds.

There will be three Web-based questionnaires corresponding to the specific funding sources from the CDC, NCCDPHP, Division of Adolescent and School Health. Two questionnaires pertain to HIV-prevention program activities among LEAs, SEAs and TEAs. The third questionnaire pertains to CSHP activities among SEAs. The two HIV questionnaires will include questions on:

- Distribution of professional development and individualized technical assistance on school policies.
- Distribution of professional development and individualized technical assistance on education curricula and instruction.
- Distribution of professional development and individualized technical assistance assessment of student standards.
- Collaboration with external partners.
- Targeting priority populations.
- Planning and improving projects.
- Information about additional program activities.

The third questionnaire, CSHP, will also ask the questions above, however, it will focus on physical activity, nutrition, and tobacco-use prevention activities. It will include additional questions on:

- Joint activities of the State Education Agency and State Health Agency (SHA).
- Activities of the CSHP State-wide coalition.
- Health promotion programs and environmental approaches to Physical Activity, Nutrition and Tobacco (PANT).

There is no cost to respondents except for their time.

Respondents	No. of respondents	No. of responses per respondent	Average burden per response (in hrs.)	Total burden (in hrs.)
HIV Prevention Questionnaire: Local Education Agency Officials	18	1	7	126
HIV Prevention Questionnaire: State & Territorial Education Agency Officials	55	1	7	385
CSHP Questionnaire: State Education Agency Officials	23	1	9	207
Total	718

Dated: January 6, 2004.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Proposed Data Collections Submitted for Public Comment and Recommendations

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the

Paperwork Reduction Act (44 U.S.C. chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 498-1210. Send written comments to CDC, Desk Officer, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503 or by fax to (202) 395-6974. Written comments should be received within 30 days of this notice.

Proposed Project: An Evaluation Survey on the Use and Effectiveness of Internet SAMMEC—N—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

Since 1987, the Centers for Disease Control and Prevention (CDC) has used the Smoking-Attributable Mortality, Morbidity, and Economic Costs (SAMMEC) software to estimate the disease impact of smoking for the nation, states, and large populations.

The Internet version of the SAMMEC software was released in 2002, and it contains two distinct computational programs, Adult SAMMEC and Maternal and Child Health (MCH) SAMMEC, which can be used to estimate the adverse health outcomes and disease impact of smoking on adults and infants.

More than 1230 tobacco control professionals in the State health departments and other tobacco control institutions in the country are currently using Internet SAMMEC to generate the data they need for their projects. Some of them have provided comments and sent requests for assistance. The purpose of this survey is to evaluate the use and effectiveness of the SAMMEC software and identify ways to improve the system so that it will better meet the needs of the users in tobacco control and prevention. The annualized burden for this data collection is 250 hours.

Respondents	No. of respondents	No. of responses/response	Average burden/response (in hours)
Tobacco Control Professionals/Internet SAMMEC users	1000	1	15/60

Dated: January 7, 2004.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Proposed Project: NIOSH Training Grant Applications 42 CFR Part 86, OMB NO. 0920-0261—Extension—National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC).

Public law 91-596 requires CDC, National Institute of Occupational Safety and Health (NIOSH) to provide an adequate supply of professionals to carry out the purposes of the Act to assure a safe and healthful work environment. NIOSH supports educational programs through training

grant awards to academic institutions for the training of industrial hygienists, occupational physicians, occupational health nurses, safety professionals and other professionals in related disciplines, such as occupational epidemiologists. Grants are provided to regional Education and Research Centers (ERCs) which provide multidisciplinary graduate academic and research training for professionals, continuing education for practicing professionals and outreach programs. There are also Training Project Grants (TPGs) which provide single discipline academic and technical training throughout the country. 42 CFR part 86, "Grants for Education Programs in Occupational Safety and Health, Subpart B—Occupational Safety and Health Training," provides guidelines for implementing Pub. L. 91-596.

The Training Grant Application form (CDC 2.145.A) is used by NIOSH to
