

Washington 98021-7266. This EUP allows the use of 70.85 pounds of the biochemical pesticide Harpin $\alpha\beta$ protein on 4,942 acres of citrus, cotton, field corn, ornamentals, peanut, rice, soybean, sugarcane, and wheat to evaluate the control of post harvest diseases, enhancing overall plant health, thus improving stand establishment and enhancing crop yield and quality. The program is authorized only in the States of Alabama, Arizona, Arkansas, Colorado, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Minnesota, Mississippi, Missouri, Nebraska, New Jersey, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Virginia, and Washington. The EUP is effective from April 26, 2004 to April 26, 2006. A tolerance has been established for residues of the active ingredient in or on all food commodities.

Authority: 7 U.S.C. 136c.

List of Subjects

Environmental protection,
Experimental use permits.

Dated: June 29, 2004.

Janet L. Andersen,

*Director, Biopesticides and Pollution
Prevention Division, Office of Pesticide
Programs.*

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7787-1]

Notice of Review of Water Quality Indicators and/or Rapid Measurement Technology

AGENCY: U.S. Environmental Protection Agency, National Health and Environmental Effects Research Laboratory.

ACTION: Notice.

SUMMARY: This review will be conducted, and the information collected, by the Epidemiology and Biomarkers Branch, Human Studies Division, National Health and Environmental Effects Research Laboratory, Office of Research and Development, U.S. Environmental Protection Agency (EPA). Product information packages collected for review are strictly voluntary. This notice is a result of Section 3(a)(v)(1) of the Beaches Environmental Assessment and Coastal Health Act of 2000 and the

strategic plan for EPA's Office of Research and Development (ORD) and the Office of Water entitled "Action Plan for Beaches and Recreational Water."

Current EPA guidelines (Section 303(c) Clean Water Act) recommend the use of cultural methods for *E. coli* and enterococci to measure recreational water quality. These methods produce results in 24 hours creating a delayed response for recreational water managers. This shortcoming in the current practices for measuring recreational water quality has led EPA to consider new technology and indicators that will provide rapid measurement of water quality (preferably 2 hours or less). This will give vendors the opportunity to showcase technology and determine needs for current industry.

Packages submitted should include the following information (if applicable):

1. Cost of the equipment/instrument?
2. Cost of supplies *per test* (List items needed with individual cost)?
3. Commercially available? How long has it been on the market? Are supplies commercially available?
4. Shipping time?
5. Is it portable? Laboratory or field use?
6. Skill level for operators? Do they need special training? Is it included in purchase?
7. Computer needed? Is it included? Specifications?
8. Specificity for target organisms? False-positive and false-negative rates?
9. Limit of detection?
10. Types of samples tested (primarily, but not limited to, types of water samples)?
11. Volume of sample required?
12. Detect live organisms?
13. Developed/validated method or experimental method?
14. Analysis time for one sample?
15. Preparation time for one sample?
16. How many samples can be analyzed per day?
17. Quality control procedures?
18. Is the system sterile? Cleaning and sanitization procedures?
19. References where equipment/instrument was used?
20. Data form (tables, graphs, etc.) and examples?
21. Can data be stored in the equipment/instrument, if portable?
22. Include brochures and pictures/photos/schematics.
23. Warranty and repair services?
24. Any distinctive elements that uniquely qualify this instrument or methods above others.

DATES: Review of information packages will begin on July 30, 2004. All

interested parties should submit packages on or before March 31, 2005.

FOR FURTHER INFORMATION CONTACT:

Elizabeth Sams, (919), 843-3161, FAX: (919) 966-0655, E-mail: sams.elizabeth@epa.gov, or by mailing a request Elizabeth Sams, U.S. EPA (MD 58-C), Research Triangle Park, NC 27711.

Dated: June 1, 2004.

Harold Zenick,

*Associate Director for Health, Office of
Research and Development.*

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Submitted to OMB for Review and Approval

June 29, 2004.

SUMMARY: The Federal Communications Commissions, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before August 13, 2004. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commission, Room 1-A804, 445 12th

Street, SW., Washington, DC 20554 or via the Internet to Leslie.Smith@fcc.gov or Kristy L. LaLonde, Office of Management and Budget (OMB), Room 10236 NEOB, Washington, DC 20503, (202) 395-3087 or via the Internet at Kristy_L._LaLonde@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copy of the information collection(s) contact Les Smith at (202) 418-0217 or via the Internet at Leslie.Smith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0967.

