

DEPARTMENT OF COMMODITY FUTURES TRADING COMMISSION

Agricultural Advisory Committee Meeting

This is to give notice, pursuant to section 10(a) of the Federal Advisory Committee, Act, 5 U.S.C. App. 2 section 10(a), that the Commodity Futures Trading Commission's Agricultural Advisory Committee will conduct a public meeting on Wednesday July 21, 2004. The meeting will take place in the first floor hearing room of the Commission's Washington, DC, headquarters, Three Lafayette Center, 1155 21st Street, NW., Washington, DC 20581 from 2 to 5 p.m.

The agenda will consist of the following:

- (1) Call to order and introductions
- (2) Review of trends in futures industry and oversight
- (3) Discussion of Federal speculative position limits for certain agricultural commodities
- (4) Developments regarding various risk-management products for producers
- (5) Other business
- (6) Discussion of future meetings and topics
- (7) Adjourn

The meeting is open to the public. The Chairman of the Advisory Committee, Commission Chairman James E. Newsome, is empowered to conduct the meeting in a fashion that will, in his judgment, facilitate the orderly conduct of business. Any member of the public who wishes to file a written statement with the Advisory Committee should mail a copy of the statement to the attention of: Agricultural Advisory Committee, c/o Chairman James E. Newsome, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581, before the meeting. Members of the public who wish to make oral statements should inform Chairman Newsome in writing at the foregoing address at least three business days before the meeting. Reasonable provision will be made, if time permits, for oral presentations of no more than five minutes each in duration.

For further information concerning this meeting, please contact Marcia Blase at 202-418-5050.

Dated: Issued by the Commission in Washington, DC, on June 28, 2004.

Jean A. Webb.

Secretary of the Commission.

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Science Board

AGENCY: Department of Defense.

ACTION: Notice of Advisory Committee Meeting.

SUMMARY: The Defense Science Board Task Force on Employment of the National Ignition Facility (NIF) will meet in closed session on July 12–13, 2004, Institute for Defense Analyses, 4850 Mark Center Drive, Alexandria, VA. This Task Force will review the experimental program under development for the National Ignition Facility. NIF is a key component of the National Nuclear Security Administration's (NNSA's) Stockpile Stewardship Program to maintain the nuclear weapons stockpile without nuclear testing. The NIF is a 192-beam laser designed to achieve fusion ignition and produce high-energy-density condition approaching those of nuclear weapons. NNSA and the high-energy-density physics community have developed a plan for activation and early use of NIF which includes a goal to demonstrate ignition by 2010 and also supports high priority, non-ignition experiments required for stockpile stewardship. In this assessment, the task force will assess the proposed ignition and "non-ignition" high-energy-density experimental programs at NIF. Review the overall balance and priority of activities within the proposed plan and the degree to which the proposed program of NIF experiments supports the near and long term goals of stockpile stewardship and the overall NIF mission. Assess the potential for NIF to support the design and development of new weapons. Focus on the extent to which major stakeholders in NIF are effectively integrated into the plan.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings, the Defense Science Board Task Force will assess the proposed ignition and "non-ignition" high-energy-density experimental programs at NIF. Review the overall balance and priority of activities within the proposed plan and the degree to which the proposed program of NIF experiments supports the near and long term goals of stockpile stewardship and the overall NIF mission. Assess the potential for NIF to support the design and development of new weapons. Focus on the extent to which major stakeholders in NIF are effectively integrated into the plan.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. 92–463, as amended (5 U.S.C.

App. II), it has been determined that these Defense Science Board Task Force meetings concern matters listed in 5 U.S.C. 552b(c)(1) and (4) and that, accordingly, these meetings will be closed to the public.

Dated: June 24, 2004.

Notice Authorizing Schoolwide Programs To Consolidate Federal Education Funds and Exempting Them From Complying With Statutory or Regulatory Provisions of Those Programs

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice of authorization and exemption of schoolwide programs.

SUMMARY: The U.S. Secretary of Education (the Secretary) authorizes a schoolwide program under Part A of Title I of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the No Child Left Behind Act of 2001 (NCLB), to consolidate funds from Federal education programs that the Secretary administers and exempts the school from complying with many statutory or regulatory provisions of those programs, if the intent and purposes of the programs are met in the schoolwide program. This notice identifies which Federal education program funds and services may be incorporated in a schoolwide program and provides guidance on
