The existence, extent (*i.e.*, number of line miles for 2D or number of blocks for 3D) and type of such data and information must be clearly identified. The statement must include the name and phone number of a contact person, and an alternate, knowledgeable about the depth data sets (that were processed or reprocessed to correct for depth) used in evaluating the block. In the event such data and information includes data sets from different timeframes, you should identify only the most recent data set used for block evaluations.

The statement must also identify each block upon which a bidder participated in a bid but for which it does not possess or control such depth data and information.

Every bidder must submit a separate Geophysical Data and Information Statement in a sealed envelope. The envelope should be labeled "Geophysical Data and Information Statement for Oil and Gas Lease Sale 192" and the bidder's name and qualification number must be clearly identified on the outside of the envelope. This statement must be submitted to the MMS at the Gulf of Mexico Regional Office, Attention: Resource Evaluation (1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394) by 10 a.m. on Tuesday,

August 17, 2004. The statement may be submitted in conjunction with the bids or separately. Do not include this statement in the same envelope containing a bid. These statements will not be opened until after the public bid reading at Lease Sale 192 and will be kept confidential. An Example of Preferred Format for the Geophysical Data and Information Statement is included in the FNOS 192 Package.

Please refer to NTL No. 2003-G05 for more detail concerning submission of the Geophysical Data and Information Statement, making the data available to the MMS following the lease sale, preferred format, reimbursement for costs, and confidentiality.

A party granted access to BPI in the preliminary phase of the investigation need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.25 of the Commission's rules. The deadline for filing posthearing briefs is November 17, 2004; witness testimony must be filed no later than three days before the hearing. In addition, any person who has not entered an appearance as a party to the investigation may submit a written statement of information pertinent to the subject of the investigation on or before November 17, 2004. In the Matter of Certain Zero-Mercury-Added Alkaline Batteries, Parts Thereof, and Products Containing Same; Notice of Commission Decisions To Extend the Time To Determine Whether To Review an Initial Determination and To Extend the Target Date

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to extend to August 19, 2004, the time to determine whether to review the presiding administrative law judge's ("ALJ's") final initial determination ("ID") finding a violation of section 337 of the Tariff Act of 1930 in the above-captioned investigation. The Commission has also decided to extend the target date for completing the investigation to October 1, 2004.

this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 2, 2003, based on a complaint filed by Energizer Holdings, Inc. and Eveready Battery Company, Inc., both of St. Louis, Missouri. 68 FR 32771 (June 2, 2003). The complaint, as supplemented, alleged violations of section 337 of the Tariff Act of 1930 in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain zero-mercury-added alkaline batteries, parts thereof, and products containing same by reason of infringement of claims 1-12 of U.S. Patent No. 5,464,709 ("the '709 patent"). The complaint and notice of investigation named 26 respondents and were later amended to include an additional firm as a respondent. The investigation has been terminated as to claims 8-12 of the '709 patent. Several respondents have been terminated from the investigation for various reasons.

On June 2, 2004, the ALJ issued his final ID finding a violation of section 337. He also recommended the issuance of remedial orders. A number of the remaining respondents have petitioned for review of the ID. Complainants and the Commission investigative attorney have filed oppositions to those petitions.

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under the Resource Conservation and Recovery Act ("RCRA")

Consistent with Departmental policy, 28 CFR 50.7, notice is hereby given that on June 23, 2004, a proposed Consent Decree in *United States v. Flura Corporation, et al.* Civil Action No. 2:04-CV-00200 was lodged with the United States District Court for the Eastern District of Tennessee.

In this action the United States sought injunctive relief and penalties against Flura Corporation ("Flura") and Edward

Tyczkowski pursuant to the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act ("RCRA") Section 7003. The United States sought an injunction requiring Flura and Edward Tyczkowski to comply with Administrative Orders issued by EPA on June 17, 1999 and March 30, 2000, in order to abate an imminent and substantial endangerment to public health, welfare, and the environment connected with Flura's facility at 610 Rock Hill Road, Newport, Cocke County, Tennessee. The United States also sought civil penalties for Defendant's violations of the Administrative Orders pursuant to Section 7003(b) of RCRA, 42 U.S.C. 6973(b).

Due to the insolvency of Flura, and the confirmed inability to pay a penalty of Edward Tyczkowski, the proposed Consent Decree, which settles the liability of Flura and Mr. Tyczkowski for violations alleged in the Complaint, does not require the payment of any penalty. The proposed Consent Decree requires continued compliance with the EPA Administrative Orders and injunctive relief as to Edward Tyczkowski's handling, storage, treatment, transportation or disposal of solid or hazardous waste.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the proposed Consent Decree. Commenters may request an opportunity for a public meeting in the affected area, in accordance with Section 7003(d) of RCRA, 42 U.S.C. 6973(d). Comments should be addressed to the Assistant Attorney General, Environmental and Natural Resources Division, P.O. Box 7611, U.S. Department of Justice, Washington, D.C. 20044-7611, and should refer to *United States v. Flura Corporation, et al.*, D.J. Ref. 90-7-1-06889.

The proposed Consent Decree may be examined at the Office of the United States Attorney, 800 Market Street, Suite 211 Knoxville, TN 37902, and at U.S. EPA Region IV, 61 Forsyth Street, Atlanta, Georgia, 30303. During the public comment period the proposed Consent Decree may also be examined on the following Department of Justice Web site <http://www.usdoj.gov/enrd/open.html>. A copy of the proposed Consent Decree may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611 or by faxing or e-mailing a request to Tonia Fleetwood (tonia.fleetwood@usdoj.gov), fax no.