Title: Section 79.2, Accessibility of Programming Providing Emergency Information.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities; Individuals or households; Not-for-profit institutions; and State, local, or tribal governments.

Number of Respondents: 100.

Estimated Time per Response: 1 to 2 hours.

Frequency of Response: On occasion reporting requirements; Third party disclosure.

Total Annual Burden: 210 hours.

Total Annual Cost: \$18,000.

Privacy Impact Assessment: Yes.

Needs and Uses: 47 CFR 79.2 of the Commission's rules are designed to ensure that persons with hearing and visual disabilities have access to the critical details of emergency information. The Commission adopted the rules to assist persons with hearing disabilities on April 14, 2000, in the Second Report and Order in MM Docket No. 95-176. The Commission modified the rules to assist persons with visual disabilities on July 21, 2000, in the *Report and Order* in MM Docket No. 99-339. Because the Commission adopted its rules for persons with different disabilities at different times, it has previously provided separate Paperwork Reduction Act submissions for them as follows: Rules for persons with hearing disabilities are associated with OMB Control No. 3060-0945; and rules for persons with visual disabilities are associated with OMB Control No. 3060-0967. Because both sets of rules, however, make use of the same complaint procedure, which triggers the need for the submission, the Commission now consolidates its submission. 47 CFR 79.2(c) requires that complaints be transmitted to the Commission, and that each complaint include following: The name of the video programming distributor at issue; the date and time of the omission of the emergency information; and the type of

emergency. The Commission then notifies the video programming distributor, which must reply within 30 days. This revised information collection also includes a Privacy Impact Assessment to comply with OMB Memorandum M-03-22 (September 26, 2003).

OMB Approval Number: 3060-0698.

Title: Amendment of the Commission's Rules to Establish a Radio Astronomy Coordination Zone in Puerto Rico, ET Docket No. 96-2.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Businesses or other for-profit entities; Not for profit institutions; and State, local, or tribal government.

Number of Respondents: 515.

Estimated Time per Response: 35 minutes (avg.) (multiple responses annually).

Frequency of Response: On occasion reporting requirements; Third party disclosure.

Total Annual Burden: 300 hours.

Total Annual Costs: None.

Privacy Impact Assessment: No Impact(s).

Needs and Uses: On October 15, 1997, the FCC released a Report and Order, ET Docket No. 96-2, RM-8165, FCC 97-347, that established a Coordination Zone for new and modified radio facilities in various communications services that cover the islands of Puerto Rico, Desecheo, Mona, Vieques, and Culebra within the Commonwealth of Puerto Rico. The coordination zone and notification procedures enable the Arecibo Radio Astronomy Observatory to receive information needed to assess whether an applicant's proposed operations will cause harmful interference to the Arecibo Observatory's operations, which also promotes efficient resolution of coordination problems between the applicants and the Arecibo Observatory.

OMB Control Number: 3060-0029.

Title: Application for TV Broadcast Station License, FCC Form 302-TV.

Form Number: FCC 302-TV.

Type of Review: Revision of currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions.

Number of Respondents: 200.

Estimated Hours per Response: 1 to 2 hours.

Frequency of Response: On occasion reporting requirements.

Total Annual Burden: 500.

Total Annual Cost: \$203,000.

Privacy Impact Assessment: No impact(s).

Needs and Uses: Licensees and permittees of TV broadcast stations are required to file FCC Form 302-TV to obtain a new or modified station license, and/or to notify the Commission of certain changes in the licensed facilities of these stations. The Commission revised the FCC 302-TV in June 2001 to facilitate electronic filing by replacing narrative exhibits with the use of certifications and an engineering technical box. The Commission also deleted and narrowed overly burdensome questions. The FCC 302-TV has been supplemented with detailed instructions to explain processing standards and rule interpretations to help ensure that applicants certify accurately. These changes streamlined the Commission's processing of FCC 302-TV applications. FCC staff use the data to confirm that the station has been built to terms specified in the outstanding construction permit, and to update FCC station files. Data are then extracted from FCC 302-TV for inclusion in the subsequent license to operate the station.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.
