(c) * * *

(1) *Claims by owners of stone fruit orchards who are direct marketers.* The completed application must be accompanied by:

(i) A copy of the emergency action notification ordering the destruction of the trees and its accompanying inventory that describes the acreage and ages of trees removed;

(ii) Documentation verifying that the destruction of trees has been completed and the date of that destruction; and

(iii) Records documenting that the grower meets the eligibility requirements of paragraph (a)(1)(i) of this section.

(2) *Claims by owners of commercial stone fruit orchards who are not direct marketers.* The completed application must be accompanied by a copy of the emergency action notification ordering the destruction of the trees, its accompanying inventory that describes the acreage and ages of trees removed, and documentation verifying that the destruction of trees has been completed and the date of that destruction.

(3) *Claims by owners of fruit tree nurseries.* The completed application must be accompanied by a copy of the order prohibiting the sale or movement of the nursery stock, its accompanying inventory that describes the total number of trees and the age and variety, and documentation describing the final disposition of the nursery stock.

(d) *Replanting.* Trees of susceptible *Prunus* species (*i.e.*, *Prunus* species identified as regulated articles) may not be replanted on premises within a contiguous quarantined area until 3 years from the date the last trees within that area were destroyed because of plum pox pursuant to an emergency action notification issued by APHIS.

(Approved by the Office of Management and Budget under control numbers 0579-0159 and 0579-0251)

Done in Washington, DC, this 25th day of May 2004.

W. Ron DeHaven,

Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2004-17723; Airspace Docket No. 04-ACE-35]

Modification of Class E Airspace; North Platte, NE

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This action amends title 14 Code of Federal Regulations, part 71 (14 CFR 71) by revising Class E airspace areas at North Platte, NE. A review of the Class E airspace surface area and the Class E airspace area extending upward from 700 feet above the surface at North Platte, NE, reveals that neither reflects the current North Platte Regional Airport Lee Bird Field airport reference point (ARP) and neither complies with criteria for diverse departures. These airspace areas are enlarged and modified to conform to FAA Orders.

DATES: This direct final rule is effective on 0901 UTC, September 30, 2004. Comments for inclusion in the Rules docket must be received on or before July 27, 2004.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2004-17723/

Airspace Docket No. 04-ACE-35, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

FOR FURTHER INFORMATION CONTACT:

Brenda Mumper, Air Traffic Division, Airspace Branch, ACE-520A, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone (816) 329-2524.

SUPPLEMENTARY INFORMATION: This amendment to 14 CFR 71 modifies the Class E surface area and Class E airspace area extending upward from 700 feet above the surface at North Platte, NE. An examination of controlled airspace for North Platte, NE revealed that the North Platte Regional Airport Lee Bird Field ARP used in the legal descriptions for both Class E airspace areas is incorrect. Also, neither airspace area complies with airspace requirements for diverse departures as set forth in FAA Order 7400.2E, Procedures for Handling Airspace Matters. The North Platte, NE Class E surface area is increased from a 4.6-mile radius to a 5.4-mile radius of North Platte Regional Airport Lee Bird Field, thereby eliminating the need for an extension to the Class E surface area. The Class E airspace area extending upward from 700 feet above the surface is increased from a 7.1-mile radius to an 8.4-mile radius of North Platte Regional Airport Lee Bird Field in order to comply with the criteria for 700 feet AGL airspace required for diverse departures. These modifications bring the legal descriptions of the North Platte, NE Class E airspace areas into

compliance with FAA Order 7400.2E. Class E airspace areas designated as surface areas are published in Paragraph 6002 of FAA Order 7400.9L, dated September 2, 2003, and effective September 26, 2003, which is incorporated by reference in 14 CFR 71.1. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraph 6005 of the same Order. The Class E airspace designations listed in this document would be published subsequently in the Order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Interested parties are invited to participate in this rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2004-17723/Airspace Docket No. 04-ACE-35." The postcard

will be date/time stamped and returned to the commenter.

Agency Findings

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

■ Accordingly, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9L, dated September 2, 2003, and effective September 16, 2003, is amended as follows:

Paragraph 6002 Class E Airspace Designated as Surface Areas.

* * * * *

ACE NE E2 North Platte, NE

North Platte Regional Airport Lee Bird Field, NE
(Lat. 41°07'34" N., long. 100°41'01" W.)

Within a 5.4-mile radius of North Platte Regional Airport Lee Bird Field.

* * * * *

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ACE NE E5 North Platte, NE

North Platte Regional Airport Lee Bird Field, NE

(Lat. 41°07'34" N., long. 100°41'01" W.)

That airspace extending upward from 700 feet above the surface within an 8.4-mile radius of North Platte Regional Airport Lee Bird Field.

RIN 2120-AA66

Revision of Federal Airway 137

AGENCY: Federal Aviation Administration (FAA) DOT.

ACTION: Final rule.

SUMMARY: This action revises Federal Airway 137 (V-137) between the Thermal, CA, Very High Frequency Omnidirectional Radio Range and Tactical Air Navigation Aids (VORTAC) intersection and the Imperial, CA, VORTAC. The current route segment between the Thermal, CA, VORTAC and the Imperial, CA, VORTAC is aligned to avoid a restricted area that no longer exists. The FAA is taking this action to realign V-137 to form a direct route between the Thermal, CA, VORTAC, and the Imperial, CA, VORTAC. This action will improve the management of air traffic operations and reduce the route mileage between the Thermal, CA, VORTAC and the Imperial, CA, VORTAC.

EFFECTIVE DATES: 0901 UTC, August 5, 2004.
