This matching requirement does not apply to a grant recipient that is eligible to receive funds under part A or part B of Title III or under Title V of the HEA.

IV. Application and Submission Information

1. *Address to Request Application Package:* Deborah I. Walsh or Dorothy Marshall, U.S. Department of Education, 1990 K Street, NW., suite 7000, Washington, DC 20006–8510. Telephone: (202) 502–7600 or by email: TRIO@ed.gov.

the Federal Information Relay Services (FIRS) at 1–800–877–8339.

Individuals with disabilities may obtain a copy of the application package in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) by contacting the program contact persons listed in this section.

2. *Content and Form of Application Submission:* Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition. Page Limit: You must limit the narrative part of your application—Part II—First Year Budget Narrative and Part III—Program Narrative—to no more than 75 pages using the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.

3. *Submission Dates and Times:*

Applications Available: July 20, 2004.

Deadline for Transmittal of

Applications: August 31, 2004. The dates and times for the transmittal of applications by mail or by hand (including a courier service or commercial carrier) are in the application package for this competition. The application package also specifies the hours of operation of the e-Application Web site.

We do not consider an application that does not comply with the deadline requirements.

Deadline for Intergovernmental Review: September 7, 2004.

4. *Intergovernmental Review:* This competition is subject to Executive

Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

5. *Funding Restrictions:* We specify unallowable costs in 34 CFR 646.31. We reference additional regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

6. *Other Submission Requirements:* Instructions and requirements for the transmittal of applications by mail or by hand (including a courier service or commercial carrier) are in the application package for this competition. Application Procedures: The Government Paperwork Elimination Act (GPEA) of 1998 (Pub. L. 105–277) and the Federal Financial Assistance Management Improvement Act of 1999 (Pub. L. 106–107) encourage us to undertake initiatives to improve our grant processes. Enhancing the ability of individuals and entities to conduct business with us electronically is a major part of our response to these Acts. Therefore, we are taking steps to adopt the Internet as our chief means of conducting transactions in order to improve services to our customers and to simplify and expedite our business processes.

Some of the procedures in these instructions for transmitting applications differ from those in the Education Department General Administrative Regulations (EDGAR) (34 CFR 75.102). Under the Administrative Procedure Act (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these amendments make procedural changes only and do not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), the Secretary has determined that proposed rulemaking is not required.

We are requiring that applications for grants under the SSS Program—CFDA Number 84.042A, be submitted electronically using e-Application available through the Department of Education’s e-Grants system. The e-Grants system is accessible through its portal page at: <http://e-grants.ed.gov>.

If you are unable to submit an application through the e-Grants system, you may submit a written request for a waiver of the electronic submission requirement. In your request, you should explain the reason or reasons that prevent you from using the Internet to submit your application. Address your request to: Linda Byrd-Johnson, Ph.D., U.S. Department of Education,

1990 K Street, NW., room 7085, Washington, DC 20006-8510. Please submit your request no later than two weeks before the application deadline date.

If, within two weeks of the application deadline date you are unable to submit an application electronically, you must submit a paper application by the application deadline date in accordance with the transmittal instructions in the application package. The paper application must include a written request for a waiver documenting the reasons that prevented you from using the Internet to submit your application.

Pilot Project for Electronic Submission of Applications: We are continuing to expand our pilot project for electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. The SSS Program—CFDA Number 84.042A, is one of the programs included in the pilot project. If you are an applicant under the SSS Program—CFDA Number 84.042A, you must submit your application to us in electronic format or receive a waiver.

The pilot project involves the use of e-Application. If you use e-Application, you will be entering data online while completing your application. You may not e-mail an electronic copy of a grant application to us. The data you enter online will be saved into a database. We shall continue to evaluate the success of e-Application and solicit suggestions for its improvement.

If you participate in e-Application, please note the following:

- When you enter the e-Application system, you will find information about its hours of operation. We strongly recommend that you do not wait until the application deadline date to initiate an e-Application package.

- You will not receive additional point value because you submit a grant application in electronic format, nor will we penalize you if you submit an application in paper format.

- You must submit all documents electronically, including the Application for Federal Education Assistance (ED 424), Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- Your e-Application must comply with any page limit requirements described in this notice.

- After you electronically submit your application, you will receive an automatic acknowledgement, which will include a PR/Award number (an identifying number unique to your application).

- Within three working days after submitting your electronic application, fax a signed copy of the Application for Federal Education Assistance (ED 424) to the Application Control Center after following these steps:

1. Print ED 424 from e-Application.

2. The institution's Authorizing Representative must sign this form.

3. Place the PR/Award number in the upper right hand corner of the hard copy signature page of the ED 424.

4. Fax the signed ED 424 to the Application Control Center at (202) 245-6272.

- We may request that you give us original signatures on other forms at a later date.

