BILLING CODE 8025-01-P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Determinations Under the African Growth and Opportunity Act

AGENCY: Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: The United States Trade Representative (USTR) has determined that Benin has adopted an effective visa system and related procedures to prevent unlawful transshipment and the use of counterfeit documents in connection with shipments of textile and apparel articles and has implemented and follows, or is making substantial progress toward implementing and following, the customs procedures required by the African Growth and Opportunity Act (AGOA). Therefore, imports of eligible products from Benin qualify for the textile and apparel benefits provided under the AGOA.

DATES: Effective, January 28, 2004.

FOR FURTHER INFORMATION CONTACT: Patrick Coleman, Director for African Affairs, Office of the United States Trade Representative, (202) 395-9514.

SUPPLEMENTARY INFORMATION: The AGOA (Title I of the Trade and Development Act of 2000, Pub. L. No. 106-200) provides preferential tariff

treatment for imports of certain textile and apparel products of beneficiary sub-Saharan African countries. The textile and apparel trade benefits under the AGOA are available to imports of eligible products from countries that the President designates as "beneficiary sub-Saharan African countries," provided that these countries: (1) Have adopted an effective visa system and related procedures to prevent unlawful transshipment and the use of counterfeit documents; and (2) have implemented and follow, or are making substantial progress toward implementing and following, certain customs procedures that assist U.S. Customs and Border Protection in verifying the origin of the products.

In Proclamation 7350 (Oct. 2, 2000), the President designated Benin as a "beneficiary sub-Saharan African country." Proclamation 7350 delegated to the USTR the authority to determine whether designated countries have met the two requirements described above. The President directed the USTR to announce any such determinations in the **Federal Register** and to implement them through modifications of the Harmonized Tariff Schedule of the United States (HTS). Based on actions that Benin has taken, I have determined that Benin has satisfied these two requirements.

Accordingly, pursuant to the authority vested in the USTR by Proclamation 7350, U.S. note 7(a) to subchapter II of chapter 98 of the HTS and U.S. note 1 to subchapter XIX of chapter 98 of the HTS are each modified by inserting "Benin" in alphabetical sequence in the list of countries. The foregoing modifications to the HTS are effective with respect to articles entered, or withdrawn from warehouse for consumption, on or after the date of publication of this notice. Importers claiming preferential tariff treatment under the AGOA for entries of textile and apparel articles should ensure that those entries meet the applicable visa requirements. *See Visa Requirements Under the African Growth and Opportunity Act*, 66 FR 7837 (2001).

Robert B. Zoellick,

United States Trade Representative.

BILLING CODE 3190-W3-M

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

United States-Israel Free Trade Area Implementation Act; Designation of Qualifying Industrial Zones

AGENCY: Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: Under the United States-Israel Free Trade Area Implementation Act (IFTA Act), articles of qualifying industrial zones (QIZs) encompassing portions of Israel and Jordan or Israel and Egypt are eligible to receive duty-free treatment. Effective upon publication of this notice, the United States Trade Representative, pursuant to authority delegated by the President, is designating the Resources Company for Development and Investment Zone (RCDI), the Al Hallabat Industrial Park, and the expanded Al Tajamouat Industrial Park as qualifying industrial zones under the IFTA Act.

FOR FURTHER INFORMATION CONTACT: Edmund Saums, Director for Middle East Affairs, (202) 395-4987, Office of the United States Trade Representative, 600 17th Street, NW., Washington, DC 20508.

SUPPLEMENTARY INFORMATION: Pursuant to authority granted under section 9 of the United States-Israel Free Trade Area Implementation Act of 1985 (IFTA Act), as amended (19 U.S.C. 2112 note), Presidential Proclamation 6955 of November 13, 1996 (61 FR 58761) proclaimed certain tariff treatment for articles of the West Bank, the Gaza Strip, and qualifying industrial zones. In particular, the Presidential Proclamation modified general notes 3 and 8 of the Harmonized Tariff Schedule of the United States: (a) To provide duty-free treatment to qualifying articles that are the product of the West Bank, the Gaza Strip or a qualifying industrial zone and are entered in accordance with the provisions of section 9 of the IFTA Act; (b) to provide that articles of Israel may be treated as though they were articles directly shipped from Israel for the purposes of the United States-Israel Free Trade Area Agreement ("the Agreement") even if shipped to the United States from the West Bank, the Gaza Strip, or a qualifying industrial zone, if the articles otherwise meet the requirements of the Agreement; and (c) to provide that the cost or value of materials produced in the West Bank, the Gaza Strip, or a qualifying industrial zone may be included in the cost or value of materials produced in Israel under section 1(c)(i) of Annex 3 of the Agreement and that the direct costs of

processing operations performed in the West Bank, the Gaza Strip, or a qualifying industrial zone may be included in the direct costs of processing operations performed in Israel under section 1(c)(ii) of Annex 3 of the Agreement.

Section 9(e) of the IFTA Act defines a "qualifying industrial zone" as an area that "(1) encompasses portions of the territory of Israel and Jordan or Israel and Egypt; (2) has been designated by local authorities as an enclave where merchandise may enter without payment of duty or excise taxes; and (3) has been specified by the President as a qualifying industrial zone."

Presidential Proclamation 6955 delegated to the United States Trade Representative the authority to designate qualifying industrial zones.

