SUMMARY: In accordance with section 102(2)(c) of the National Environmental Policy Act of 1969 and 43 CFR part 3809, the Bureau of Land Management Elko Field Office will be directing the preparation of an EIS by a third-party contractor on the potential impacts of a proposed Plan of Operations for gold mining by Newmont Mining Corporation in Elko County, Nevada. SUPPLEMENTARY INFORMATION: The Newmont Mining Corporation has submitted a Plan of Operations to open the Emigrant Mine about ten miles south of Carlin, Nevada. The mine and associated facilities would be located in portions of Sections 24, 26, 34, 36 of T. 32 N., R. 53 E.; and Sections 1, 2, 3, 11, 12, T. 31 N., R. 53 E. The proposed Emigrant Mine would include developing and operating an open pit mine; constructing a waste rock disposal facility, storing oxide waste in mined

out areas of the pit; developing an oxide heap leach pad; constructing ancillary facilities; temporarily rerouting intermittent stream and flows in the pit area; and concurrent reclamation. Proposed mining operations would last for approximately 9 years through the year 2013. Approximately 1172 acres of public land and 260 acres of private land would be disturbed.

The issues expected to be analyzed in the EIS include potential impacts to wildlife and cultural resources; the potential for waste rock, heap leach, and pit walls to produce acid rock drainage or heavy metals; and diversion of an unnamed drainage. Cumulative impacts will also be addressed. In addition, the following resources will be analyzed: geology and minerals, Native American religious concerns, air quality, paleontology, lands and realty, fisheries and aquatic resources, range management, vegetation, soils, visual resources, recreation and wilderness, weeds, social and economic values, environmental justice, and threatened, endangered, candidate, and sensitive resources.

A range of alternatives (including, but not limited to, alternative reclamation measures and the no-action alternative) will be developed to address the issues. Mitigating measures will be considered to minimize environmental impacts and to assure the proposed action does not result in undue or unnecessary degradation of public lands. Federal, state and local agencies and other individuals or organizations who may be interested in or affected by BLM's decision on Emigrant Mine Plan of Operations are invited to participate in the scoping process with respect to this EIS.

Authority: 43 CFR Part 3809.
