proposals, contact the appropriate EDA officer listed above. The text of the full FFO announcement can also be accessed at EDA's Web site: <http://www.eda.gov> and at <http://www.grants.gov>.

SUPPLEMENTARY INFORMATION:

Electronic Access: The full FFO announcement for this competitive solicitation with respect to the FY 2004 NTA Program is available through EDA's Web site, <http://www.eda.gov>, and through Grants.gov at <http://www.grants.gov>.

Funding Availability: EDA may use funds appropriated under Public Law 108-199 for the NTA Program. Funds in the amount of \$805,000 are available for the NTA Program and funds in the amount of \$495,000 have been appropriated for the Research and Evaluation Program for FY 2004. The funds made available for both Programs are available until expended. Awards under this competitive solicitation will be in the form of grants or cooperative agreements, with cooperative agreements being used where there is substantial collaboration between the EDA NTA Program staff and the recipient of an award. For example, a cooperative agreement will be used if there is substantial collaboration between EDA Program staff and the recipient of an information dissemination award in the selection of topics and presenters for satellite telecasts and regional policy forums.

Statutory Authority: Public Works and Economic Development Act of 1965, as amended (Pub. L. 89-136, 42 U.S.C. 3121 *et seq.*), and as further amended by the Economic Development Administration Reform Act of 1998 (Pub. L. 105-393) (PWEDA).

CFDA: 11.303 Economic Development—Technical Assistance; 11.312 Economic Development—Research and Evaluation.

Eligibility: Eligible applicants and eligible recipients of EDA financial assistance as defined in 13 CFR 300.2, including private individuals and for-profit organizations.

Cost Sharing Requirements: Ordinarily the amount of the EDA grant may not exceed 50 percent of the cost of the project. See 13 CFR 301.4(a), 307.11(c)(1). While cash contributions are preferred, the project's non-Federal share may consist of in-kind contributions, fairly evaluated by EDA, such as contributions of space, equipment and services. 13 CFR 301.4(a). In-kind contributions must be eligible project costs and meet applicable Federal cost principles and uniform administrative requirements.

Id. EDA may supplement the costs of a project up to and including 100 percent of such project costs where the applicant is able to demonstrate that the project (i) is not feasible without EDA supplementation, and (ii) otherwise warrants EDA supplementation. 13 CFR 307.11(c)(1), (2). EDA may also supplement the costs of a project where the applicant is able to demonstrate that the applicant's overall economic situation precludes its contribution of the non-Federal share otherwise required for the project. 13 CFR 307.11(c)(1)(i), 301.4(b). Potential applicants should contact the appropriate EDA office to make this determination.

Intergovernmental Review: Applications under the NTA Program are not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

Evaluation and Selection Procedures: To apply for an award under this request, an eligible applicant must submit a proposal to EDA during the specified timeframe and in the manner provided by this solicitation. Proposals that do not meet all items required or that exceed the page limitations set forth in the FFO will be considered non-responsive and will not be considered by the review panel. Proposals that meet all the requirements will be evaluated by a review panel comprised of at least three members, all of whom will be full-time Federal employees. The panel first evaluates the proposals using (a) the general evaluation criteria set forth in 13 CFR 304.1 and 13 CFR 304.2, and (b) the supplemental evaluation criteria (Investment Policy Guidelines) set forth below. The Assistant Secretary of Commerce for Economic Development is the Selecting Official and will normally follow the recommendation of the review panel. However, the Assistant Secretary may not make any selection, or he may substitute one of the lower rated proposals, if he determines that it better meets the overall objectives of PWEDA.

A. Evaluation Criteria

Proposals that meet these threshold criteria will subsequently be evaluated by the review panel using the following criteria of approximate equal weight:

1. The quality of a proponent's response to deliverables set forth in Section II. above;
2. The ability of the proponent to successfully carry out the proposed activities; and
3. Cost to the Federal Government.

B. Supplemental Evaluation Criteria—Investment Policy Guidelines

EDA's mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy. Accordingly, all potential EDA investments will be analyzed using the following five Investment Policy Guidelines, which constitute supplemental evaluation criteria of approximate equal weight and which further define the criteria provided at 13 CFR 304.2:

1. *Be market-based and results driven.* An investment will capitalize on a region's competitive strengths and will positively move a regional economic indicator measured on EDA's Balanced Scorecard, such as: an increased number of higher-skill, higher-wage jobs; increased tax revenue; or increased private sector investment.

