SUPPLEMENTARY INFORMATION: A portion of the river was studied in the early 1980's during preparation of PSICC's Forest Plan. That portion was between Cheesman and Elevenmile Reservoirs and was found eligible for inclusion in the National Wild and Scenic River System, but a decision was not made regarding the river's suitability (*i.e.*, whether it would be an appropriate addition to the System). The study of other portions of the rivers was postponed due to the pending proposal to construct Two Forks Reservoir, which was eventually denied by the Environmental Protection Agency in the 1990's.

The current study began in the early 1990's. It included the previous study area plus the river below Cheesman Reservoir to Stontia Springs Reservoir and the North Fork. Previous documents in this study include the Draft Legislative EIS (April 1997) and a Supplemental Draft Legislative EIS (March 2000). These documents were labeled "legislative" under the presumption that a recommendation would be made to Congress to designate some or all of the eligible river segments in the study. However, under the Final EIS's Preferred Alternative, no decisions on suitability is contemplated. Therefore no recommendation to Congress would be forthcoming and accordingly the modifier "legislative" is not employed.

The Preferred Alternative includes a proposed amendment to the PSICC Forest Plan. An amendment had been contemplated in the Supplemental Draft EIS, but only as an item that would be consistent with whatever alternative was selected for implementation. Its details had not been developed in that document. However, public response indicated a need to review the amendment prior to its being selected in a decision document. In light of this, the Record of Decision is being postponed to provide an opportunity for comment on the proposed amendment. Comments are due April 2, 2004.

Copies of the Final EIS are being provided to entities known to be interested in the study. For others who are interested in reading the document, it has been posted on the web at <http://www.fs.fed.us/r2/psicc/projects/wsr/>.

Rural Business-Cooperative Service

Maximum Portion of Guarantee Authority Available for Fiscal Year 2004

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Notice.

SUMMARY: As set forth in 7 CFR part 4279, subpart B, each fiscal year the Agency shall establish a limit on the maximum portion of guarantee authority available for that fiscal year that may be used to guarantee loans with a guarantee fee of 1 percent or guaranteed loans with a guarantee percentage exceeding 80 percent.

Allowing the guarantee fee to be reduced to 1 percent or exceeding the 80 percent guarantee on certain guaranteed loans that meet the conditions set forth in 7 CFR 4279.107 and 4279.119 will increase the Agency's ability to focus guarantee assistance on projects which the Agency has found particularly meritorious, such as projects in rural communities that remain persistently poor, which experience long-term population decline and job deterioration, are experiencing trauma as a result of natural disaster, or are experiencing fundamental structural changes in the economic base.

Not more than 12 percent of the Agency's quarterly apportioned guarantee authority will be reserved for loan requests with a guarantee fee of 1 percent, and not more than 15 percent of the Agency's quarterly apportioned guarantee authority will be reserved for guaranteed loan requests with a guarantee percentage exceeding 80 percent. Once the above quarterly limits have been reached, all additional loans guaranteed during the remainder of that quarter will require a 2 percent guarantee fee and not exceed an 80 percent guarantee limit. As an exception to this paragraph and for the purposes of this notice, loans developed by the North American Development Bank (NADBank) Community Adjustment and Investment Program (CAIP) will not count against the 15 percent limit. Up to 50 percent of CAIP loans may have a guarantee percentage exceeding 80 percent. The funding authority for CAIP loans is not derived from carryover or recovered funding authority of the Business and Industry (B&I) Guaranteed Loan Program.

Written requests by the Rural Development State Office for approval of a guaranteed loan with a 1 percent guarantee fee or a guaranteed loan

exceeding 80 percent must be forwarded to the National Office, Attn: Director, B&I Division, for review and consideration prior to obligation of the guaranteed loan. The Administrator will provide a written response to the State Office confirming approval or disapproval of the request.

EFFECTIVE DATE: January 27, 2004.

SUPPLEMENTARY INFORMATION: This action has been reviewed and determined not to be a rule or regulation as defined in Executive Order 12866.

Bureau of the Census

[Docket Number 040114016-4016-01]

Service Annual Survey

AGENCY: Bureau of the Census, Commerce.

ACTION: Notice of determination.

SUMMARY: In accordance with Title 13, United States Code (U.S.C.), Sections 182, 224, and 225, the Bureau of the Census (Census Bureau) has determined that limited financial data (revenue, expenses, and the like) for selected service industries are needed to provide a sound statistical basis for the formation of policy by various governmental agencies and that these data also apply to a variety of public and business needs. To obtain the desired data, the Census Bureau announces the administration of the Service Annual Survey.

FOR FURTHER INFORMATION CONTACT: Ruth A. Bramblett, Chief, Current Services Branch, Service Sector Statistics Division, on (301) 763-7089.

SUPPLEMENTARY INFORMATION: The Census Bureau conducts surveys necessary to furnish current data on subjects covered by the major censuses authorized by Title 13, U.S.C. The Service Annual Survey (SAS) provides continuing and timely national statistical data each year. Data collected in this survey are within the general scope, type, and character of those

inquiries covered in the economic census.

The Census Bureau needs reports only from a limited sample of service sector firms in the United States. The SAS now covers all or some of the following nine sectors: Transportation and Warehousing; Information; Finance and Insurance; Real Estate and Rental and Leasing; Professional, Scientific, and Technical Services; Administration and Support and Waste Management and Remediation Services; Health Care and Social Assistance; Arts, Entertainment, and Recreation; and Other Services. The probability of a firm's selection is based on its revenue size (estimated from payroll); that is, firms with a larger payroll will have a greater probability of being selected than those with smaller ones. We are mailing report forms to the firms covered by this survey and require their submission within thirty days after receipt. These data are not publicly available from nongovernment or other government sources.

Based upon the foregoing, the Census Bureau is conducting the Service Annual Survey for the purpose of collecting these data.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act (PRA) unless that collection of information displays a current valid Office of Management and Budget (OMB) control number. In accordance with the PRA, 44 U.S.C., Chapter 35, the OMB approved the Service Annual Survey under OMB Control Number 0607-0422. Copies of the proposed forms are available upon written request to the Director, U.S. Census Bureau, Washington, DC 20233.

Dated: January 21, 2004.

Director, Bureau of the Census.
