

Water Act, Executive Order 12898 regarding environmental justice, the National Historic Preservation Act, the Endangered Species Act, and section 4(f) of the DOT Act, will be addressed to the maximum extent practicable during the NEPA process. In addition, the MPO may seek section 5309 New Starts funding for the project and will therefore be subject to the FTA New Starts regulation (49 CFR part 611). This New Starts regulation requires the submission of certain specified information to FTA to support a request to initiate preliminary engineering, which is normally done in conjunction with the NEPA process.

After the scoping process, the MPO will conduct a planning Alternatives Analysis to decide what transportation improvements in the Southeast Corridor should be incorporated into its regional transportation plan. The planning Alternatives Analysis will examine alignments, technologies, station locations, cost, funding, ridership, economic development, land use, engineering feasibility, and environmental concerns. The Draft EIS will incorporate the planning Alternatives Analysis by reference and evaluate the surviving alternatives in detail. After its publication, the Draft EIS will be available for public and agency review and comment, and public hearings will be held on the Draft EIS. The Final EIS will consider comments received during the Draft EIS public review and will identify the preferred alternative. Additional opportunities for public involvement will be provided throughout all phases of project development.

Issued on: June 28, 2004.

Regional Administrator.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Docket No. AB-6 (Sub-No. 422X)]

The Burlington Northern and Santa Fe Railway Company—Abandonment Exemption—in Snohomish County, WA

The Burlington Northern and Santa Fe Railway Company (BNSF) has filed a notice of exemption under 49 CFR 1152 Subpart F—*Exempt Abandonments* to abandon and discontinue service over a 0.99-mile line of railroad between milepost 38.01 and milepost 39.00 in Snohomish, Snohomish County, WA. The line traverses United States Postal Service Zip Code 98290.¹

BNSF has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) there is no overhead traffic to be rerouted; (3) no formal complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Surface Transportation Board or with any U.S. District Court or has been decided in favor of complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.7 (environmental reports), 49 CFR 1105.8 (historic reports), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

¹ Pursuant to 49 CFR 1152.50(d)(2), the railroad must file a verified notice with the Board at least 50 days before the abandonment or discontinuance is to be consummated. The applicant initially indicated a proposed consummation date of August 2, 2004, but because the verified notice was filed on June 15, 2004, consummation may not take place prior to August 4, 2004. By facsimile filed on June 18, 2004, applicant's representative confirmed that the consummation date will be August 4, 2004.

As a condition to this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed. Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on August 4, 2004, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,² formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),³ and trail use/rail banking requests under 49 CFR 1152.29 must be filed by July 12, 2004. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by July 22, 2004, with: Surface Transportation Board, 1925 K Street NW., Washington, DC 20423–0001.⁴

A copy of any petition filed with the Board should be sent to applicant's representative: Michael Smith, Freeborn & Peters, 311 S. Wacker Dr., Suite 3000, Chicago, IL 60606–6677.

If the verified notice contains false or misleading information, the exemption is void *ab initio*.

BNSF has filed an environmental report which addresses the abandonment's effects, if any, on the environment or historic resources. SEA will issue an environmental assessment (EA) by July 9, 2004. Interested persons may obtain a copy of the EA by writing to SEA (Room 500, Surface Transportation Board, Washington, DC 20423–0001) or by calling SEA, at (202) 565–1539. [Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1–800–877–8339]. Comments on environmental and historic preservation matters must be filed within 15 days after the EA becomes available to the public.

Environmental, historic preservation, public use, or trail use/rail banking

² The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board's Section of Environmental Analysis (SEA) in its independent investigation) cannot be made before the exemption's effective date. See *Exemption of Out-of-Service Rail Lines*, 5 I.C.C.2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption's effective date.

³ Each OFA must be accompanied by the filing fee, which currently is set at \$1,100. See 49 CFR 1002.2(f)(25).

⁴ Each trail use request must be accompanied by the filing fee, which is set at \$200. See 49 CFR 1002.2(f)(27).

conditions will be imposed, where appropriate, in a subsequent decision.

Pursuant to the provisions of 49 CFR 1152.29(e)(2), BNSF shall file a notice of consummation with the Board to signify that it has exercised the authority granted and fully abandoned the line. If consummation has not been effected by BNSF's filing of a notice of consummation by July 2, 2005, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

Decided: June 23, 2004.

Director, Office of Proceedings.

Secretary.
