

which created the need for some SIAP amendments may require making them effective in less than 30 days. For the remaining SIAPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

NASA Grant and Cooperative Agreement Handbook—Property Reporting

AGENCY: National Aeronautics and Space Administration.

ACTION: Final rule.

SUMMARY: This rule adopts as final the interim rule published in the **Federal Register** (69 FR 5016) on February 3, 2004, which amended the NASA Grant and Cooperative Agreement Handbook to require earlier submission of annual property inventory reports.

This final rule makes additional changes to reflect the revised reporting date in instructions and one table which were omitted in the interim rule.

EFFECTIVE DATE: July 13, 2004.

FOR FURTHER INFORMATION CONTACT: Paul Brundage, NASA Headquarters, Code HC, Washington, DC, (202) 358–0481, e-mail: paul.d.brundage@nasa.gov.

SUPPLEMENTARY INFORMATION:

A. Background

The Office of Management and Budget has required NASA to complete its annual financial statements sooner.

Since recipients maintain NASA's official records for its assets in their possession, NASA uses the data contained in recipients' reports for annual financial statements and property management. As a result, NASA is changing the date for submission of annual Inventory Reports from October 31 to October 15 of each year.

NASA published an interim rule in the **Federal Register** (69 FR 5016) on February 3, 2004. No public comments were received in response to the interim rule. However, the interim rule failed to revise the property reporting date in sections 1260.74, Property use, disposition, and vesting of title; 1260.75, Summary of Report Requirements; and 1274.933. This final rule revises these dates consistent with the interim rule. This change is consistent with the intent and changes made in the interim rule and therefore, publication for public comment is not considered necessary.

This final rule is not a significant regulatory action, and therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This final rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

NASA certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, because it requires no additional work.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because this final rule does not impose any new recordkeeping or information collection requirements, or collection of information from offerors, contractors, or members of the public that require the approval of the Office of Management (OMB) and Budget under 44 U.S.C. 3501, *et. seq.*

The original NF 1018 shall be submitted to the center Deputy Chief Financial Officer, Finance, with three copies sent concurrently to the center industrial property officer.
