Billing Procedures for Annual Charges for the Costs of Other Federal Agencies for Administering Part I of the Federal Power Act; Notice of Technical Conference

June 18, 2004.

1. In an order issued on June 18, 2004, the Commission acted on matters remanded to it by the court in *City of Tacoma, WA, et al. v. FERC*, 331 F.3d 106 (D.C. Cir. 2003). The court concluded that the Commission is required to determine the reasonableness of costs incurred by other Federal agencies (OFAs) related to the participation of those agencies in the Commission's proceedings under Federal Power Act (FPA) Part I¹ when those agencies seek to include such costs in the administrative annual charges licensees must pay to reimburse the United States for the cost of administering Part I.² The court also remanded to the Commission issues regarding the eligibility of specific types of OFA costs for reimbursement, and issues regarding the availability of refunds for certain charges.

2. The June 18 order determined which OFA costs are eligible to be included in administrative annual charges. It also established procedures for Commission review of future OFA cost submittals and those currently under appeal. Finally, it introduced a new form for such cost submittals and announced that a technical conference would be held for the purpose of finalizing the proposed form, so that it can be used in the Commission's consideration of OFA cost submittals on appeal and prospectively. The form was attached to the order and is posted on the Commission's Web site.³

3. The Commission will hold a technical conference on the new form for submittal of OFA Part I-related costs. The purpose of the conference will be for OFAs and licensees to obtain any needed clarification regarding the format and content requirements of the form, and to make any
