

**Operator's "Equivalent Procedure"**

(f) Where Boeing Alert Service Bulletin 747-34A2460, Revision 2, dated June 14, 2001; and Boeing Service Bulletin 757-34A0222, Revision 1, dated July 17, 2003; specify that certain actions may be accomplished per an operator's "equivalent procedure": These actions must be accomplished per the chapter of the applicable Boeing 747 or 757 Airplane Maintenance Manual specified in the applicable service bulletin. An operator's "equivalent procedure" cannot be used

unless the operator receives FAA approval for that procedure according to paragraph (h) of this AD.

**Actions Accomplished Per Previous Issue of Service Bulletins**

(g) Actions accomplished before the effective date of this AD per Boeing Alert Service Bulletin 757-34A0222, dated March 28, 2002; and Boeing Alert Service Bulletin 767-34A0332, dated January 10, 2002; are considered acceptable for compliance with the corresponding actions specified in this AD.

**Alternative Methods of Compliance**

(h) In accordance with 14 CFR 39.19, the Manager, Seattle Aircraft Certification Office, FAA, is authorized to approve alternative methods of compliance for this AD.

**Incorporation by Reference**

(i) Unless otherwise specified in this AD, the actions shall be done in accordance with the service information included in Table 4, as follows:

[Docket No. 30413; Amdt. No. 3096]

**Standard Instrument Approach Procedures; Miscellaneous Amendments**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

**DATES:** This rule is effective May 18, 2004. The compliance date for each SIAP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of May 18, 2004.

**ADDRESSES:** Availability of matters incorporated by reference in the amendment is as follows:

- For Examination—*
  1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;
  2. The FAA Regional Office of the region in which the affected airport is located;
  3. The Flight Inspection Area Office which originated the SIAP; or,
  4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: [http://www.archives.gov/federal\\_register/code\\_of\\_federal\\_regulations/ibr\\_locations.html](http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html).
- For Purchase—*Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

*By Subscription*—Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

Pate, Flight Procedure Standards Branch (AMCAFS-420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd. Oklahoma City, OK. 73169 (Mail Address: PO Box 25082 Oklahoma City, OK. 73125) telephone: (405) 954-4164.

**SUPPLEMENTARY INFORMATION:** This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in official FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Federal Aviation Regulations (FAR). The applicable FAA Forms are identified as FAA Forms 8260-3, 8260-4, and 8260-5. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR (and FAR) sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

**The Rule**

This amendment to part 97 is effective upon publication of each separate SIAP as contained in the transmittal. Some SIAP amendments may have been

previously issued by the FAA in a National Flight Data Center (NFDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP amendments may require making them effective in less than 30 days. For the remaining SIAPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

**Conclusion**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Food and Drug Administration

#### 21 CFR Part 1

[Docket No. 2002N-0278]

#### Prior Notice of Imported Food Under the Public Health Security and Bioterrorism Preparedness and Response Act of 2002; Extension of Comment Period

**AGENCY:** Food and Drug Administration, HHS.

**ACTION:** Interim final rule; extension of comment period.

**SUMMARY:** The Food and Drug Administration (FDA) is extending to July 13, 2004, the comment period on the prior notice interim final rule (IFR) that appeared in the **Federal Register** of October 10, 2003 (68 FR 58974). The prior notice IFR requires the submission to FDA of prior notice of food, including animal feed, that is imported or offered for import into the United States. FDA reopened the comment period for 30 days in the **Federal Register** of April 14, 2004 (69 FR 19766), to solicit comments on the "Joint FDA-CBP Plan for Increasing Integration and Assessing the Coordination of Prior Notice Timeframes" and to ensure that those who comment on this IFR would have had the benefit of our outreach and education efforts and would have had some experience with the systems, timeframes, and data elements of the prior notice system. In response to a request from the Government of Canada, FDA is extending the comment period for an additional 60 days. Accordingly, the comment period for the prior notice rulemaking, including the comment period for the "Joint FDA-CBP Plan for Increasing Integration and Assessing the Coordination of Prior Notice Timeframes," is extended to July 13, 2004.

**DATES:** Submit written or electronic comments no later than July 13, 2004.

**ADDRESSES:** You may submit comments, identified by Docket 2002N-0278, by any of the following methods:

- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

- Agency Web site: <http://www.fda.gov/dockets/ecomments>. Follow the instructions for submitting comments on the agency Web site.

- E-mail: [fdadockets@oc.fda.gov](mailto:fdadockets@oc.fda.gov). Include Docket No. 2002N-0278 in the subject line of your e-mail message.

- FAX: 301-827-6870.

- Mail/Hand delivery/Courier [For paper, disk, or CD-ROM submissions]: Division of Dockets Management, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852.

**Instructions:** All submissions received must include the agency name and Docket No. or Regulatory Information Number (RIN) for this rulemaking. All comments received will be posted without change to <http://www.fda.gov/dockets/ecomments>, including any personal information provided. For detailed instructions on submitting comments and additional information on the rulemaking process, see the

"Comments" heading of the **SUPPLEMENTARY INFORMATION** section of this document.

**Docket:** For access to the docket to read background documents or comments received, go to <http://www.fda.gov/dockets/ecomments> and/or the Division of Dockets Management, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852.

**FOR FURTHER INFORMATION CONTACT:** May D. Nelson, Center for Food Safety and Applied Nutrition (HFS-24), Food and Drug Administration, 5100 Paint Branch Pkwy., College Park, MD 20740, 301-436-1722.

**SUPPLEMENTARY INFORMATION:** FDA issued this rule as an IFR, with an opportunity for public comment for 75 days. Moreover, to ensure that those that comment on this IFR would have had the benefit of actual experience with the systems, timeframes, and data elements, FDA reopened the comment period for an additional 30 days on April 14, 2004 (to close on May 14, 2004). On April 29, 2004, FDA received a request from the Government of Canada to extend the comment period for an additional 60 days (Comment EXT1, 2002N-0278) (69 FR 19763). According to the Canadian government, the 30-day comment period does not allow Canada to consult adequately with its stakeholders and formally explore with FDA effective alternatives in response to FDA's request for comments. Additionally, Canada states it is concerned that its industry is not yet fully aware of the prior notice IFR's impact since during the initial period of implementation feedback to affected industries from FDA and Customs and Border Protection concerning noncompliance was minimal. The Government of Canada submitted this request with the understanding that such an extension would not interfere with the issuance of the prior notice final rule, which FDA plans to publish in March 2005. FDA intends to publish a final rule in an expeditious manner while carefully considering the comments we receive.

#### Comments

In response to the request from the Government of Canada, we are extending the comment period an additional 60 days to close on July 13, 2004. Accordingly, we are seeking comments on all aspects of the prior notice IFR, including the specific questions we posed in the previous notice to reopen the comment period (see 69 FR 19763 at 19764), and the "Joint Food and Drug Administration-Customs Border Protection Plan for Increasing Integration and Assessing the