Application Deadline Date Extension in Case of System Unavailability: If you are prevented from submitting your application on the application deadline date because the e-Application system is unavailable, we will grant you an extension of one business day in order to transmit your application electronically, by mail, or by hand delivery. We will grant this extension if—

1. You are a registered user of e-Application and you have initiated an e-Application for this competition; and

2. (a) The e-Application system is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

- (b) The e-Application system is unavailable for any period of time during the last hour of operation (that is, for any period of time between 3:30 p.m. and 4:30 p.m., Washington, DC time) on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm our acknowledgement of any system unavailability, you may contact either (1) the persons listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** (see VII. Agency Contacts) or (2) the e-Grants help desk at 1-888-336-8930.

You may access the electronic grant application for the SSS Program at: <http://e-grants.ed.gov>.

V. Application Review Information

1. **Selection Criteria:** The selection criteria for this program competition are in 34 CFR 646.21 and the application package.

Note: Under the "Objectives" selection criterion, 34 CFR 646.21(b), applicants should address the core objectives related to the participants' academic achievements, including retention and graduation. Applicants also should note that objectives

must be measured by cohorts of students who become SSS Program participants in each year of the project, and that multi-layered and tiered objectives are not acceptable. The application package contains specific instructions.

2. **Review and Selection Process:** The Secretary will select an application for funding in rank-order, based on the application's total score for the selection criteria and prior experience, pursuant to 34 CFR 646.20 through 646.22. If there are insufficient funds for all applications with the same total scores, the Secretary will choose among the tied applications so as to serve geographical areas that have been underserved by the SSS Program.

VI. Award Administration Information

1. **Award Notices:** If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notice (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. **Administrative and National Policy Requirements:** We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. **Reporting:** At the end of your project, you must submit a final performance report including financial information as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditures information as specified by the Secretary in 34 CFR 75.118.

4. **Performance Measures:** The success of the SSS Program will be measured by the postsecondary persistence and degree completion rates of SSS Program participants that remain at the grantee institution. All SSS Program grantees will be required to submit an annual performance report documenting the persistence and degree attainment of their participants. Since students may take different lengths of time to complete their degrees, multiple years of performance report data are needed to determine the degree completion rates of SSS Program participants. The Department will aggregate the data provided in the annual performance

reports from all grantees to determine the accomplishment level.

Full Text of Announcement

I. Funding Opportunity Description

Description of Program: This competition is the second competition run by the Department of Education for FY 2003 Smaller Learning Communities Program funds. The Department made awards from the first competition in early July 2004. At that time, applicants that were not awarded funding were also notified. We encourage applicants that applied in the first competition and did not receive funding to revise their applications and to reapply in this competition. All other eligible applicants are also encouraged to apply. LEAs that were successful in the first 2003 competition or in previous competitions may apply, but must abide by the requirements of section III of this notice in determining what high schools they may serve under this competition.

Purpose of Program: The purpose of the Smaller Learning Communities Program is to promote academic achievement through the planning, implementation or expansion of small, safe, and successful learning environments in large public high schools to help ensure that all students graduate with the knowledge and skills necessary to make successful transitions to college and careers.

Priorities: These priorities are from the notice of final requirements, priorities and selection criteria for this program, published in the **Federal**

Register on March 15, 2004 (69 FR 12254).

Absolute Priorities: For FY 2003 these priorities are absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet these priorities.

These priorities are:

Absolute Priority 1: Helping All Students To Succeed in Rigorous Academic Courses (Planning Grants)

This priority will support projects that will develop a plan to create or expand a smaller learning community program that will implement a coherent set of strategies and interventions that are designed to ensure that all students who enter high school with reading/language arts and mathematics skills that are significantly below grade level "catch up" quickly so that, by no later than the end of the 10th grade, they acquire the reading/language arts and mathematics skills they need to participate successfully in rigorous academic courses that will equip them with the knowledge and skills necessary to transition successfully to postsecondary education, an apprenticeship, or advanced training.

These accelerated learning strategies and interventions must:

(1) Be grounded in the findings of scientifically based and other rigorous research;

(2) Include the use of age-appropriate instructional materials and teaching and learning strategies;

(3) Provide additional instruction and academic support during the regular school day, which may be supplemented by instruction that is provided before of after school, on weekends, and at other times when school is not in session; and

(4) Provide sustained professional development and ongoing support for teachers and other personnel who are responsible for delivering instruction.

Absolute Priority 2: Helping All Students To Succeed in Rigorous Academic Courses (Implementation Grants)

This priority will support projects that will implement a coherent set of strategies and interventions that are designed to ensure that all students who enter high school with reading/language arts or mathematics skills that are significantly below grade level "catch up" quickly so that, by no later than the end of the 10th grade, they acquire the reading/language arts and mathematics skills they need to participate successfully in rigorous academic courses that will equip them with the knowledge and skills necessary to transition successfully to postsecondary
