

beginning of 2000 to reveal the secondary impact of foreign trade on the subject firm.

In addressing the Trade Act worker group eligibility criteria for secondarily affected workers, the Department is required to conduct an investigation for the relevant time period, which is one year or the four quarters, prior to the date of the petition, to establish if the firm is secondary affected. In order to be eligible as secondarily affected, the workers' firm must be a supplier firm and the component parts it supplied to a primary firm whose worker group is certified for TAA accounted for at least 20 percent of the supplier firm sales; or the loss of business by the workers' firm contributed importantly to the workers' separation or threat of separation. Although there were employment declines at General Cable there was no loss of business to a primary firm whose workers were certified eligible to apply for TAA.

The petitioner states that the closure of the General Cable, Montoursville, Pennsylvania in August of 2001 reduced significantly the volume of production at the Taunton facility, and consequently was a reason of the subject company's closure on December 31, 2003.

While the Department agrees that the loss of business with Montoursville facility might have led to worker separations from the subject firm in 2001, there is no evidence that the subject firm was secondary impacted during the relevant period. The subject firm did not supply copper wire and unfinished PVC compounds to the primary firm engaged in production whose workers are currently certified as trade impacted during the relevant time period.

Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed at Washington, DC this 23rd day of March, 2004.

Kimberly Clark Corporation, Kimtech Plant, Neenah, WI; Notice of Affirmative Determination Regarding Application for Reconsideration

By letter of April 20, 2004, International Association of Machinists and Aerospace Workers requested administrative reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers of the subject firm. The Department's determination notice was signed on March 26, 2004. The Notice was published in the **Federal Register** on May 24, 2004 (69 FR 29575).

Minnesota Rubber, Minneapolis, MN; Notice of Termination of Investigation

Pursuant to Section 221 of the Trade Act of 1974, as amended, an investigation was initiated on May 5, 2004 in response to a petition filed by a state agency representative on behalf of workers of Minnesota Rubber, a subsidiary of Quadion Corporation, Minneapolis, Minnesota.

The investigation revealed that the subject firm did not separate or threaten to separate a significant number or proportion of workers as required by Section 222 of the Trade Act of 1974. Significant number or proportion of the workers means that at least three

workers in a firm with a workforce of fewer than 50 workers would have to be affected. Separations by the subject firm did not meet this threshold level; consequently the investigation has been terminated.
