Summary of Information Collection

The Health Program Analysis and Evaluation Directorate (HPAE) under the authority of the Office of the Assistant Secretary of Defense (Health Affairs)/TRICARE Management Activity will undertake an evaluation of the DoD's TRICARE Standard healthcare option. HPAE will collect and analyze data that are necessary to meet the requirements outlined in section 723 of the National Defense Authorization Act for FY2004.

Activities include the collection and analyses of data obtained confidentially from civilian physicians (M.D.s & D.O.s) within U.S. TRICARE market areas. Specifically, telephone surveys of civilian providers will be conducted in the TRICARE market areas to determine how many healthcare providers are accepting new patients under TRICARE Standard in each market area. The telephone surveys will be conducted at least 20 TRICARE market areas in the United States each fiscal year until all market areas in the United States have been surveyed. In prioritizing the order in which these market areas will be surveyed, representatives of TRICARE beneficiaries will be consulted in identifying locations that had historical evidence of access-to-care problems under TRICARE Standard. These areas will receive priority in surveying.

Information will be collected telephonically to determine the number of healthcare providers that currently accept TRICARE Standard beneficiaries as patients under TRICARE Standard in each market area. Providers will also be asked if they would accept TRICARE Standard beneficiaries as new patients under TRICARE Standard. Analyses and reports will include all legislative requirements.

DFARS 215.404-3(a)(iv)(B) requires that, upon establishment of firm prices for each subcontract listed in a repricing modification, the contractor shall submit the subcontractor's costs incurred in performing the subcontract and the final subcontract price. This requirement applies to the pricing of a fixed-price redeterminable or fixed-

price incentive contract that includes subcontracts placed on the same basis for which the contractor has not yet established final prices, if cost or pricing data is inadequate to determine whether the amounts are reasonable, but circumstances require prompt negotiation.

DFARS 215.407–5, Estimating systems, and the clause at 252.215–7002, Cost Estimating System Requirements, require that certain large business contractors—

- Establish an adequate cost estimating system and disclose the estimating system to the administrative contracting officer (ACO) in writing;
- Maintain the estimating system and disclose significant changes in the system to the ACO on a timely basis; and

- Respond in writing to written reports from the Government that identify deficiencies in the estimating system.
