

FEDERAL DEPOSIT INSURANCE CORPORATION**Agency Information Collection Activities: Submission for OMB Review; Comment Request**

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice of information collections to be submitted to OMB for review and approval under the Paperwork Reduction Act of 1995.

SUMMARY: In accordance with requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the FDIC hereby gives notice that it plans to submit to the Office of Management and Budget (OMB) a request for OMB review and approval of the information collection system described below.

DATES: Comments must be submitted on or before May 24, 2004.

ADDRESSES: Interested parties are invited to submit written comments to Steve Hanft, Paperwork Clearance Officer, (202) 898-3907, Legal Division, Room MB-3064, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429. All comments should refer to the OMB control number. Comments may be hand-delivered to the guard station at the rear of the 17th Street Building (located on F Street), on business days between 7 a.m. and 5 p.m. [FAX number (202) 898-3838].

A copy of the comments may also be submitted to the OMB desk officer for the FDIC: Mark Menchik, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Steve Hanft, at the address identified above.

SUPPLEMENTARY INFORMATION: Proposal to renew the following currently approved collection of information:

1. *Title:* Occasional Qualitative Surveys.

OMB Number: 3064-0127.

Frequency of Response: On occasion.

Affected Public: Financial institutions, their customers, and members of the public generally.

Estimated Number of Respondents: 5,000.

Estimated Time per Response: 1 hours.

Total Annual Burden: 5,000 hours.

General Description of Collection: This collection involves the occasional use of qualitative surveys to gather anecdotal information about regulatory

burden, bank customer satisfaction, problems or successes in the bank supervisory process (both safety-and-soundness and consumer related), and similar concerns. In general, these surveys would not involve more than 500 respondents, would not require more than one hour per respondent, and would be completely voluntary. It is not contemplated that more than ten such surveys would be completed in any given year.

Request for Comment

Comments are invited on: (a) Whether this collection of information is necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimate of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

Dated at Washington, DC, this 15th day of April, 2004.

Federal Deposit Insurance Corporation.

Robert E. Feldman, Executive Secretary.

GENERAL SERVICES ADMINISTRATION**Notice of Intent To Prepare an Environmental Impact Statement: Los Angeles, CA**

AGENCY: General Services Administration; Pacific Rim Region.

ACTION: Notice of public meeting.

SUMMARY: The General Services Administration, Portfolio Management Division (9PT), intends to prepare an Environmental Impact Statement (EIS) on the following project: New Federal Building at 11000 Wilshire Boulevard, Los Angeles, California.

The Federal Bureau of Investigation (FBI) requires new facilities in the Los Angeles area to consolidate current facilities from various locations, provide facilities with a higher level of security than currently provided in existing

spaces, and provide for growth associated with the increase in demand for staff and infrastructure.

DATES: A scoping meeting will be held on May 20, 2004, from 4:30 p.m. to 7:30 p.m. Interested parties should submit written comments on or before May 25, 2004.

ADDRESSES: The meeting will be held in the Cafeteria Building on the federal office complex located at 11000 Wilshire Boulevard, Los Angeles, California.

FOR FURTHER INFORMATION CONTACT: Mr. Javad Soltani, General Services Administration, Public Buildings Service, Portfolio Management Division (9PT), at (415) 522-3493; fax at (415) 522-3215; or e-mail at javad.soltani@gsa.gov.

SUPPLEMENTARY INFORMATION: The Notice of Intent is as follows:

Notice of Intent To Prepare an Environmental Impact Statement

The United States General Services Administration intends to prepare an Environmental Impact Statement (EIS) on the following project: New Federal Building at 11000 Wilshire Boulevard, Los Angeles, California.

