

note that you may not attach materials such as studies or journal articles to your electronic comments. If you wish to include such materials, you must submit three copies to the OSHA Docket Office at the address listed above. When submitting such materials to the OSHA Docket Office, clearly identify your electronic comments by name, date, subject, and Docket Number, so that we can attach the materials to your electronic comments.

FOR FURTHER INFORMATION CONTACT:

Audrey Rollor, Office of Construction Standards and Guidance, Occupational Safety and Health Administration, U.S. Department of Labor, Room N-3468, 200 Constitution Avenue, NW., Washington, DC 20210; telephone: (202) 693-2020.

SUPPLEMENTARY INFORMATION:

I. Background

On July 16, 2002, OSHA published a notice of intent to establish a negotiated rulemaking committee to improve crane and derrick safety in construction, requesting comments and nominations for membership (67 FR 46612). In subsequent notices the Department of Labor announced the establishment of the Committee (68 FR 35172, June 12, 2003), requested comments on a list of proposed members (68 FR 9036, February 27, 2003), published a final membership list (68 FR 39877, July 3, 2003), and announced the first meeting, (68 FR 39880, July 3, 2003), which was held July 30–August 1, 2003. The Agency published notices announcing the subsequent meetings.

II. Agenda

At the June meeting, the Committee will primarily review draft materials prepared by the Agency based on CDAC discussions at prior meetings. OSHA anticipates that CDAC will be reviewing draft regulatory text of items mentioned below on the “Anticipated Key Issues for Negotiation” list.

III. Anticipated Key Issues for Negotiation

OSHA anticipates that CDAC will continue discussing key issues from the following list in upcoming meetings:

1. Scope.
2. General Requirements.
3. Assembly/Disassembly.
4. Operation—Procedures.
5. Authority to Stop Operation.
6. Signals.
7. Requirements for equipment with a manufacturer-rated hoisting/lifting capacity below 2,000 pounds.
8. Operational Aids/Safety Devices.
9. Inspections.
10. Equipment Modifications.

11. Personnel Training.
12. Wire Rope.
13. Operator Qualifications.
14. Keeping Clear of the Load.
15. Fall Protection (ladder access and catwalks, fall arrest).
16. Hoisting Personnel.
17. Qualifications of Maintenance & Repair Workers.
18. Machine Guarding.
19. Responsibility for environmental considerations, site conditions, ground conditions.
20. Work Zone Control (access/egress).
21. Power line safety.
22. Derricks.
23. Verification criteria for structural adequacy of crane components and stability testing requirements.
24. Floating Cranes & Cranes on Barges.
25. Free Fall/Power Down.
26. Multiple Crane Lifts.
27. Tower Cranes.
28. Operator Cab Criteria.
29. Overhead & Gantry Cranes.
30. Definitions.

IV. Public Participation

All interested parties are invited to attend the June public meeting at the time and place indicated above. Seating will be available to the public on a first-come, first-served basis. Individuals with disabilities wishing to attend should contact Luz Dela Cruz by telephone at 202-693-2020 or by fax at 202-693-1689 to obtain appropriate accommodations no later than Friday, May 21, 2004. The meeting is expected to last two and a half days.

In addition, members of the general public may request an opportunity to make oral presentations to the Committee. The Facilitator has the authority to decide to what extent oral presentations by members of the public may be permitted at the meeting. Oral presentations will be limited to statements of fact and views, and shall not include any questioning of the committee members or other participants.

Minutes of the meetings and materials prepared for the Committee will be available for public inspection at the OSHA Docket Office, Room N-2625, 200 Constitution Ave., NW., Washington, DC 20210; Telephone (202) 693-2350. Minutes will also be available on the OSHA Docket Web page: <http://www.dockets.osha.gov/>.

The Facilitator, Susan Podziba, can be reached at Susan Podziba and Associates, 21 Orchard Road, Brookline, MA 02445; telephone (617) 738-5320, fax (617) 738-6911.

Signed in Washington, DC, this 21st day of April, 2004.

John L. Henshaw,

Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510-26-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[CGD01-04-027]

RIN 1625-AA09

Drawbridge Operation Regulations; Chelsea River, MA

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to temporarily change the drawbridge operating regulations governing the operation of the P.J. McArdle Bridge, mile 0.3, across the Chelsea River between East Boston and Chelsea, Massachusetts. This proposed rule would allow the bridge to need not open for the passage of vessel traffic from 10 a.m. to 5 p.m. on June 5, 2004, to facilitate the First Annual Chelsea River Revel 5K Road Race. Vessels that can pass under the bridge without a bridge opening may do so at all times.

DATES: Comments and related material must reach the Coast Guard on or before May 17, 2004.

ADDRESSES: You may mail comments and related material to Commander (obr), First Coast Guard District Bridge Branch, One South Street, Battery Park Building, New York, New York, 10004, or deliver them to the same address between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays. The telephone number is (212) 668-7165. The First Coast Guard District, Bridge Branch, maintains the public docket for this rulemaking. Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at the First Coast Guard District, Bridge Branch, 7 a.m. to 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: John McDonald, Project Officer, First Coast Guard District, (617) 223-8364.

SUPPLEMENTARY INFORMATION:

Request for Comments

We encourage you to participate in this rulemaking by submitting comments or related material. If you do so, please include your name and address, identify the docket number for this rulemaking (CGD01-04-027), indicate the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and related material in an unbound format, no larger than 8 1/2 by 11 inches, suitable for copying. If you would like to know if they reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change this proposed rule in view of them.

