Diazinon; Product Registrations Cancellation Order

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's cancellation order for the cancellations, as requested by registrants, of all outdoor non-agricultural end-use products containing diazinon [*O,O*-Diethyl *O*-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate] and accepted by EPA, pursuant to section 6(f) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This order follows up a December 10, 2003 Notice of Receipt of Requests from diazinon registrants for cancellations of all of their diazinon outdoor non-agricultural end-use product registrations. In the December 10, 2003 Notice, EPA indicated that it would issue an order granting the voluntary product registration cancellations, unless the Agency received substantive comments within

the 180 day comment period that would merit its further review of these requests. The Agency did not receive any comments on the Notice. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is only permitted in accordance with the terms of the existing stocks provisions of this cancellation order.

DATES: The cancellations are effective immediately.

FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, the Administrator may approve such a request.

V. Provisions for Disposition of Existing Stocks
