DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[CGD-13-04-033]

RIN 1625-AA87

Security Zone Regulations; Elliot Bay and Lake Washington, WA

AGENCY: Coast Guard, DHS. **ACTION:** Temporary final rule.

SUMMARY: The Coast Guard is establishing temporary security zones around the M/V ARGOSY VIRGINIA 5, M/V ARGOSY CELEBRATIONS AND P/C OLYMPUS while underway. anchored, or moored on Lake Washington, Washington. In addition, the Coast Guard is establishing temporary security zones around Pier 70 and Amgen located on Elliott Bay and the National Oceanographic and Atmospheric Administration (NOAA) Sandpoint Facility and Gates Residence located on Lake Washington. Entry into these zones is prohibited unless authorized by the Captain of the Port, Puget Sound or his designated representatives. The Coast Guard is establishing these temporary security zones around these waterways and these vessels to provide safety and security

during the National Governors
Association (NGA) Conference. The
Captain of the Port, Puget Sound,
Washington is taking this action to
safeguard the dignitaries, official
parties, VIP's and other participants
("attendees") attending the NGA
Conference from terrorism, sabotage, or
other subversive acts. Entry into these
zones is prohibited unless authorized by
the Captain of the Port.

DATES: This rule is effective from 11 a.m on July 17, through 2 a.m. on July 19 2004, unless sooner cancelled by the Captain of the Port.

ADDRESSES: Documents as indicated in this preamble are available for inspection or copying at the U.S. Coast Guard Marine Safety Office Puget Sound, 1519 Alaskan Way South, Building 1, Seattle, Washington 98134. Normal office hours are between 8 a.m. and 4 p.m., Monday through Friday, except federal holidays.

FOR FURTHER INFORMATION CONTACT: LTJG T.D. Thayer, c/o Captain of the Port Puget Sound, 1519 Alaskan Way South, Seattle, Washington 98134, (206) 217–6230.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Publishing a NPRM would be contrary to public interest. It is also in the public interest to have these regulations effective less than 30 days after publication. This rule is needed to provide for the security of the public, the NGA Conference and the conference attendees, and the safety of the waterways due to the potential for hostile and violent acts including from demonstrators protesting the NGA Conference. This Temporary Final Rule is necessary for the Coast Guard as well as other Federal, State and Local law enforcement officials to put appropriate security measures in place in time for the start of the NGA Conference. If normal notice and comment procedures were followed, national security could be compromised.

Background and Purpose

The Coast Guard is establishing temporary security zone regulations to safeguard designated vessels carrying NGA Conference attendees and the venue areas established for the attendees from potential terrorism, sabotage, or other subversive acts. These temporary security zones will mitigate these potential threats and are necessary to protect the public, conference attendees, law enforcement officers, maritime transportation infrastructure and the flow of commerce on these waterways. Representatives of the Captain of the Port Puget Sound, Washington will enforce these security zones. The Captain of the Port may be assisted by other federal, state and local agencies.

Discussion of Rule

This Temporary Final Rule establishes moving security zones around certain vessels that will be used to transport conference attendees. This Temporary Final Rule also establishes security zones in the navigable waters of the United States around four different venues located on Elliott Bay and Lake Washington. These security zones will control vessel movements in and around these zones and they are necessary to safeguard the NGA Conference attendees from terrorism, sabotage, or other subversive acts. The security zones established by this Temporary Final Rule are as follows: (1) All waters of Lake Washington, Washington State, within a 200 yard radius centered on the M/V ARGOSY VIRGINIA 5, M/V ARGOSY CELEBRATIONS AND P/C OLYMPUS while these vessels are underway, anchored, or moored; (2) all waters of Elliott Bay, Washington, within a 200 yard radius centered on 47°37.6′ N, 122°22.5′ W, near the Amgen facility, which is located between Pier 90/91 and the grain terminal; (3) all waters of Elliott Bay, Washington, within a 200 yard radius centered on 47°36.88′ N, 122°21.45′ W, which is the approximate location of the end of Pier 70; (4) all waters of Lake Washington, Washington State, within a 200 yard radius centered on 47°41.3′ N, 122°15.8′ W. which is the location of National Oceanographic and Atmospheric Administration's Sandpoint Facility; and (5) all waters of Lake Washington, Washington State, south of the Highway 520 floating bridge, which are enclosed by following points: 47°37′758″ N, 122°14′554″ W; 47°37′758″ N, 122°14′680″ W; 47°37′572″ N, 122°14′610″ W; 47°37′575″ N, 122°14′679" W [Datum: NAD 1983]. Entry into these security zones is prohibited unless authorized by the Captain of the Port.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory