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for a meeting by writing to the First Coast Guard District, Bridge Branch, at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Background

The P.J. McArdle Bridge has a vertical clearance of 21 feet at mean high water and 30 feet at mean low water in the closed position. The existing drawbridge operation regulations listed at 33 CFR 117.593 require the bridge to open on signal at all times.

The owner of the bridge, the City of Boston, requested a temporary change to the drawbridge operation regulations to allow the bridge to need not open for the passage of vessel traffic from 10 a.m. to 5 p.m. on June 5, 2004, to facilitate the running of the First Annual Chelsea River Revel 5K Road Race. Vessels that can pass under the bridge without a bridge opening may do so at all times.

The Chelsea River is predominantly transited by commercial tugs, barges, and oil tankers. The Coast Guard coordinated this closure with the mariners that normally use this waterway and no objections were received.

The Coast Guard did not receive the request to keep the bridge closed to facilitate the scheduled road race until March 16, 2004. A shortened comment period is necessary, due the short notice given to the Coast Guard, to allow a final rule to be issued in time for the start of First Annual Chelsea River Revel 5K Road Race on June 5, 2004.

The Coast Guard believes this proposed rule is reasonable in order to provide for public safety and the safety of the race participants.

Discussion of Proposal

This proposed change would suspend § 117.593 and temporarily add a new § 117.T594.

Under the new temporary section all drawbridges across the Chelsea River would open on signal; except that the P.J. McArdle Bridge, mile 0.3, need not open for the passage of vessel traffic from 10 a.m. to 5 p.m. on June 5, 2004.

The opening signal for each drawbridge would remain as two prolonged blasts followed by two short blasts and one prolonged blast. The acknowledging signal would remain as three prolonged blasts when the draw can be opened immediately and two prolonged blasts when the draw cannot be opened or is open and must be closed.

Regulatory Evaluation

This proposed rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security.

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation, under the regulatory policies and procedures of DHS, is unnecessary.

This conclusion is based on the fact that the bridge will be closed for a relatively short period of time in the interest of public safety during the running of the 5K road race.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under section 5 U.S.C. 605(b), that this proposed rule would not have a significant economic impact on a substantial number of small entities.

This conclusion is based on the fact that the bridge will be closed for a relatively short period of time in the interest of public safety during the running of the 5K road race.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520.).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule would not effect a taking of private property or otherwise have taking implications under E.O. 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety

Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have analyzed this proposed rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (32)(e), of the Instruction, from further environment documentation because it has been determined that the promulgation of operating regulations or procedures for drawbridges are categorically excluded.

List of Subjects in 33 CFR Part 117

Bridges.

Regulations

For the reasons set out in the preamble, the Coast Guard proposes to amend 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; Department of Homeland Security Delegation No. 0170.1; 33 CFR 1.05–1(g); section 117.255 also issued under the authority of Pub. L. 102–587, 106 Stat. 5039.

2. On June 5, 2004, § 117.593 is suspended and a new § 117.594 is added to read as follows:

§ 117.594 Chelsea River.

(a) All drawbridges across the Chelsea River shall open on signal; except that the P.J. McArdle Bridge, mile 0.3, need not open for the passage of vessel traffic from 10 a.m. to 5 p.m. on June 5, 2004.

(b) The opening signal for each drawbridge is two prolonged blasts followed by two short blasts and one prolonged blast. The acknowledging signal is three prolonged blasts when the draw can be opened immediately and two prolonged blasts when the draw cannot be opened or is open and must be closed.

Dated: April 9, 2004.

John L. Grenier,

Captain, U.S. Coast Guard, Acting Commander, First Coast Guard District.

Coast Guard

33 CFR Part 165

[CGD05–04–016]

RIN 1625–AA00

Security Zone; Military Ocean Terminal Sunny Point and Lower Cape Fear River, Brunswick County, NC

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking

SUMMARY: The Coast Guard proposes implementing a permanent security zone on the Cape Fear River at Military Ocean Terminal Sunny Point (MOTSU), North Carolina. Entry into or movement within the security zone will be prohibited without authorization from the Captain of the Port (COTP). This action is necessary to safeguard the vessels and the facility from sabotage, subversive acts, or other threats.

DATES: Comments and related material must reach the Coast Guard on or before May 27, 2004.

ADDRESSES: You may mail comments and related material to Coast Guard Marine Safety Office, 721 Medical Center Drive, Suite 100, Wilmington, North Carolina 28401. The Port Operations Department, Waterways

Management Division maintains the public docket for this rulemaking. Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at Coast Guard Marine Safety Office, 721 Medical Center Drive, Suite 100, Wilmington, North Carolina 28401, between 7:30 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: LCDR Charles A. Roskam II, Chief Port Operations (910) 772–2200 or toll free (877) 229–0770.

SUPPLEMENTARY INFORMATION:

Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related material. If you do so, please include your name and address, identify the docket number for this rulemaking (CGD05–04–016), indicate the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and related material in an unbound format, no larger than 8½ by 11 inches, suitable for copying. If you would like to know that your submission reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change this proposed rule in view of them.

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for a meeting by writing to Coast Guard Marine Safety Office, Wilmington at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a separate notice in the **Federal Register**.

Background and Purpose

Vessels frequenting the Military Ocean Terminal Sunny Point (MOTSU) facility serve as a vital link in the transportation of military munitions and explosives in support of Department of Defense missions at home and abroad. This vital transportation link is potentially at risk to acts of terrorism, sabotage and other criminal acts. Munitions and explosive laden vessels also pose a unique threat to the safety and security of the MOTSU facility, vessel crews, and others in the maritime community and the surrounding community should the vessels be