The United States Trade Representative has previously designated qualifying industrial zones under section 9 of the IFTA Act on March 13, 1998 (63 FR 12572), March 19, 1999 (64 FR 13623), October 15, 1999 (64 FR 56015), October 24, 2000 (65 FR 64472), December 12, 2000 (65 FR 77688), and June 15, 2001 (66 FR 32660).

The governments of Israel and Jordan agreed in protocols submitted in July 2003 to the designation of a zone to be developed by RCDI and the designation of the Al Hallabat Industrial Park, registered under the name of Jordan International Industries Company, as QIZs. Israel and Jordan also agreed in a protocol submitted in July 2003 to the expansion of the already-designated QIZ area of the Al Tajamouat Industrial Park. Israel and Jordan further agreed that merchandise may enter, without payment of duty or excise taxes, areas under their respective customs control in association with RCDI, Al Hallabat, and the expanded Al Tajamouat qualifying industrial zones.

Accordingly, RCDI, Al Hallabat, and the expanded Al Tajamouat qualifying industrial zones meet the criteria under paragraphs 9(e)(1) and (2) of the IFTA Act. Therefore, pursuant to the authority delegated to me by Presidential Proclamation 6955, I hereby designate the Resources Company for Development and Investment Zone, the Al Hallabat Industrial Park, and the expanded Al Tajamouat Industrial Park, as established by the 2003 Amending Protocols to the Agreement Between the Government of the Hashemite Kingdom of Jordan and the Government of the State of Israel on Irbid Qualifying Industrial Zone, as qualifying industrial zones under section 9 of the IFTA Act, effective upon the date of publication of this notice, applicable to articles

shipped from these qualifying industrial zones after such date.

Robert B. Zoellick,

United States Trade Representative.

BILLING CODE 3190-W3-P

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Finance Docket No. 34284]

Southwest Gulf Railroad Company— Construction and Operation Exemption—Medina County, TX

AGENCY: Surface Transportation Board, Transportation.

ACTION: Notice of intent to prepare an environmental impact statement; notice of initiation of the scoping process; notice of availability of draft scope of study for the environmental impact statement and request for comments.

SUMMARY: On February 27, 2003, Southwest Gulf Railroad Company (SGR) filed a petition with the Surface Transportation Board (Board) pursuant to 49 U.S.C. 10502 for authority to construct and operate a new rail line in Medina County, Texas. The proposed project would involve the construction and operation of approximately seven miles of new rail line. Because the effects of the proposed project on the quality of the human environment are likely to be highly controversial, the Board's Section of Environmental Analysis (SEA) has determined that the preparation of an Environmental Impact Statement (EIS) is appropriate. The purpose of this notice is to notify individuals and agencies interested in or affected by the proposed project of SEA's decision to prepare an EIS and to initiate the formal scoping process. This notice also announces the availability of a draft scope of study and requests comments on the draft scope of study.

DATES: Comments are due by February 26, 2004.

Submitting Environmental Comments: If you wish to submit written comments regarding the attached proposed draft scope of study, please send an original and two copies to the Surface Transportation Board, Case Control Unit, 1925 K Street, NW., Washington, DC 20423-0001, to the attention of Rini Ghosh. Please refer to STB Finance Docket No. 34284 in all correspondence addressed to the Board.

FOR FURTHER INFORMATION CONTACT: Ms. Rini Ghosh, Section of Environmental Analysis, Surface Transportation Board,

1925 K Street, NW., Washington, DC 20423-0001, or 512-419-5941 (the project information line). Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339. The Web site for the Surface Transportation Board is <http://www.stb.dot.gov>.

SUPPLEMENTARY INFORMATION:

Background: By petition filed on February 27, 2003, SGR sought an exemption from the Board under 49 U.S.C. 10502 from the prior approval requirements of 49 U.S.C. 10901 for authority to construct and operate an approximately seven mile line of railroad in Medina County, TX. The proposed rail line would connect a proposed Vulcan Construction Materials, LP quarry and the Del Rio subdivision of the Union Pacific Railroad Company (UP) at milepost 250, near Dunlay, Texas. SGR would use the new rail line to transport limestone from the proposed quarry to the UP rail line, for shipment to markets in the Houston area, as well as other markets in the Southeast, Gulf Coast, and Rio Grande Valley regions of Texas. Although the primary purpose of the proposed construction is to provide rail service to the quarry site, SGR would hold itself out as a common carrier and provide service to other industries that might locate in the area in the future. In a decision served on May 19, 2003, the Board granted conditional approval to SGR's petition, subject to completion of the environmental review process.

Pursuant to the Board's responsibilities under the National Environmental Policy Act (NEPA), SEA has begun the environmental review of SGR's proposal by consulting with appropriate Federal, State, and local agencies, as well as SGR, and conducting technical surveys and analyses. SEA has also consulted with the Texas Historical Commission (THC) in accordance with the regulations implementing section 106 of the National Historic Preservation Act (NHPA) at 36 CFR part 800 and identified appropriate consulting parties to the section 106 process.

On October 10, 2003, SEA issued a Preliminary Cultural Resources Assessment report to the section 106 consulting parties for review and comment. The report set forth SEA's preliminary findings and recommendations regarding cultural resources in the proposed project area. THC, the consulting parties, and other individuals submitted comment letters in response to the report; many of the comments addressed environmental
