Applications Available: January 28, 2004.

5. *Funding Restrictions:*

(a) *Executive Order 13202.* Applicants that apply for construction funds under MSEIP must comply with Executive Order 13202, signed by President Bush on February 17, 2001 and amended on April 6, 2001. This Executive order provides that recipients of Federal Construction funds may not "require or prohibit bidders, offerors, contractors, or subcontractors to enter into or adhere to agreements with one or more labor organizations, on the same or other construction project(s)" or "otherwise discriminate against bidders, offerors,

contractors, or subcontractors for becoming or refusing to become or remain signatories or otherwise adhere to agreements with one or more labor organizations, on the same or other construction project(s)." However, the Executive order does not prohibit contractors or subcontractors from voluntarily entering into these agreements.

(b) We reference additional regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

6. *Other Submission Requirements:* Instructions and requirements for the transmittal of applications by mail or by hand (including a courier service or commercial carrier) are in the application package for this program. *Application Procedures:* The Government Paperwork Elimination Act (GPEA) of 1998 (Pub. L. 105-277) and the Federal Financial Assistance Management Improvement Act of 1999 (Pub. L. 106-107) encourage us to undertake initiatives to improve our grant processes. Enhancing the ability of individuals and entities to conduct business with us electronically is a major part of our response to these Acts. Therefore, we are taking steps to adopt the Internet as our chief means of conducting transactions in order to improve services to our customers and to simplify and expedite our business processes.

Some of the procedures in these instructions for transmitting applications differ from those in the Education Department General Administrative Regulations (EDGAR) (34 CFR 75.102). Under the Administrative Procedure Act (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these amendments make procedural changes only and do not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), the Secretary has determined that proposed rulemaking is not required.

We are requiring that applications for grants under the MSEIP—CFDA Number 84.120A be submitted electronically using the Electronic Grant Application System (e-Application) available through the Department's e-GRANTS system. The e-GRANTS system is accessible through its portal page at: <http://e-grants.ed.gov>

If you are unable to submit an application through the e-GRANTS system, you may submit a written request for a waiver of the electronic submission requirement. In your request, you should explain the reason or reasons that prevent you from using

the Internet to submit your application. Address your request to: Ms. Sandra Steed, U.S. Department of Education, 1990 K Street, NW., 6th Floor, Washington, DC 20006-8517. Please submit your request no later than two weeks before the application deadline date.

If, within two weeks of the application deadline date, you are unable to submit an application electronically, you must submit a paper application by the application deadline date in accordance with the transmittal instructions in the application package. The paper application must include a written request for a waiver documenting the reasons that prevented you from using the Internet to submit your application.

Pilot Project for Electronic Submission of Applications: We are continuing to expand our pilot project for electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. The MSEIP—CFDA 84.120A is one of the programs included in the pilot project. If you are an applicant under the MSEIP, you must submit your application to us in electronic format or receive a waiver.

The pilot project involves the use of e-Application. If you use e-Application, you will be entering data online while completing your application. You may not e-mail an electronic copy of a grant application to us. The data you enter online will be saved into a database. We shall continue to evaluate the success of e-Application and solicit suggestions for its improvement.

If you participate in e-Application, please note the following:

- When you enter the e-Application system, you will find information about its hours of operation. We strongly recommend that you do not wait until the application deadline date to initiate an e-Application package.
- You will not receive any additional point value because you submit a grant application in electronic format, nor will we penalize you if you submit an application in paper format.
- You must submit all documents electronically including the Application for Federal Assistance under MSEIP (OMB 1840-0109), Budget Information Non-Construction Programs (ED 524), and all necessary assurances and certifications.
- Your e-Application must comply with any page limit requirements described in this notice.
- After you electronically submit your application, you will receive an automatic acknowledgement, which will include a PR/Award number (an

identifying number unique to your application).

- Within three working days after submitting your electronic application, fax a signed copy of the Application for Federal Assistance MSEIP, OMB 1840-0109, to the Application Control Center after following these steps:

1. Print the OMB 1840-0109, from e-Application.

2. The institution's Authorizing Representative must sign this form.

3. Place the PR/Award number in the upper right hand corner of the hard copy signature page of the OMB 1840-0109.

4. Fax the signed OMB 1840-0109 to the Application Control Center at (202) 260-1349.

- We may request that you give us original signatures on other forms at a later date.

Application Deadline Date Extension in Case of System Unavailability: If you are prevented from submitting your application on the application deadline date because the e-Application system is unavailable, we will grant you an extension of one business day in order to transmit your application electronically, by mail, or by hand delivery. We will grant this extension if—

1. You are a registered user of the e-Application system and you have initiated an e-Application for this competition; and

2. (a) The e-Application system is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

- (b) The e-Application system is unavailable for any period of time during the last hour of operation (that is, for any period of time between 3:30 p.m. and 4:30 p.m., Washington, DC time) on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm our acknowledgement of any system unavailability, you may contact either (1) the persons listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** (see VII. Agency Contact) or (2) the e-GRANTS help desk at 1-888-336-8930.

You may access the electronic grant application for the MSEIP at <http://e-grants.ed.gov>

Projects funded under MSEIP that include construction activity will be provided a copy of this Executive Order and will be asked to certify that they will adhere to it.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Office of the Secretary

Decision To Compete Management and Operating Contracts for Los Alamos National Laboratory, Ames National Laboratory, Lawrence Berkeley National Laboratory, Argonne National Laboratory, and Lawrence Livermore National Laboratory

Section 301(a) of the Energy and Water Development Appropriations Act, 2004, Public Law 108-137, provides that none of the funds appropriated for fiscal year 2004 or any previous fiscal year may be used for a "noncompetitive management and operating contract" unless the Secretary of Energy, within 60 days of enactment of the Act, publishes in the **Federal Register** and submits to the Appropriation Committees of the House of Representatives and the Senate "a written notification, with respect to each such contract, of the Secretary's decision to use competitive procedures for the award of the contract, or to not renew the contract, once the term of the contract expires." Pursuant to section 301(a)(3), this requirement does not apply to "an extension for up to 2 years of a noncompetitive management and operating contract, if the extension is for purposes of allowing time to award competitively a new contract, to provide continuity of service between contracts, or to complete a contract that will not be renewed."

Paragraph (b)(1) of section 301 identifies the noncompetitive management and operating contracts subject to Secretarial review and decision as the contracts for the

management and operation of Ames Laboratory, Argonne National Laboratory, Lawrence Berkeley National Laboratory, Lawrence Livermore National Laboratory, and Los Alamos National Laboratory. For purposes of section 301, paragraph (b)(2) of section 301 provides that the term "competitive procedures" has "the meaning provided in section 4 of the Office of Federal Procurement Policy Act (41 U.S.C. 403) and includes the procedures described in section 303 of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253) other than a procedure that solicits a proposal from only one source."

Public Law 108-137 was enacted on December 1, 2003. Well before that time, on April 30, 2003, I announced my decision to use competitive procedures to award the Los Alamos National Laboratory management and operating contract when its term expires. In addition, I hereby announce my decision to use competitive procedures described in section 301 to award the Ames Laboratory, Argonne National Laboratory, Lawrence Berkeley National Laboratory, and Lawrence Livermore National Laboratory management and operating contracts. Decisions concerning the precise timing and form that these competitions will take are still under consideration and will be made in accordance with applicable law and regulation.

Dated: January 21, 2004.
