EPA and Advance negotiated and signed an administrative consent agreement, following the Consolidated Rules of Practice, 40 CFR 22.13(b), on March 31, 2004 (*In Re: Advance Auto Parts, Inc.*, Docket No. HQ-2004-6001). Title: Implementation of the Local Competition Provisions of the Telecommunications Act of 1996, CC Docket No. 96-98, Second Report and Order and Memorandum Opinion and Order; Second Order on Reconsideration; CC Docket No. 99-273, First Report and Order.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 2,000.

Estimated Time per Response: 115 hours.

Frequency of Response: On occasion reporting requirement and third party disclosure requirement.

Total Annual Burden: 228,030 hours.

Total Annual Cost: \$60,000.

Needs and Uses: In the First Report and Order issued in CC Docket No. 99-273, the Commission adopts several of its tentative conclusions. The Commission concludes that local exchange carriers (LECs) must provide competing directory assistance (DA) providers that qualify under Section 251 with nondiscriminatory access to the LEC's local directory assistance databases, and must do so at nondiscriminatory and reasonable rates. The Commission determined that LECs are not required to grant competing DA providers nondiscriminatory access to non-local directory assistance databases.
