

at the Mojave Airport per day. These military aircraft can produce sonic booms. Even in the worst case scenario, *i.e.*, one launch from the Mojave Airport, one launch of the proposed Unmanned Lifting Entry Vehicle from Edwards AFB, and two jet aircraft take offs or landings from the Mojave Airport, there would not be more than 10 sonic booms generated per day in the region of influence. Therefore, there would be no significant cumulative impacts to noise from the proposed action.

No significant cumulative impacts to biological, cultural, land use, socioeconomics, environmental justice, transportation, geologic, mineral, visual and aesthetic, or water resources would occur as a result of the proposed action. No significant cumulative impacts would result from hazardous materials or hazardous waste used or produced as a result of the proposed action.

Detailed analyses of safety and related issues will be addressed in the FAA's Mission and Safety Review prior to issuing a launch license. However, safety and health analyses of operations that have the potential for environmental impact were considered in the EA and were determined to have no significant cumulative impacts on the environment.

Although the proposed action would support and facilitate limited growth, it would not induce growth. Additionally, there would be no specific future development activities currently known that would be dependent on the proposed action. Therefore no secondary impacts are expected to result from the proposed action.

No Action Alternative

Under the no action alternative, the FAA would not issue a launch license to XCOR for up to 35 launches of the Sphinx launch vehicle from the Mojave Airport. XCOR could continue to conduct aviation-related activities that do not require a launch license. The predicted environmental effects of the proposed action would not occur. The existing on- and off-site conditions at the Mojave Airport would remain unchanged.

Determination

An analysis of the proposed action has concluded that there are no significant short-term or long-term effects to the environment or surrounding populations. After careful and thorough consideration of the facts contained herein, the undersigned finds that the proposed Federal action is consistent with existing national environmental policies and objectives as

set forth in Section 101 of NEPA and other applicable environmental requirements and will not significantly affect the quality of the human environment or otherwise include any condition requiring consultation pursuant to Section 102(2)(C) of NEPA.

Dated: April 19, 2004.

Patricia Grace Smith,

Associate Administrator for Commercial Space Transportation.

Federal Aviation Administration

[Summary Notice No. PE-2004-27]

Petitions for Exemption; Summary of Petitions Received

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of petitions for exemption received.

SUMMARY: Pursuant to FAA's rulemaking provisions governing the application, processing, and disposition of petitions for exemption part 11 of Title 14, Code of Federal Regulations (14 CFR), this notice contains a summary of certain petitions seeking relief from specified requirements of 14 CFR, dispositions of certain petitions previously received, and corrections. The purpose of this notice is to improve the public's awareness of, and participation in, this aspect of FAA's regulatory activities. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of any petition or its final disposition.

DATES: Comments on petitions received must identify the petition docket number involved and must be received on or before May 17, 2004.

ADDRESSES: You may submit comments (identified by DOT DMS Docket Number FAA-2004-17478) by any of the following methods:

- *Web site:* <http://dms.dot.gov>.

Follow the instructions for submitting comments on the DOT electronic docket site.

- *Fax:* 1-202-493-2251.

- *Mail:* Docket Management Facility; U.S. Department of Transportation, 400 Seventh Street, SW., Nassif Building, Room PL-401, Washington, DC 20590-001.

- *Hand Delivery:* Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday

through Friday, except Federal Holidays.

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

Docket: For access to the docket to read background documents or comments received, go to <http://dms.dot.gov> at any time or to Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: John Linsenmeyer (202) 267-5174, Tim Adams (202) 267-8033, or Sandy Buchanan-Sumter (202) 267-7271, Office of Rulemaking (ARM-1), Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85 and 11.91.

Issued in Washington, DC, on April 20, 2004.

Donald P. Byrne,

Assistant Chief Counsel for Regulations.

Petition for Exemption

Docket No.: FAA-2004-17478.

Petitioner: Delta Air Lines, Inc.

Section of 14 CFR Affected: 14 CFR 145.107(a)(1).

