

the Attorney General or the Director of the Bureau of Prisons, and its economic impact is limited to the Bureau's appropriated funds.

Unfunded Mandates Reform Act of 1995

This rule will not result in the expenditure by State, local and tribal governments, in the aggregate, or by the private sector, of \$100,000,000 or more in any one year, and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Small Business Regulatory Enforcement Fairness Act of 1996

This rule is not a major rule as defined by § 804 of the Small Business Regulatory Enforcement Fairness Act of 1996. This rule will not result in an annual effect on the economy of \$100,000,000 or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based companies to compete with foreign-based companies in domestic and export markets.

BILLING CODE 4410-05-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[CGD08-04-025]

Drawbridge Operation Regulations; Rigolets Pass, New Orleans, LA

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Eighth Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the U.S. 90 Swing Bridge across the Rigolets Pass, mile 6.2 between New Orleans, Orleans Parish and St. Tammany Parish, Louisiana. This deviation allows the bridge to remain closed to navigation from Monday, July 26, 2004 until

Thursday, July 29, 2004. The deviation is necessary to repair and replace electrical conduit on the bridge.

DATES: This deviation is effective from 8 a.m. on Monday, July 26, 2004 until 4 a.m. on Thursday, July 29, 2004.

ADDRESSES: Materials referred to in this document are available for inspection or copying at the office of the Eighth Coast Guard District, Bridge Administration Branch, Hale Boggs Federal Building, room 1313, 500 Poydras Street, New Orleans, Louisiana 70130-3310 between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays. The telephone number is (504) 589-2965. The Bridge Administration Branch of the Eighth Coast Guard District maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: David Frank, Bridge Administration Branch, telephone (504) 589-2965.

SUPPLEMENTARY INFORMATION: The Louisiana Department of Transportation and Development (LDOTD) has requested a temporary deviation in order to remove and replace electrical conduit on the U.S. 90 Swing Bridge across the Rigolets Pass, Mile 6.2, between New Orleans, Orleans Parish and St. Tammany Parish, Louisiana. The repairs are necessary to ensure the safe operation of the bridge. This temporary deviation will allow the bridge to remain in the closed-to-navigation position from 8 a.m. on Monday, July 26, 2004 until 4 a.m. on Thursday, July 29, 2004.

The bridge has a vertical clearance of 14 feet above mean high water in the closed-to-navigation position and unlimited clearance in the open-to-navigation position. Navigation at the site of the bridge consists mainly of commercial and recreational fishing vessels and recreational pleasure craft. Due to prior experience, as well as coordination with waterway users, it has been determined that this closure will not have a significant effect on these vessels. Alternate routes are available through the Chef Menteur Pass. The bridge will not be able to open for emergencies; however, work will be postponed if a tropical weather system is approaching.

In accordance with 33 CFR 117.35(c), this work will be performed with all due speed in order to return the bridge to normal operation as soon as possible. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: June 30, 2004.

Marcus Redford,

Bridge Administrator.

Coast Guard

33 CFR Part 165

[CGD05-03-167]

RIN1625-AA00

Safety Zone: Atlantic Intracoastal Waterway and Connecting Waters, Vicinity of Marine Corps Base Camp Lejeune, NC

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is amending safety zone regulations for the Atlantic Intracoastal Waterway (AIWC) and connecting waters, in the vicinity of Marine Corps Base Camp Lejeune, North Carolina. The amendment provides for closures of the AICW of up to 4 hours. The amendment also revises contact phone numbers for Marine Safety Office Wilmington listed in the regulation.

DATES: This rule is effective as of August 12, 2004.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket CGD05-03-167 and are available for inspection or copying at Coast Guard Marine Safety Office, 721 Medical Center Drive Suite 100, Wilmington, NC, 38401 between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: LCDR Charles A. Roskam II, Chief, Port Operations, USCG Marine Safety Office Wilmington, telephone number (910) 772-2207.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On March 18, 2004 we published a notice of proposed rulemaking (NPRM) entitled Safety Zone: Atlantic Intracoastal Waterway, vicinity of Marine Corps Base Camp Lejeune, North Carolina in the **Federal Register** (69 FR 12812). We received no letters commenting on the proposed rule. No public meeting was requested, and none was held.

Background and Purpose

The existing regulations do not account for live firing of weapons from Naval vessels located offshore on the Atlantic Ocean. Projectiles from these live fire operations sometimes travel across the AICW to the impact area on Camp Lejeune. Current Naval weapons training and ammunition certification requirements necessitate extended periods of live fire. AICW closure periods longer than those currently specified in the existing regulations are necessary to ensure the safety of vessels in this area and facilitate military training and ammunition certification processes.

This regulation includes a revision of 33 CFR 165.514(c)(2) and the addition of 33 CFR 165.514(c)(3) allowing for closure of the AICW for periods of up to 4 hours for Naval gunnery live fire exercises. This regulation also revises the contact number for the COTP at the Marine Safety Office Wilmington in 33 CFR 165.514(d).

