

temperature metals recovery (HTMR) processing of K061, K062 and F006 waste. Also, under § 261.4(a)(20)(ii)(A), generators and intermediate handlers may obtain a hazardous waste exclusion for zinc-bearing hazardous secondary materials that are to be incorporated into zinc fertilizers. In addition, under § 261.4(b)(6), generators of chromium-containing waste may obtain a hazardous waste exclusion under certain conditions.

Also addressed under this section is the shipment of samples between generators and laboratories for the purpose of testing to determine their characteristics or composition. Sample handlers who are not subject to DOT or USPS shipping requirements must comply with the information requirements of § 261.4(d)(2).

When intended for treatability studies, hazardous waste otherwise subject to regulation under Subtitle C of RCRA is exempted from these regulations, provided that the requirements in § 261.4(e)–(f) are met, including the following information requests: initial notification, record keeping, reporting, and final notification. In addition, generators and collectors of treatability study samples also may request quantity limit increases and time extensions, as specified in § 261.4(e)(3).

40 CFR 261.31(b)(2)(ii) governs procedures and informational requirements for generators and treatment, storage and disposal facilities to obtain exemptions from listing as F037 and F038 wastes. Also under this section are regulations promulgated in 1990 under § 261.35(b) and (c) governing procedures and information requirements for the cleaning or replacement of all process equipment that may have come into contact with chlorophenolic formulations or constituents thereof, including, but not limited to, treatment cylinders, sumps, tanks, piping systems, drip pads, fork lifts, and trams.

EPA anticipates that some data provided by respondents will be claimed as Confidential Business Information (CBI). Respondents may make a business confidentiality claim by marking the appropriate data as CBI. Respondents may not withhold information from the Agency because they believe it is confidential. Information so designated will be disclosed by EPA only to the extent set forth in 40 CFR part 2.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control

numbers for EPA's regulations are listed in 40 CFR part 9, and in 48 CFR chapter 15.

EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

Burden Statement: Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

EPA estimates the total respondent burden for this ICR (#1189.14) is 20,863 hours per year at a cost of \$2,059,217. The burden increased by 61 hours per year at a cost of \$12,653 from the previously approved ICR (#1189.09). This increase in the burden is a direct result of incorporating the respondent burden associated with the zinc fertilizer rulemaking into this ICR. EPA estimates a total of approximately 150 respondents. EPA also estimates that operation and maintenance (O&M) costs will be incurred by the respondents for various activities. The largest of these are for sampling wastes for a delisting petition (\$28,006), and preparing a statement as part of a rulemaking petition (\$9,479). Total O&M costs for this ICR are \$886,315 per year. EPA estimates that there will be no capital costs incurred. Finally, EPA estimates

that the average annual burden per respondent ranges from 3.5 hours (preparation of a nonwastewater exemption) to 414 hours (preparation of a delisting petition).

Dated: May 28, 2004.

Robert Springer,

Director, Office of Solid Waste.

Environmental Impact Statements and Regulations; Availability of EPA Comments

Availability of EPA comments prepared pursuant to the Environmental Review Process (ERP), under Section 309 of the Clean Air Act and Section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal Activities at (202) 564–7167. An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in FR dated April 02, 2004 (69 FR 17403).

Draft EISs

ERP No. D–COE–G61042–NM Rating LO, The Closure of the Al Black Recreation Area at the Cochiti Lake Dam Outlet Works, Implementation, Sandoval County, NM.

Summary: EPA has no objections to the preferred alternative.

ERP No. D–FHW–F40423–WI Rating EC2, Wisconsin Highway Project, Enhance the Mobility of Motorized and Nonmotorized Travel, U.S. 18/151 (Verona Road) and the U.S. 12/14 (Beltine) Corridors, Dane County, WI.

Summary: EPA expressed concerns related to secondary impacts from growth and development.

ERP No. D–NPS–F65047–OH Rating LO, Fallen Timbers Battlefield and Fort Miamis National Historic Site, General Management Plan, Implementation, Lucas County, OH.

Summary: EPA had no objection to the proposed action.

ERP No. D–SFW–L65451–AK Rating LO, Alaska Peninsula and Becharof National Wildlife Refuges, Draft Revised Comprehensive Conservation Plan, Implementation, AK.

Summary: EPA has no objection to the proposed management strategy for the refuges.

Final EISs

ERP No. F-IBR-G39036-NM, City of Albuquerque Drinking Water Project to Provide a Sustainable Water Supply for Albuquerque through Direct and Full Consumptive Use of the City's San Juan-Chama (SJC) Water for Potable Purposes, Funding, Right-of-Way Grant and U.S. Army COE Section 404 Permit Issuance, City of Albuquerque, NM.

Summary: No comment letter was sent to the preparing agency.

Dated: June 7, 2004.

Ken Mittelholtz,

Environmental Protection Specialist, Office of Federal Activities.

ENVIRONMENTAL PROTECTION AGENCY

[OPPT-2002-0001; FRL-7364-3]

National Pollution Prevention and Toxics Advisory Committee; Notice of Public Meeting

AGENCY: Environmental Protection Agency EPA.

ACTION: Notice.

SUMMARY: Under the Federal Advisory Committee Act, 5 U.S.C. App. 2 (Public Law) 92-463, EPA gives notice of a 2-day meeting of the National Pollution Prevention and Toxics Advisory Committee (NPPTAC). The purpose of the NPPTAC is to provide advice and recommendations to EPA regarding the overall policy and operations of the programs of the Office of Pollution Prevention and Toxics (OPPT).

DATES: The meeting will be held on July 14, 2004, from 8 a.m. to 10 a.m. and July 15, 2004, from 10:30 a.m. to 4:30 p.m.

Registration to attend the meeting, identified by docket ID number OPPT-2002-0001, must be received on or before July 9, 2004. Registration will also be accepted at the meeting.

Requests to provide oral comments at the meeting, identified as NPPTAC July 2004 meeting, must be received in writing on or before June 29, 2004.
