

DTC's MMI program have been working with DTC on changes that would reduce risk without introducing processing inefficiencies. IPAs have raised concerns about potentially having to fund an issuer's maturity at a level higher than anticipated at the time IPA decides not to exercise a "refusal to pay" because the IPA fails to receive the settlement credits associated with new issuance DOs that are reclaimed after 3 p.m. As a result, IPAs are forced to make "refusal to pay" decisions based on incomplete data and increases the exposure of an IPA to an individual issuer.

The proposed rule change would address these concerns by subjecting reclamations of all new MMI issuance DOs received after 2:30 p.m. to RAD controls and treating them as original transactions subject to DTC's normal risk management controls.⁵ To reduce the potential impact of the proposed change in the processing of reclaims received after 2:30 p.m., the proposed rule change would provide receivers of new issuance DOs with the option of having those deliveries made subject to RAD at 2 p.m. thereby giving these participants electing this option one-half hour to consider whether to accept or reject the DOs.⁶ While the cutoff for the Issuing/Paying agent ("IPA") to exercise its "refusal to pay" option will remain at 3 p.m., the proposed rule change clarifies that since under certain circumstances DTC may extend the 2 p.m. and 2:30 p.m. cutoffs referred to above, DTC may also extend the 3 p.m. cutoff.

The proposed rule change is consistent with the requirements of section 17A(b)(3)(A) of the Act⁷ and the rules and regulations thereunder because it will promote the prompt and accurate settlement of securities transactions and will be implemented in a manner that is consistent with DTC's risk management controls.

⁵ As a result, these post 2:30 p.m. reclamations will not be eligible for processing during the exclusive reclaim period (3:20 pm. to 3:30 p.m.) and may not be "re-reclaimed" by the receiver.

⁶ All new issuance DOs processed after 2 p.m. will automatically be subject to RAD unless the participant instructs DTC to the contrary. DTC participants may opt-out of forced RAD by completing the "Forced MMI RAD Election Form" and submitting it to their DTC relationship manager. The election form is available on DTC's Web site www.dtc.org as Attachment A to DTC Important Notice #5337. A participant that, at first, elected to opt out of the forced RAD functionality may opt back in by submitting a completed election form to its DTC relationship manager.

(B) Self-Regulatory Organization's Statement on Burden on Competition

DTC perceives no impact on competition by reason of the proposed rule change.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

DTC advised participants of the proposed modifications in Important Notice 5337 (March 19, 2004).

Within thirty-five days of the date of publication of this notice in Federal Register, or within such longer period: (i) as the Commission may designate up to ninety days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which DTC consents, the Commission will:
