BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Revised Programmatic Executive Order 11990 (EO 11990) Wetland Finding

AGENCY: Federal Highway Administration (FHWA), New York Division Office, DOT.

ACTION: Notice and request for comments.

FINDING: In accordance with EO 11990, and based on the following procedures, the FHWA NYDO finds that this programmatic wetland finding may be applied to any Federal-aid project classified as a Categorical Exclusion (CE) with an approved US Corps of Engineers (COE) permit (excluding Nationwide Permit 23) and/or a project classified as a CE that impacts isolated wetlands for which:

1. There will be no practicable alternative to the proposed construction in wetlands;
2. The proposed project will include all practicable measures to minimize harm to the involved wetlands which may result from such use;
3. The project will be developed in accordance with the procedure for a public involvement/public hearing

program approved by FHWA pursuant to 23 CFR 771.111(h)(1); and

4. The project CE documentation shall demonstrate that avoidance and minimization issues are discussed and described for each wetland. The following information shall be documented in the New York State Department of Transportation (NYSDOT) project file:

- a. Approximate wetland size;
- b. Area of impact including temporary and permanent impacts;
- c. Type of wetland, including the function and value of the wetland;
- d. Any plan sheets that show the location of the wetland and the project boundaries.

Any Federal-aid transportation project requiring an Environmental Assessment (EA) or Environmental Impact Statement (EIS) that may impact wetlands shall require an individual wetland finding.

SUMMARY: The NYDO is advising the public that it has made a programmatic EO 11990 Wetland Finding for Federally Aided Highway Projects classified as CEs under 23 CFR 771.117 with approved COE permits (excluding those projects that require Nationwide Permit 23). The Nationwide Permit 23 is issued only if it has been determined by FHWA that a project will not have significant impacts and that the project is to be classified as a CE; therefore, FHWA must review the wetlands impacts of a project prior to making this decision.

The programmatic EO 11990 evaluation and wetland finding has been prepared for transportation improvement projects which require a COE Section 404 Permit (both Nationwide and Individual) and those that impact isolated wetlands. It satisfies the requirements of EO 11990 and US Department of Transportation (DOT) Order 5660.1A for all projects that meet the applicability criteria listed. No individual wetland findings will thus be required for such projects.

BACKGROUND: EO 11990, issued on May 24, 1977, requires each Federal agency to develop procedures for Federal actions whose impact is not significant enough to require the preparation of an EIS under Section 102(2)(c) of the National Environmental Policy Act (NEPA), as amended. The EO states that each Federal agency "shall avoid undertaking or providing assistance for new construction located in wetlands unless the head of the agency finds:

- (1) That there is no practicable alternative to such construction, and (2) that the proposed;
- (2) Action includes all practicable measures to minimize harm to wetlands which may result from such use.

The US DOT Order 5660.1A states, "In carrying out any activities (including small scale projects which do not require documentation) with a potential effect on wetlands, operating agencies should consider the following facts * * *" this requires USDOT agencies to consider the effects on wetlands for all projects (including categorical exclusions).

Federal-aid applicants consider these effects during the NEPA evaluation process and further consider these effects through the wetland permitting process and associated meetings with resource agencies (COE, EPA, FWS, NYDEC). The NYSDOT and FHWA routinely evaluate practicable avoidance alternatives or options. If avoidance alternatives are not practicable, then practicable measures to minimize harm are considered and included in the project.

The DOT Order 5660.1A requires USDOT agencies to make a formal wetland finding for major projects. The NYSDOT will make a formal wetland finding for all EAs and EISs. This formal wetland finding will be made in the Final EA/Finding of No Significant Impact or Final EIS/Record of Decision.

There will be a 45-day public comment period starting the day of publication and prior to the issuance of the Programmatic Agreement.

FOR FURTHER INFORMATION CONTACT:

Erika Thompson, Environmental Program Coordinator, Federal Highway Administration, New York Division Office, Leo W. O'Brien Federal Building 7th Floor, Albany, NY 12207 (e-mail Erika.Thompson@fhwa.dot.gov or telephone 518-431-4125 x 255).

Dated: June 3, 2004.

Robert Arnold,

Division Administrator.

BILLING CODE 4910-22-M

DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket Number 2004 18000]

Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel MOON DANCE.

SUMMARY: As authorized by Public Law 105-383 and Public Law 107-295, the Secretary of Transportation, as

represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket 2004-18000 at <http://dms.dot.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with Pub. L. 105-383 and MARAD's regulations at 46 CFR Part 388 (68 FR 23084; April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR Part 388.

DATES: Submit comments on or before July 9, 2004.

ADDRESSES: Comments should refer to docket number MARAD-2004-18000. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. DOT Dockets, Room PL-401, Department of Transportation, 400 7th St., SW., Washington, DC 20590-0001. You may also send comments electronically via the Internet at <http://dmses.dot.gov/submit/>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: Michael Hokana, U.S. Department of Transportation, Maritime Administration, MAR-830 Room 7201, 400 Seventh Street, SW., Washington, DC 20590. Telephone 202-366-0760.

SUPPLEMENTARY INFORMATION: As described by the applicant the intended service of the vessel MOON DANCE is:

Intended Use: "Sightseeing, educational, scuba diving and other charters, and the conveyance of paying passengers."

Geographic Region: "Great Lakes, Western Rivers, and other inland waters of the United States, as well as the Intra

Coastal Waterways, and coastal and near coastal waters of the East Coast (Atlantic Ocean) and Gulf Coast (Gulf of Mexico)."

Dated: June 2, 2004.

By order of the Maritime Administrator.

Joel C. Richard,

Secretary, Maritime Administration.

BILLING CODE 4910-81-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements: Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Federal Register Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The Federal Register Notice with a 60-day comment period was published on March 3, 2004 [69 FR 10096].

DATES: OMB approval has been requested by July 9, 2004.

FOR FURTHER INFORMATION CONTACT: Samuel Daniel at the National Highway Traffic Safety Administration (NHTSA), Office of Crash Avoidance Standards (NVS-120), (202) 366-4921. 400 Seventh Street, SW., Washington, DC 20590.

SUPPLEMENTARY INFORMATION:

National Highway Traffic Safety Administration

Title: 49 CFR 571.116, Motor Vehicle Brake Fluids.

OMB Number: 2127-0521.

Type of Request: Extension of a currently approved collection.

Abstract: Federal Motor Vehicle Safety Standard No. 116, *Motor Vehicle Brake Fluids*, specifies performance and design requirements for motor vehicle brake fluids and hydraulic system mineral oils. Section 5.2.2 specifies labeling requirements for manufacturers and packagers of brake fluids as well as packagers of hydraulic system mineral oils. The information on the label of a container of motor vehicle brake fluid or hydraulic system mineral oil is

necessary to ensure: the contents of the container are clearly stated; these fluids are used for their intended purpose only; and the containers are properly disposed of when empty. Improper use or storage of these fluids could have dire safety consequences for the operators of vehicles or equipment in which they are used.

Affected Public: Business or other for profit organizations.

Estimated Total Annual Burden: 7000 hours.

Estimated Number of Respondents: 200.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is most effective if OMB receives it prior to July 9, 2004.

Issued on: June 2, 2004.

Stephen R. Kratzke,

Associate Administrator for Rulemaking.