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary. This rule only affects a small portion, less than two miles, of the AICW in North Carolina. This rule has been tailored in scope to impose the least impact on maritime interests, yet provide the level of safety necessary for such an event.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a

substantial number of small entities. The Coast Guard expects a minimal economic impact on a substantial number of small entities due to this rule because little commercial traffic transits this area of the AICW. Also, on average, a very small amount of recreational traffic travels this portion of the AICW.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and

Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or

adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction, from further environmental documentation. A final “Environmental Analysis Check List” and a final “Categorical Exclusion Determination” are available in the docket where indicated under **ADDRESSES**.

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR Part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for Part 165 continues to read as follows:

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701, 50 U.S.C. 191, 195; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. In § 165.514 amend paragraph (b) by adding the paragraph heading “*Regulations*,” immediately before the word “Notwithstanding”, amend paragraph (c) by adding the paragraph heading “*General Information*,” immediately before “(1) The COTP Wilmington”, amend paragraph (c)(1) by adding the paragraph heading “*Announcements*,” immediately before the words “The COTP Wilmington”, revise paragraphs (c)(2) and (d), and add paragraph (c)(3) to read as follows:

§ 165.514 Safety Zone: Atlantic Intracoastal Waterway and connecting waters, vicinity of Marine Corps Base Camp Lejeune, North Carolina.

* * * * *

(b) *Regulations*. * * *

(c) *General information*.

(1) *Announcements*. * * *

(2) *Camp Lejeune Artillery Operations*. Artillery weapons firing

over the AICW from Marine Corps Base Camp Lejeune will be suspended and vessels permitted to transit the specified 2-nautical-mile firing area for a 1-hour period beginning at the start of each odd-numbered hour local time (e.g., 9 a.m.; 1 p.m.). A vessel may not enter the specified firing area unless it will be able to complete its transit of the firing area before firing exercises are scheduled to re-start.

(3) *Atlantic Ocean Naval Gunnery live fire operations*. Naval gunnery live fire operations over the AICW from off shore on the Atlantic Ocean may be conducted for periods not to exceed 4 hours, then suspended and vessels permitted to transmit the specified two-mile firing area for a minimum of one hour before firing may resume. A vessel may not enter the specified firing area unless it will be able to complete its transit of the firing area before firing exercises are scheduled to re-start.

(d) *Contact information*. U.S. Navy safety vessels may be contacted on VHF marine band radio channels 13 (156.65 MHz) and 16 (156.8 MHz). The Captain of the Port may be contacted at the Marine Safety Office Wilmington, NC by telephone at 1 (877) 229–0770 or (910) 770–2200.

Dated: June 22, 2004.

Jane M. Hartley,

Captain, U.S. Coast Guard, Captain of the Port, Wilmington, NC.

BILLING CODE 4910–15–P

DEPARTMENT OF AGRICULTURE

Forest Service

36 CFR Parts 251, 261, and 295

RIN 0596–AB74

Land Uses; Special Uses Requiring Authorization

AGENCY: Forest Service, USDA.

ACTION: Final rule.

SUMMARY: The Department is revising regulations that govern the issuance and administration of special use authorizations on National Forest System lands to clarify categories of activities for which a special use authorization is required. In particular, this final rule clarifies requirements regarding the issuance of special use authorizations for activities involving National Forest System roads and trails. The revised regulations promote consistency in the special uses program, improve the agency’s ability to resolve management issues by requiring permits

in certain situations, and reduce the agency’s administrative costs by eliminating the need to issue a Forest order to require a special use permit in certain situations and by providing the authorized officer with the discretion to waive the requirement for a special use authorization when issuance of a permit serves no management purpose. The final rule also adds definitions to part 251, revises definitions in part 261, and revises the heading of part 295 to ensure consistent terminology in all three parts.

DATES: *Effective Date:* This rule is effective August 12, 2004.

ADDRESSES: The rulemaking record for this final rule contains all the documents pertinent to this rulemaking. These documents are available for inspection and copying at the office of the Director, Recreation and Heritage Resources Staff, Forest Service, USDA, 4th Floor Central, Sidney R. Yates Federal Building, 1400 Independence Ave., SW., Washington, DC, during regular business hours (8:30 a.m. to 4 p.m.), Monday through Friday, except holidays. Those wishing to inspect these documents are encouraged to call ahead (202) 205–1399 to facilitate access to the building.

Any other documents not in the rulemaking record that were requested in the comments on the proposed rule are beyond the scope of this rulemaking conducted pursuant to 5 U.S.C. 553(c). Those interested in obtaining these documents may request them under the Freedom of Information Act by writing to the USDA Forest Service, Freedom of Information Act/Privacy Act Branch, Office of Regulatory and Management Services, 1400 Independence Ave., SW., Mail Stop 1143, Washington, DC 20250–1143.

Several agency directives are being revised for consistency with this final rule, and the directive changes are described in the preamble to this final rule. These directives, which include amendments to Forest Service Manual (FSM) 2350, 2710, and 2730, and other agency directives referenced in the preamble, are available electronically on the World Wide Web at <http://www.fs.fed.us/im/directives>. These amendments are numbered as 2300–2004–1, 2700–2004–1, and 2700–2004–2.

FOR FURTHER INFORMATION CONTACT: Carolyn Holbrook, Recreation and Heritage Resources Staff, (202) 205–1399, or Melissa Hearst, Lands Staff, (202) 205–1196.
