

from Mexinox. We note that for these preliminary results we have not used an adverse inference, as provided under section 776(b) of the Act, to calculate a margin on Ken-Mac's "unattributable" sales.

Currency Conversion

We made currency conversions into U.S. dollars based on the exchange rates in effect on the dates of the U.S. sales, as certified by the Federal Reserve Bank, in accordance with section 773A(a) of the Act.

Preliminary Results of Review

As a result of our review we preliminarily determine the following weighted-average dumping margin exists for the period July 1, 2002 through June 30, 2003:

Manufacturer/exporter	Weighted average margin (percent)
ThyssenKrupp Mexinox S.A. de C.V.	5.97

The Department will disclose calculations performed within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). An interested party may request a hearing within thirty days of publication. See 19 CFR 351.310(c). Any hearing, if requested, will be held 37 days after the date of publication, or the first business day thereafter, unless the Department alters the date per 19 CFR 351.310(d). Interested parties may submit case briefs or written comments no later than 30 days after the date of publication of these preliminary results of review. Rebuttal briefs and rebuttals to written comments, limited to issues raised in the case briefs and comments, may be filed no later than 35 days after the date of publication of this notice. Parties who submit argument in these proceedings are requested to submit with the argument: (1) A statement of the issue, (2) a brief summary of the argument and (3) a table of authorities. Further, we would appreciate it if parties submitting case briefs, rebuttal briefs, and written comments would provide the Department with an additional copy of the public version of any such argument on diskette. The Department will issue final results of this administrative review, including the results of our analysis of the issues in any such case briefs, rebuttal briefs, and written comments or at a hearing, within 120 days of publication of these preliminary results.

Upon completion of this administrative review, the Department

shall determine, and CBP shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we will calculate importer-specific *ad valorem* assessment rates for the merchandise based on the ratio of the total amount of antidumping duties calculated for the examined sales made during the POR to the total customs value of the sales used to calculate those duties. This rate will be assessed uniformly on all entries of that particular importer made during the POR. The Department will issue appropriate appraisement instructions directly to CBP upon completion of the review.

Furthermore, the following deposit requirements will be effective upon completion of the final results of this administrative review for all shipments of S4 in coils from Mexico entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Act:

(1) The cash deposit rate for Mexinox will be the rate established in the final results of review;

(2) If the exporter is not a firm covered in this review or the less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and

(3) If neither the exporter nor the manufacturer is a firm covered in this or any previous review, or the LTFV investigation conducted by the Department, the cash deposit rate will be the "all others" rate from the investigation (30.85 percent). See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order; Stainless Steel Sheet and Strip in Coils from Mexico*, 64 FR 40560, 40562 (July 27, 1999).

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 29, 2004.

Jeffrey A. May,

Acting Assistant Secretary for Import Administration.

Notice of Antidumping Duty Order: Tetrahydrofurfuryl Alcohol From The People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: Pursuant to section 736(a) of the Tariff Act of 1930, as amended, the Department of Commerce ("the Department") is issuing an antidumping duty order on Tetrahydrofurfuryl Alcohol from The People's Republic of China.

EFFECTIVE DATE: August 6, 2004.

FOR FURTHER INFORMATION CONTACT:

Catherine Bertrand, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3207.

Scope of Order

The product covered by this order is tetrahydrofurfuryl alcohol (C₅H₁₀O₂) ("THFA"). THFA, a primary alcohol, is a clear, water white to pale yellow liquid. THFA is a member of the heterocyclic compounds known as furans and is miscible with water and soluble in many common organic solvents. THFA is currently classifiable in the Harmonized Tariff Schedules of the United States ("HTSUS") under subheading 2932.13.00.00. Although the HTS subheadings are provided for convenience and for customs purposes, the Department's written description of the merchandise subject to the order is dispositive.

Background

In accordance with section 735(a) of the Act, the Department made its final determination that THFA from the People's Republic of China ("PRC") is being sold at less than fair value. See *Notice of Final Determination of Sales at Less Than Fair Value: Tetrahydrofurfuryl Alcohol From The People's Republic of China*, 69 FR 34130 (June 18, 2004).

Antidumping Duty Order

On July 29, 2004, in accordance with section 735(d) of the Act, the International Trade Commission ("the Commission") notified the Department of its final determination pursuant to section 735(b)(1)(A)(i) of the Act that an industry in the United States is materially injured by reason of less-than-fair-value imports of subject merchandise from the PRC. Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection ("CBP") to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price of the merchandise for all relevant entries of THFA from the PRC. These antidumping duties will be assessed on all unliquidated entries of THFA from the PRC entered, or withdrawn from the warehouse, for consumption on or after January 27, 2004, the date on which the Department published its *Notice of Preliminary Determination of Sales at Less Than Fair Value: Tetrahydrofurfuryl Alcohol From The People's Republic of China*, 69 FR 3887 (January 27, 2004).

Section 733(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months except where exporters representing a significant proportion of exports of the subject merchandise request the Department to extend that four-month period to no more than six months. At the request of exporters that account for a significant proportion of THFA, we extended the four-month period to no more than six months. See *Notice of Postponement of Final Determination of Antidumping Duty Investigation: Tetrahydrofurfuryl Alcohol From The People's Republic of China*, 69 FR 12127 (March 15, 2004). In this investigation, the six-month period beginning on the date of the publication of the preliminary determination ends on July 27, 2004. Furthermore, section 737 of the Act states that definitive duties are to begin on the date of publication of the ITC's final injury determination. Therefore, in accordance with section 733(d) of the Act and our practice, we will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of THFA from the PRC entered, or withdrawn from warehouse, for consumption on or after July 27, 2004, and before the date of publication of the ITC's final injury determination in the

Federal Register. Suspension of liquidation will continue on or after this date.

On or after the date of publication of the Commission's notice of final determination in the **Federal Register**, CBP will require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated weighted-average antidumping duty margins as listed below. The "PRC-wide" rate applies to all exporters of subject merchandise not specifically listed. The weighted-average dumping margins are as follows:

Manufacturer/exporter	Weighted-average margin (percent)
Qingdao Wenkem (F.T.Z.) Trading Co., Ltd	136.86
PRC-Wide	136.86

This notice constitutes the antidumping duty order with respect to THFA from the PRC pursuant to section 735(a) of the Act. Interested parties may contact the Department's Central Records Unit, Room B-099 of the main Commerce building, for copies of an updated list of antidumping duty orders currently in effect.

This order is published in accordance with section 736(a) of the Act and 19 CFR 351.211.

Dated: August 2, 2004.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.
