[Docket No. FAA-2004-17596; Airspace
Docket No. 04-AEA-06]

**Amendment of Class E Airspace;
Norfolk, VA**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class E airspace at Norfolk, VA. The development of multiple area navigation (RNAV) Standard Instrument Approach Procedures (SIAP), the proliferation of airports within the metropolitan Norfolk, VA metropolitan area with approved Instrument Flight Rules (IFR) operations and the resulting overlap of designated Class E-5 airspace have made this action necessary. This action consolidates the Class E-5 airspace descriptions for fourteen airports and results in the rescission of seven Class E-5 descriptions through separate rulemaking action. The area will be depicted on aeronautical charts for pilot reference.

DATES: *Effective Date:* 0901 UTC August 5, 2004.

SUPPLEMENTARY INFORMATION:**History**

On May 11, 2004, a notice proposing to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) by consolidating existing Class E-5 airspace designations in the Norfolk, VA metropolitan area and incorporating those areas into the Norfolk, VA description was published in the **Federal Register** (69 FR 26058-26059). Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments to the proposal were received. The rule is adopted as proposed.

The coordinates for this airspace docket are based on North American Datum 83. Class E airspace area designations for airspace extending upward from the surface are published in paragraph 6005 of FAA Order 7400.9L, dated September 2, 2003 and effective September 16, 2003, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be amended in the order.

The Rule

This amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) provides controlled Class E airspace extending upward from 700 ft above the surface for aircraft conducting IFR operations within the Norfolk, VA Class E-5 airspace description.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation it is certified that this rule will not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Docket No. 04-AEA-09]

**Amendment of Class E Airspace;
Richmond, VA**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule; request for comments.

SUMMARY: This action removes the description of the Class E airspace designated for New Kent County Airport, Quinton, VA; Chesterfield County Airport, Richmond, VA; Hanover County Municipal Airport, Richmond, VA; and Dinwiddie County Airport, Petersburg, VA. The affected Class E-5 airspace for the airports included in these descriptions will be consolidated into the amended Richmond, VA airspace description contained in Docket No. FAA-2004-17597, Airspace Docket No. 04-AEA-07, effective August 5, 2004.

DATES: *Effective date:* August 5, 2004.

Comment Date: Comments must be received on or before July 15, 2004.

ADDRESSES: Send comments on the rule to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2004-17899, Airspace Docket No. 04-AEA-09 at the beginning of your comments. You may also submit comments on the Internet at <http://www.dms.dot.gov>. You may review the public docket containing the rule, any comments received, and any final disposition in person in the Docket Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

An informal docket may also be examined during normal business hours at the office of the Regional Air Traffic Division, Federal Aviation Administration, Eastern Region, 1 Aviation Plaza, Jamaica, NY 11434-4890.

FOR FURTHER INFORMATION CONTACT: Mr. Francis Jordan, Airspace Specialist, Airspace Branch, AEA-520, Aviation Plaza, Jamaica, NY 11434-4809, telephone: (718) 553-4521.

SUPPLEMENTARY INFORMATION: Although this action is a final rule, which involves the amendment of Class E airspace within Virginia, by consolidating that airspace into one description, and was not preceded by notice and public procedure, comments are invited on the rule. This rule will become effective on the date specified in the **DATES** section. However, after the review of any comments, if the FAA finds that further changes are appropriate, it will initiate rulemaking proceedings to extend the effective date or to amend the regulation.

Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in evaluating the effects of the rule, and in determining whether additional rulemaking is required. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the rule which might suggest the need to modify the rule.

The Rule

This amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) amends the description of Class E airspace in the Richmond, VA area by removing the airspace designations for New Kent County Airport, VA; Chesterfield County Airport, VA; Hanover County Municipal Airport, VA; and Dinwiddie County Airport, VA. It consolidates those airspace areas into the amended Richmond, VA description.

The proliferation of airports with Instrument Flight Rule (IFR) operations within the Richmond, VA metropolitan area has resulted in the overlap of numerous Class E airspace areas that complicate the chart depictions. This action clarifies the airspace and diminishes the scope and complexity of charting. The IFR airports within those areas will be incorporated into the Richmond, VA Class E airspace area. Accordingly, since this action merely consolidates these airspace areas into one airspace designation and has inconsequential impact on aircraft operations in the area, notice and public procedure under 5 U.S.C. 553(b) are unnecessary.

Class E airspace designations for airspace extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9L, dated September 2, 2003, and effective September 16, 2003, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order. The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routing amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation it

is certified that this rule will not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.
