An estimate of the information collection burden is included in this notice. You may obtain copies of the collection

requirement, related forms, or explanatory material by contacting the person listed below under **FOR FURTHER INFORMATION CONTACT**.

DATES: Interested parties must submit comments on or before July 13, 2004.

ADDRESSES: Interested parties should send comments on the information collection by mail to Information Collection Officer, U.S. Fish and Wildlife Service, 4401 North Fairfax Drive, Suite 222, Arlington, VA 22203; by fax to (703) 358-2269; or by e-mail to Anissa_Craghead@fws.gov.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

We will submit a request to OMB to renew its approval of the collection of information associated with the Summary Information for Ranking National Coastal Wetlands Grant Program Proposals. The Service administers the National Coastal Wetlands Conservation Grant program authorized by the Coastal Wetlands Planning, Protection and Restoration Act (16 U.S.C. 3951-3956). The Service uses the information collected to evaluate proposals under this program. The information collected includes summarized information on habitat, coastal barriers, levels of conservation, watershed management, threatened and/or endangered species potentially involved, benefits of the restoration proposed, partners, cost sharing, education/outreach impact, impact on wildlife-oriented recreation, and other

benefits. This summary information allows easy ranking of proposals in a short period of time, and because grant applicants complete the summary information, the information is a thorough and accurate summary of the proposal.

The OMB control number for this information collection is 1018-0111, and the OMB approval for this collection expires on September 30, 2004. We will request a 3-year term of approval for this information collection activity.