2. *Have strong organizational leadership.* An investment will have strong leadership, relevant project management experience, and a significant commitment of human resources talent to ensure a project's successful execution.

3. *Advance productivity, innovation, and entrepreneurship.* An investment will embrace the principles of entrepreneurship, enhance regional clusters, and leverage and link technology innovators and local universities to the private sector to create the conditions for greater productivity, innovation, and job creation.

4. *Look beyond the immediate economic horizon, anticipate economic changes, and diversify the local and regional economy.* An investment will be part of an overarching, long term comprehensive economic development strategy that enhances a region's success in achieving a rising standard of living by supporting existing industry clusters, developing emerging new clusters, or attracting new regional economic drivers.

5. *Demonstrate a high degree of commitment by exhibiting:* (a) High levels of local government or non-profit matching funds and private sector leverage; (b) clear and unified leadership and support by local elected officials; and (c) strong cooperation between the business sector, relevant regional partners and local, state and federal governments.

Announcement and Award Dates: By September 9, 2004, EDA will notify proponents whether they will be given further funding consideration and will invite successful proponents to submit a

Form ED-900A, Research and National Technical Assistance, OMB Control Number 0610-0094. There is no guarantee that successful proponents will receive funding. The projects selected for funding should expect to receive funding by September 30, 2004. Proposals that were not recommended for funding will be retained by EDA for no longer than three years from the date of receipt.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 28-2004]

Foreign-Trade Zone 227, Durant, OK, Proposed Foreign-Trade Subzone, TPI Petroleum, Inc. (Oil Refinery Complex), Ardmore, OK

An application has been submitted to the Foreign-Trade Zones Board (the Board) by Rural Enterprises of Oklahoma, Inc., grantee of FTZ 227, requesting special-purpose subzone status for the oil refinery complex of TPI Petroleum, Inc. (TPI), a subsidiary of Valero Energy Corporation, located at three sites in the Ardmore, Oklahoma, area. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on July 13, 2004.

The TPI refinery complex is located at 3 sites in the Ardmore, Oklahoma, area, some 100 miles south of Oklahoma City: *Site 1* (85,000 BPD capacity, 2,730,000 barrel storage capacity, 737.45 acres)—main refinery complex, located at Highway 142 Bypass and E. Cameron Road (Carter County); *Site 2* (20.03 acres, 2 tanks, 184,000 barrel total crude storage capacity)—Wesson Storage Terminal, located at 13798 Prairie Valley Road, (Carter County), some 13 miles west of the refinery; and, *Site 3* (22.25 acres, 2 tanks, 160,000 barrel total finished product storage capacity)—Wynnewood Storage Terminal, State Highway 17A and Froman Lane (Murray County), some 35 miles north of the refinery. The refinery complex is adjacent to the Dallas/Fort Worth Customs port of entry.

TPI's Ardmore refinery (260 employees) is used to produce fuels and other petroleum products. Products include gasoline, jet fuel, distillates, residual fuels, naphthas, motor fuel blendstocks, LPGs, petroleum coke and sulfur. Some 80 percent of the crude oil (75 percent of inputs) is sourced abroad. The company is also requesting to import certain intermediate inputs (naphthas and gas oils) under FTZ procedures.

Zone procedures would exempt the refinery from Customs duty payments on the foreign products used in its

exports. On domestic sales, the company would be able to choose the Customs duty rates that apply to certain petrochemical products and refinery by-products (duty-free) by admitting incoming foreign inputs (crude oil, natural gas condensate, gas oil, naphtha) in non-privileged foreign status. The duty rates on inputs range from 5.25¢/barrel to 10.5¢/barrel. The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. *Submissions Via Express/Package Delivery Services:* Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St. NW., Washington, DC 20005; or

2. *Submissions Via the U.S. Postal Service:* Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave. NW., Washington, DC 20230.

The closing period for their receipt is September 24, 2004. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period until October 12, 2004.

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address Number 1 listed above, and at the U.S. Department of Commerce Export Assistance Center, 301 NW., 63rd Street, Suite 330, Oklahoma City, Oklahoma 73116.

Dated: July 15, 2004.

Executive Secretary.
