

and solid waste streams produced during operation of the facility. The environmental program monitors the air, surface water, sediment, soil, groundwater, and vegetation in and around the Columbia plant.

Airborne, liquid, and solid effluent streams that contain radioactive material generated at the Columbia facility are monitored to ensure compliance with NRC regulations in 10 CFR Part 20. The results of effluent monitoring are reported on a semi-annual basis to the NRC in accordance with 10 CFR 70.59.

Airborne and liquid effluents are also monitored for nonradiological constituents in accordance with State discharge permits. For the purpose of this EA, the State of South Carolina is expected to set limits on effluents under its regulatory control that are protective of health and safety and the local environment.

Environmental Impacts of Proposed Action

The proposed action will not result in the release of any chemical or radiological constituents to the environment. In addition, the proposed action will not cause any adverse impacts to local land use, biotic resources, or cultural resources.

Environmental Impacts of No Action Alternative

Under the no action alternative, WEC would have to complete the annual SNM physical inventory by May 18, 2004. In order to complete the physical inventory by May 18, 2004, WEC would encounter significant challenges in achieving a successful and complete physical inventory due to a high production workload and the sharing of common resources.

Based on its review, the NRC staff has concluded that the environmental impacts associated with the proposed action are insignificant. Thus, the staff considers that Alternative 1 is the appropriate alternative for selection.

Agencies and Persons Contacted

On April 27, 2004, the NRC staff contacted the South Carolina Department of Health and Environmental Conservation (DHEC) concerning this request. Based on information provided by the NRC, concerning the exemption allowing the extension of the SNM physical inventory completion date, DHEC did not object to granting this exemption and the EA.

The NRC staff has determined that consultation under Section 7 of the Endangered Species Act is not required

because the proposed action is administrative in nature and will not affect listed species or critical habitat.

The NRC staff has determined that the proposed action is not a type of activity that has potential to cause effect on historic properties because it is administrative in nature. Therefore, consultation under Section 106 of the National Historic Preservation Act is not required.

III. Finding of No Significant Impact

Pursuant to 10 CFR Part 51, the NRC staff has considered the environmental consequences of amending WEC Materials License SNM-1107 to exempt WEC from the annual SNM physical inventory requirement in 10 CFR 74.31(c)(5) and extend the completion date. On the basis of this assessment, the Commission has concluded that environmental impacts associated with the proposed action would not be significant and the Commission is making a finding of no significant impact. Accordingly, preparation of an EIS is not warranted.

NUCLEAR REGULATORY COMMISSION

Advisory Committee on Nuclear Waste; Meeting on Planning and Procedures; Notice of Meeting

The ACNW will hold a Planning and Procedures meeting on May 25, 2004, Room T-2B3, 11545 Rockville Pike, Rockville, Maryland.

The entire meeting will be open to public attendance, with the exception of a portion that may be closed pursuant to 5 U.S.C. 552b(c) (2) and (6) to discuss organizational and personnel matters that relate solely to internal personnel rules and practices of ACNW, and information the release of which would constitute a clearly unwarranted invasion of personal privacy.

The agenda for the subject meeting shall be as follows:

Tuesday, May 25, 2004—8:30 a.m.—10:30 a.m.

The Committee will discuss proposed ACNW activities and related matters. The purpose of this meeting is to gather information, analyze relevant issues and facts, and formulate proposed positions and actions, as appropriate, for deliberation by the full Committee.

Members of the public desiring to provide oral statements and/or written comments should notify the Designated Federal Official, Mr. Howard J. Larson (Telephone: 301/415-6805) between 7:30 a.m. and 4:15 p.m. (e.t.) five days prior to the meeting, if possible, so that appropriate arrangements can be made. Electronic recordings will be permitted only during those portions of the meeting that are open to the public.

Further information regarding this meeting can be obtained by contacting the Designated Federal Official between 7:30 a.m. and 4:15 p.m. (e.t.). Persons planning to attend this meeting are urged to contact the above named

individual at least two working days prior to the meeting to be advised of any potential changes in the agenda.

Dated: May 6, 2004.

Medhat El-Zeftawy,

Acting Associate Director for Technical Support, ACRS/ACNW.

OFFICE OF PERSONNEL MANAGEMENT

Federal Prevailing Rate Advisory Committee; Open Committee Meetings

According to the provisions of section 10 of the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given that meetings of the Federal Prevailing Rate Advisory Committee will be held on:

Thursday, May 20, 2004

Thursday, June 3, 2004

Thursday, June 17, 2004

Thursday, July 15, 2004

Thursday, July 29, 2004

The meetings will start at 10:00 a.m. and will be held in Room 5A06A, Office of Personnel Management Building, 1900 E Street, NW., Washington, DC.

The Federal Prevailing Rate Advisory Committee is composed of a Chair, five representatives from labor unions holding exclusive bargaining rights for Federal blue-collar employees, and five representatives from Federal agencies. Entitlement to membership on the Committee is provided for in 5 U.S.C. 5347.

The Committee's primary responsibility is to review the Prevailing Rate System and other matters pertinent to establishing prevailing rates under subchapter IV, chapter 53, 5 U.S.C., as amended, and from time to time advise the Office of Personnel Management.

These scheduled meetings will start in open session with both labor and management representatives attending. During the meetings either the labor members or the management members may caucus separately with the Chair to devise strategy and formulate positions. Premature disclosure of the matters discussed in these caucuses would unacceptably impair the ability of the Committee to reach a consensus on the matters being considered and would disrupt substantially the disposition of its business. Therefore, these caucuses will be closed to the public because of a determination made by the Director of the Office of Personnel Management under the provisions of section 10(d) of the Federal Advisory Committee Act (Pub. L. 92-463) and 5 U.S.C.

552b(c)(9)(B). These caucuses may, depending on the issues involved, constitute a substantial portion of a meeting.

Annually, the Chair compiles a report of pay issues discussed and concluded recommendations. These reports are available to the public, upon written request to the Committee's Secretary.

The public is invited to submit material in writing to the Chair on Federal Wage System pay matters felt to be deserving of the Committee's attention. Additional information on this meeting may be obtained by contacting the Committee's Secretary, Office of Personnel Management, Federal Prevailing Rate Advisory Committee, Room 5538, 1900 E Street, NW., Washington, DC 20415 (202) 606-1500.

Dated: May 3, 2004.

Mary M. Rose,

Chairperson, Federal Prevailing Rate Advisory Committee.

SUPPLEMENTARY INFORMATION:

A. General

The Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100-503), amended the Privacy Act (5 U.S.C. 552a) by establishing the conditions under which computer matching involving the Federal government could be performed and adding certain protections for individuals applying for and receiving Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such individuals.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State, or local government records. Among other things, it requires Federal agencies involved in computer matching programs to:

(1) Negotiate written agreements with the other agency or agencies participating in the matching programs;

(2) Obtain the approval of the match agreement by the Data Integrity Branch (DIB) of the participating Federal agencies.;

(3) Furnish detailed reports about matching programs to Congress and OMB;

(4) Notify applicants and beneficiaries that their records are subject to matching; and

(5) Verify match findings before reducing suspending, terminating or denying an individual's benefits or payments.

B. OPM Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of OPM's computer matching programs with the requirements of the Privacy Act, as amended.