Proposed Action

The Federal Bureau of Investigation (FBI) requires new facilities in the Los Angeles area to consolidate current facilities from various locations, provide facilities with a higher level of security than currently provided in existing spaces, and provide for growth associated with the increase in demand for staff and infrastructure on a twenty-year planning horizon. To meet these needs, the United States General Services Administration is planning the construction of a new federal building on the existing 28-acre site of the current Federal office complex at 11000 Wilshire Blvd., Los Angeles, California. The building and adjoining facilities will house the Federal Bureau of Investigation offices and related facilities and that are currently located in the 17-floor Federal office building and garage located on the site. The existing 17-floor federal building will remain on site for the foreseeable future and receive federal agencies that require additional space or will be relocated from other locations in the region that are currently leased. The proposed new Federal facilities will provide approximately 937,000 gross square feet of space plus 1,200 secured parking stalls. It is anticipated that the proposed development will occur in two phases over a 10-year period and ultimately include office space, an automobile/

radio maintenance facility, and a parking garage.

Alternatives to the proposed action include:

A. Renovate and Expand Existing Facility Alternative: This alternative would leave the Federal Bureau of Investigation in the current 17-floor building on the 11000 Wilshire Boulevard site and modify the building to the extent possible to meet security requirements and short-term space needs of the Federal Bureau of Investigation. Other current tenants in the building would be required to relocate to other facilities.

B. Lease Build-to-Suit Alternative: This would provide a building for lease to the General Services Administration that is constructed to meet the needs and requirements of the Federal Bureau of Investigation. The building would be located in the northwest area of Los Angeles.

C. No Action Alternative: This would require the operation of the Federal Bureau of Investigation facilities at separate locations in the area and the associated inherent operational inefficiencies. The existing Government facilities will not be sufficient to accommodate future growth and security requirements.

The public is cordially invited to participate in the scoping process. A scoping meeting will be held in the Cafeteria Building on the federal office complex located at 11000 Wilshire Boulevard, Los Angeles, California, on May 20, 2004, from 4:30 p.m. to 7:30 p.m. At the scoping meeting, the public will be requested to identify issues that they believe should be analyzed in the Environmental Impact Statement. The public is invited to submit any written comments to the address below by May 25, 2004.

Dated: April 19, 2004.

Regional Environmental Quality Advisor.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Healthcare Research and Quality

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Agency for Healthcare Research and Quality, HHS.

ACTION: Notice.

SUMMARY: This notice announces the intention of the Agency for Healthcare Research and Quality (AHRQ) to request that the Office of Management and Budget (OMB) allow the proposed information collection project: "CAHPS II Reports Laboratory Experiment". This experiment will assess the impact of improved data displays on consumers' understanding and use of reports of health care quality. In accordance with the Paperwork Reduction Act of 1995, 44 U.S.C. 3506(c)(2)(A), AHRQ invites the public to comment on this proposed information collection.

This proposed information collection was previously published in the **Federal Register** on February 19, 2004 and allowed 60 days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment.

DATES: Comments on this notice must be received by June 22, 2004.

ADDRESSES: Written comments should be submitted to: Cynthia D. McMichael, Reports Clearance Officer, AHRQ, 5640 Gaither Road, Suite 5022, Rockville, MD 20850.

FOR FURTHER INFORMATION CONTACT: Cynthia D. McMichael, AHRQ, Reports Clearance Officer, (301) 427-1651.

SUPPLEMENTARY INFORMATION:

Proposed Project "CAHPS II Reports Laboratory Experiment"

CAHPS II Reports Laboratory Experiment is designed to assess the impact of improved data displays on consumers' understanding and use of reports of health care quality and tests the impact of alternative design features.

Getting consumers to pay attention to and use comparative quality information continues to be a major challenge to CAHPS and other quality reporting efforts, including efforts by the Centers for Medicare & Medicaid Services (CMS) and the National Committee for Quality Assurance (NCQA), and others. We need to learn more about ways to maximize the likelihood that consumers of health services will look at and pay attention to quality information, understand and interpret it accurately, use the information appropriate, and make "effective" choices based on the information.

This study will test the impact of alternative design features on user comprehension of available health care quality information and on its saliency to user decision-making. The study will assess ease of navigation of alternative approaches and consumers' stated preferences among the choices offered.
