[Program Announcement 04275]

**Expansion of HIV/AIDS, STD and TB Laboratory Activities at the Namibia Institute of Pathology (NIP) in the Republic of Namibia; Notice of Intent To Fund Single Eligibility Award**

**A. Purpose**

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2004 funds for a cooperative agreement program to improve national surveillance for HIV infection, sexually transmitted diseases (STDs), and Tuberculosis (TB); and the capacity of the Namibia Institute of Pathology (NIP) to provide services for diagnosing these diseases and others related to HIV infection and transmission in Namibia. The Catalog of Federal Domestic Assistance number for this program is 93.941.

**B. Eligible Applicant**

Assistance will be provided only to the Namibia Institute of Pathology.

The NIP is the only organization in Namibia qualified to collaborate with the Global AIDS Program (GAP) of CDC-Namibia because it has the legal authority, expertise and capacity to perform the key public health role of monitoring communicable diseases, such as AIDS, STD and TB. NIP has been charged by the Ministry of Health and Social Services (MOHSS) to serve as the national reference laboratory for

HIV, STD and TB, and to develop, implement and evaluate laboratory diagnostic and quality assurance activities related to these diseases. NIP has mechanisms in place to access information for, and the scientific expertise to apply these factors to, the development of laboratory capacity at the national and regional levels that will assist the government in its HIV, STD, and TB prevention programs. The major purpose of this announcement is to build upon the existing public health laboratory framework in Namibia. No other institution in the country has the capacity, legal mandate and expertise to accomplish this task.

**C. Funding**

Approximately \$1,200,000 is available in FY 2004 to fund this award. It is expected that the award will begin on or before September 1, 2004 and will be made for a 12-month budget period within a project period of up to five years. Funding estimates may change.

**D. Where To Obtain Additional Information**

**Office of Inspector General**

**Program Exclusions: June 2004**

**AGENCY:** Office of Inspector General, HHS.

**ACTION:** Notice of program exclusions.

During the month of June 2004, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusions is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, and all Federal Health Care programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment for items or services provided by an excluded party. Program beneficiaries remain free to decide for themselves whether they will continue to use the services of an excluded party even though no program payments will be made for items and services provided by that excluded party. The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.