Description of Relief Sought: To permit Delta Air Lines, Inc. to operate a satellite repair station at Dallas/Fort Worth Texas, which holds a Limited Rating for Emergency Equipment, when Delta's repair station with managerial control of the Dallas/Fort Worth facility does not have an identical rating.

Petitions for Exemption

Docket No.: FAA-2004-17317-1.

Petitioner: Cessna Aircraft Company.

Sections of 14 CFR Affected: 14 CFR 23.181(b).

Description of Relief Sought: To allow the Cessna Model 525B to be certificated with relief from the requirements of

§ 23.181(b), as outlined in Exemption 5759, which was issued for the original 525. However, the exemption for the 525B would contain the additional restriction to require the 525B to operate below 30,000 feet in the event of a yaw damper failure.

Aviation Rulemaking Advisory Committee Meeting on Transport Airplane and Engine Issues

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of public meeting.

SUMMARY: This notice announces a public meeting of the FAA's Aviation Rulemaking Advisory Committee (ARAC) to discuss transport airplane and engine (TAE) issues.

DATES: The meeting is scheduled for May 14, 2004, from 11 a.m. to 1:30 p.m.

ADDRESSES: Federal Aviation Administration, 800 Independence Ave., SW., Room 810, Washington, DC 20591.

FOR FURTHER INFORMATION CONTACT:

Alicia K. Douglas, Office of Rulemaking, ARM-204, FAA, 800 Independence Avenue, SW., Washington, DC 20591; telephone (202) 267-9681; facsimile (202) 267-5075; or e-mail at alicia.k.douglas@faa.gov.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463; 5 U.S.C. app. III), notice is given of an ad hoc ARAC meeting to be held May 14, 2004, at the Federal Aviation Administration, 800 Independence Ave., Room 810, Washington, DC. The meeting/teleconference is being held to approve the Avionics Systems Harmonization Working Group (AVSHWG) report and draft associated advisory circular that addresses section 25.1322 pertaining to flight deck alerting systems. The TAE expected to vote on the AVSHWG report and associated draft advisory circular, but did not because of concerns associated with the lack of display color guidance contained in the draft advisory circular, at the February 2004 TAE meeting. At that time, however, TAE members agreed to accept the report and draft advisory circular but to hold the vote at a future date, after the AVSHWG addressed the concerns. This ad hoc TAE meeting is necessary because the AVSHWG report is directly linked to a

safety enhancement recommended by the Commercial Aviation Safety Team (CAST).

The agenda will include:

- Opening remarks.
- Avionics HWG Report and Draft Advisory Circular, AC 25.1322, and Approval.

Attendance is open to the public, but will be limited to the availability of meeting room space and telephone lines. The public may participate by teleconference by contacting the person listed under the heading **FOR FURTHER INFORMATION CONTACT** after May 4. The public must make arrangements by May 7 to present oral statements at the meeting. Written statements may be presented to the committee at any time by providing 25 copies to the Assistant Executive Director for Transport Airplane and Engine issues or by providing copies at the meeting. Copies of the documents to be voted upon may be made available by contacting the person listed under the heading **FOR FURTHER INFORMATION CONTACT**.

If you are in need of assistance or require a reasonable accommodation for the meeting or meeting documents, please contact the person listed under the heading **FOR FURTHER INFORMATION CONTACT**. Sign and oral interpretation, as well as a listening device, can be made available if requested 10 calendar days before the meeting.

Issued in Washington, DC, on April 20, 2004.

Ida M. Klepper,

Acting Executive Director, Aviation Rulemaking Advisory Committee.

Notice of Intent to Rule on Application to Impose and Use the Revenue From a Passenger Facility Charge (PFC) at Honolulu International, Kahului, Kona International, and Lihue Airports, HI

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to rule on application.

SUMMARY: The FAA proposes to rule and invites public comment on the application to impose and use the revenue from a PFC at Honolulu International (HNL), Kahului (OGG), Kona International (KOA), and Lihue (LIH) Airports under the provisions of the 49 United States Code (U.S.C.) section 40117 and part 158 of the
