Any questions regarding this application should be directed to counsel for Columbia, Frederic J. George, at (304) 357-2359, FAX (304) 357-3206.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should file on or before the date listed below with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

June 24, 2004.

Take notice that on June 22, 2004, Eastern Shore Natural Gas Company (Eastern Shore) tendered for filing as part of its FERC Gas Tariff, revised tariff sheets to implement cash out surcharge rate of \$0.0033 per dekatherm, proposed to be effective July 1, 2004, designed to recover the under-recovered balance in its cash out account at March 31, 2004.

Eastern Shore states that Section 35, of the General Terms & Conditions (GT & C) of its FERC Gas Tariff, newly entitled Cash Out Refund/Surcharge, provides that Eastern Shore will refund or surcharge for each annual billing period any difference between the revenues received and the costs incurred under the cash out provisions of its tariff. Eastern Shore further states that it, subsequent to the end of each such

annual billing period, Eastern Shore shall compare the revenues received by it under the cash-out procedures to the costs incurred. Eastern Shore notes that, if the revenues received exceed the costs incurred, then Eastern Shore shall refund, within sixty (60) calendar days of the end of the annual billing period, the net over-recoveries to firm transportation customers on a pro rata basis in accordance with the transportation quantities Eastern Shore has delivered during the annual billing period. Eastern Shore also states that, if the revenues received are less than the costs incurred, then Eastern Shore shall recover the net under recoveries by means of a surcharge applicable to each dekatherm delivered to all firm and interruptible transportation customers. Eastern Shore notes that such surcharge, to be effective July 1 of each year, shall be calculated by dividing the net under recovered balance by the total transportation quantities delivered by Eastern Shore during the annual billing period.
