

DEPARTMENT OF AGRICULTURE**Natural Resources Conservation Service****Notice of Proposed Changes to Section IV of the Field Office Technical Guide (FOTG) of the Natural Resources Conservation Service in Indiana**

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice of availability of proposed changes in Section IV of the FOTG of the NRCS in Indiana for review and comment.

SUMMARY: It is the intention of NRCS in Indiana to issue three revised conservation practice standards in Section IV of the FOTG. The revised standards are: Fire Break (394), Land Reconstruction, Abandoned Mined Land (543) and Land Reconstruction, Currently Mined Land (544). These practices may be used in conservation systems that treat highly erodible land and/or wetlands.

DATES: Comments will be received for a 30-day period commencing with this date of publication.

ADDRESSES: Address all requests and comments to Jane E. Hardisty, State Conservationist, Natural Resources Conservation Service (NRCS), 6013 Lakeside Blvd., Indianapolis, Indiana 46278. Copies of this standard will be made available upon written request. You may submit your electronic requests and comments to Darrell.brown@in.usda.gov.

FOR FURTHER INFORMATION CONTACT: Jane E. Hardisty, telephone 317-290-3200.

SUPPLEMENTARY INFORMATION: Section 343 of the Federal Agriculture Improvement and Reform Act of 1996 states that after enactment of the law, revisions made to NRCS state technical guides used to carry out highly erodible land and wetland provisions of the law, shall be made available for public review and comment. For the next 30 days, the NRCS in Indiana will receive comments relative to the proposed changes. Following that period, a determination will be made by the NRCS in Indiana regarding disposition of those comments and a final determination of changes will be made.

Dated: July 19, 2004.

DEPARTMENT OF COMMERCE**Submission For OMB Review; Comment Request**

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Current Population Survey (CPS), October 2004 School Enrollment Supplement.

Form Number(s): The CPS is conducted by personal or telephone interview using laptop computers.

There is no paper questionnaire.

Agency Approval Number: 0607-0464.

Type of Request: Revision of a currently approved collection.

Burden: 7,600 hours.

Number of Respondents: 57,000.

Avg Hours Per Response: 8 minutes.

Needs and Uses: The U.S. Census Bureau requests clearance for the supplemental inquiry concerning school enrollment to be conducted in conjunction with the Current Population Survey (CPS) October 2004 Supplement. The School Enrollment Supplement is jointly sponsored by the U.S. Census Bureau, the Bureau of Labor Statistics (BLS), and the National Center for Education Statistics (NCES). The basic school enrollment questions have been collected annually in the CPS for 40 years. In October 2004, the School Enrollment Supplement will include not only the basic items, but also additional NCES-sponsored items on grade retention, English proficiency, and disabilities (asked of all adults aged 15-24 and children aged 3 years or older), as well as school attendance in the United States (asked of foreign-born adults). In prior October supplements, we have asked similar questions to those that we are requesting for 2004.

This data series provides basic information on enrollment status of various segments of the population necessary as background for policy formation and implementation. The CPS October supplement is the only annual source of data on public/private elementary and secondary school enrollment and characteristics of private school students and their families, which are used for tracking historical trends and for policy planning and support. It is the only source of national data on the age distribution and family characteristics of college students and the only source of demographic data on preprimary school enrollment. As part of the federal government's efforts to

collect data and provide timely information to local governments for policymaking decisions, this supplement provides national trends in enrollment and progress in school. Discontinuance of these data would mean not complying with the federal government's obligation to provide data to decision makers on current educational issues and would disrupt a data series that has been in existence for 40 years.

Affected Public: Individuals or households.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., Section 182 and Title 29 U.S.C., Sections 1-9.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer either by fax (202-395-7245) or email (susan_schechter@omb.eop.gov).

Dated: July 29, 2004.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to George Ipock, BIS ICB Liaison, (202) 482-5569, Department of Commerce, Room 6622, 14th and Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

I. Abstract

The primary purpose of this proposed collection of information is to establish a new and expedited export license type developed specifically for exports and reexports of controlled items destined to civil infrastructure rebuilding projects in Iraq. The name given this license type is the Special Iraq Reconstruction License or SIRL. The information furnished by U.S. exporters provides the basis for decisions to grant licenses for export, reexport, and classifications of commodities, goods and technologies that are controlled for reasons of national security and foreign policy.

II. Method of Collection

Submitted on form BIS-748P or electronically through the Simplified Network Application Process (SNAP).

III. Data

OMB Number: 0694-0129.

Form Number: BIS-748P.

Type of Review: Regular submission for extension of a currently approved collection.

Affected Public: Individuals, businesses or other for-profit and not-for-profit institutions.

Estimated Number of Respondents: 25.

Estimated Time Per Response: 3 to 3.5 hours per response.

Estimated Total Annual Burden Hours: 88.

Estimated Total Annual Cost: No start-up capital expenditures.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information

on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they will also become a matter of public record.

Dated: July 30, 2004.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Defense Production Act Amendments of 1992, Section 123 (Pub. L. 102558), which amended Section 309 or the Defense Production Act of 1950, requires United States firms to furnish information for a variety of defense industrial base studies and reports undertaken by the Bureau of Industry and Security (BIS) within the U.S. Department of Commerce. The

information to be collected regarding foreign defense procurement practices will be used by the Bureau of Industry and Security to assess the defense procurement policies of allied nations in an effort to ensure a competitive environment for U.S. defense firms in the global defense market. This assessment is within the scope of BIS's core functions to develop, promote, and implement policies that ensure a strong technologically superior U.S. defense industrial base. To ensure that U.S. industry has the capacity to meet current and future national security, economic security, and homeland security requirements, BIS conducts analyses of defense sectors important to the national defense, promotes U.S. defense exports, and monitors U.S. defense industry access to foreign markets.

II. Method of Collection

Electronic Survey to be sent to 150 U.S. suppliers to the U.S. Department of Defense. The information will be compiled into a report for use by U.S. Government officials.
